California COVID-19 Rent Relief Program Monthly Report to Joint Legislative Budget Committee – September 2023

Highlights and Milestones

Through the end of September 2023, the California COVID-19 Rent Relief program¹ has provided over \$5.61 billion in rent and utility assistance to eligible households statewide. Together, the state-administered and locally hosted Emergency Rental Assistance (ERA) programs have helped more than 487,300 California households, providing nearly 86 percent of the assistance to households with incomes at or below 50 percent of the area median.

The state-administered program has, through the end of September 2023, delivered approximately \$4.67 billion in financial assistance to over 366,700 renter households, preventing homelessness and providing stability to roughly 770,200 Californians. Of the \$4.67 billion in assistance, over \$1.61 billion², or roughly 35 percent, represents amounts paid with dollars from the state's Cashflow Loan Program.

In addition to the direct assistance provided by the state-administered program, locally administered programs have helped more than 120,500 households by providing over \$932.2 million in emergency assistance from state block grants and Cashflow Loan funds. Collectively, the local programs have expended nearly 98 percent of the \$977.2 million in ERA1³ and ERA2⁴ block grants the Department of Housing and Community Development (HCD) has disbursed to jurisdictions operating local programs (i.e., Option B).

As it became clear that demand for rent and utility assistance in California exceeded the original federal ERA1 and ERA2 grant awards, HCD submitted requests for additional funding to the United States Department of the Treasury (Treasury) at every opportunity.⁵ To date, Treasury has announced eight tranches of approximately \$603 million in reallocated ERA1 and ERA2 funds for the state-administered program.

Several local jurisdictions in California also submitted reallocation requests to Treasury. At the time of this report, 16 locally administered programs had received additional funds

¹ This project is being supported, in whole or in part, by federal award numbers ERA0003 and ERAE0060 awarded to the California Department of Housing and Community Development by the U.S. Department of the Treasury.

² Total reported expenditures of Cashflow Loan funds through September are slightly lower than the prior month. The state-administered program recharacterized certain expenditures from Cashflow Loan to federal ERA2 as allowed under grant administration guidance.

³ "ERA1" refers to Emergency Rental Assistance awards provided by Treasury pursuant to section 501 of the Consolidated Appropriations Act, 2021.

⁴ "ERA2" refers to Emergency Rental Assistance awards issued by Treasury pursuant to section 3201 of the American Rescue Plan Act.

⁵ U.S. Treasury, "Reallocation Guidance," *Emergency Rental Assistance Program* (Oct. 4 and Oct. 25, 2021), <https://home.treasury.gov/policy-issues/coronavirus/assistance-for-state-local-and-tribal-governments/emergency-rental-assistance-program> (as of Oct. 31, 2021).

through ERA1 and ERA2 reallocations, totaling approximately \$77.2 million in added federal funding.

Cashflow Loans

SB 115 (Chapter 2, Statutes of 2022) provides authority for the Department of Finance to authorize the use of short-term cashflow loans to both the state-administered program and to eligible local jurisdictions administering their own Emergency Rental Assistance programs (Option B jurisdictions) pursuant to Chapter 17 (commencing with Section 50897) of Division 31 of Part 2 of the Health and Safety Code. The Cashflow Loan program is premised on the need for the state and local programs to have sufficient resources to continue to assist pending, eligible applications received by March 31, 2022, in anticipation of additional federal resources being made available. Expenditures from the State General Fund Cashflow Loan are referenced throughout the remainder of this report where appropriate.

Fund Recapture and Reallocation

HCD has been closely evaluating the performance of Option B jurisdictions that received ERA2 state block grants or cashflow loans. Many locally administered rental assistance programs stopped accepting new applications in 2022 and worked to fully process all eligible applications. HCD monitored each Option B program's need for funding and worked to collect unused state block grant funds from jurisdictions as they closed their rental assistance programs. Unused state block grant funds are reallocated to jurisdictions with unmet needs, including jurisdictions covered by the state-administered program. Further details of the obligations and expenditures by jurisdiction are listed in the section titled Locally Administered Programs - Option B Jurisdictions – ERA2 Funds beginning on page 11.

