For all income categories, the income limits for households larger than eight persons are determined as follows: For each person in excess of eight, add eight percent of the four-person "50%" limit to the "50%" limit for eight persons and round the answer to the nearest \$50. For example, the nine-person "50%" limit for Yuba County equals \$41,260 ( $\$29,450 \times 0.08 = \$2,356$ , added to  $\$38,900 = \$41,256$ , rounded to  $\$41,260$ ).

\* Percentages may not be mathematically related to each other. Percents are used as names for the categories because programs' actual names for limits differ.