Statutory Basis for Report

(1) Pursuant to Section 50897.4 of the Health and Safety Code, the Department shall submit to the Joint Legislative Budget Committee, on a monthly basis for the duration of the program, a report that provides programmatic performance metrics for funds administered pursuant to this chapter. The report shall include, at minimum, the following information:

(A) Obligation of funds for assistance provided under this chapter:

- In total, over \$5.61 billion obligated to rent and utility assistance statewide.
- \$4.69 billion in funds obligated from federal ERA1, ERA2, and State General Fund Cashflow Loan for eligible uses related to jurisdictions in the State-Administered Program (Option A) as of 9/30/2023.
- \$977.2 million of the state allocation reserved for use by locally administered programs (Option B) as of 9/30/2023.
- \$964.6 million in State Block Grant funds reported obligated by locally administered programs (Option B) for eligible uses and administrative expenses as of 9/30/2023.

(B) Expenditure of funds for assistance provided under this chapter:

- In total, almost \$5.60 billion expended for rent and utility assistance statewide.
- \$3.1 billion in federal ERA1 and ERA2 funds expended on behalf of jurisdictions in the State-Administered Program (Option A) as of 9/30/2023.
- \$1.61 billion of State General Fund Cashflow Loan expended for rent and utilities arrearage assistance related to jurisdictions in the State-Administered Program (Option A) as of 9/30/2023.
- \$955.0 million in State Block Grant funds reported expended by locally administered programs (Option B) for eligible uses and administrative expenses as of 9/30/2023.

(C) Expenditure by eligible uses for assistance provided pursuant to this chapter:

- All expenditures were applied to eligible uses as listed in the tables provided on the following pages of this report.

(D) Reallocation of funds, if any, for assistance provided pursuant to this chapter:

- Please refer to Fund Recapture and Reallocation beginning on page 2.

(E) Geographic distribution of funds provided pursuant to Section 50897.3 of the Health and Safety Code:

- Please refer to Geographic Distribution of Funds tables beginning on page 7.

(F) For the first monthly report submitted pursuant to this section only, an overview of which jurisdictions have elected to participate in the state rental assistance programs as provided in Sections 50897.2 and 50897.3, respectively:

- This information was provided in the first monthly report, dated June 4, 2021.

California COVID-19 Rent Relief State Rental Assistance Program

Monthly Report to Joint Legislative Budget Committee – September 30, 2023

Obligations, Expenditures, and Eligible Uses of Funds

State-Administered Program - Option A Jurisdictions – ERA1 and ERA2 Federal Funds
 Values reflect HCD’s use of ERA1 and ERA2 federal allocations and state reservations administered by the state on behalf of the jurisdictions under Option A, including jurisdictions previously listed as Option B or Option C. Beginning in March 2022, the state-administered program also utilized resources from the State General Fund as authorized.

	Rent	Utilities	Total
Funds obligated for arrears ^{iv}	\$4,176,000,300.17	\$166,976,764.12	\$4,342,977,064.29
Funds expended for arrears by income level	\$2,678,752,038.56	\$56,147,263.71	\$2,734,899,302.27

Lassen County	\$1,233,060.91	\$13,022.94	\$94,763.96	\$-	\$1,227,307.91	\$13,022.94	\$94,763.96	\$-
Los Angeles City*	\$1,301,325,796.69	\$56,528,832.85	\$79,390,838.73	\$-	\$1,299,008,427.99	\$56,528,832.85	\$79,390,838.73	\$-

⁶ The state-administered program realigned the categorization of certain funding obligations to accurately reflect the category of the actual expenditures. For example, the program had set aside funds approved for future utility payments for eligible households though the program typically disbursed payments only after confirming actual household utility costs. Overall obligations increased although the Prospective Utility obligations declined.
