INFORMATIVE DIGEST

Summary of Existing Laws

Section 17921 of the Health and Safety Code and Section 12955.1 of the Government Code require HCD to propose the adoption, amendment, or repeal of building standards by the CBSC.

Section 17922 of the Health and Safety Code requires that the building standards be essentially the same as the most recent editions of the uniform industry codes. The CBSC is authorized to adopt these building standards under the authority granted by Health and Safety Code Section 18949.5.

Health and Safety Code Section 17922 states that the most recent editions of the uniform codes referred to in the section shall be considered to be adopted one year after the date of publication of the uniform codes.

Health and Safety Code Section 17040 requires HCD to adopt building standards for employee housing for "... the protection of the public health, safety, and general welfare of employees and the public, governing the erection, construction, enlargement, conversion, alteration, repair, occupancy, use, sanitation, ventilation, and maintenance of all employee housing."

Health and Safety Code Section 19990 requires HCD to adopt building standards for factory-built housing.

Health and Safety Code Sections 18300 and 18865 require HCD to adopt building standards for mobilehome parks and special occupancy parks.

Summary of Existing Regulations

The California Residential Code, Part 2.5 of Title 24 of the California Code of Regulations (CCR), also known as the California Building Standards Code, adopted by reference the 2012 International Residential Code (IRC) with California amendments, effective on January 1, 2014.

Summary of Effect

HCD proposes to adopt by reference the 2015 edition of the IRC, with California amendments, into Part 2.5, Title 24 of the California Code of Regulations for the following programs:

- (a) State Housing Law: relative to residential occupancies, buildings or structures accessory thereto and as provided for through the Federal Fair Housing Amendment Act's and state law accessibility requirements, except where the application is for public use only.
- (b) Employee Housing Act: relative to the use of any buildings or structures on the property in accordance with Health and Safety Code Section 17040.
- (c) Mobilehome Parks and Special Occupancy Parks: relative to the design or construction of permanent buildings and accessory buildings and structures within the park in accordance with Health and Safety Code Sections 18300 and 18865.
- (d) Factory-built Housing Law: relative to residential buildings, dwellings or portions thereof, or building component, or manufactured assemblies in accordance with Health and Safety Code Section 19990.

The amendments provide consistency with model code format, state and federal laws and regulations, and conditions unique to California. In addition, the amendments provide clarity and specificity, and give direction for the code user.

Comparable Federal Statute or Regulations

None.

Policy Statement Overview

The proposed regulations will adopt, amend or repeal existing building standards to establish the minimum requirements necessary to safeguard the public health, safety and general welfare through structural strength, means of egress facilities, stability, sanitation, accessibility, use and occupancy, adequate light and ventilation, energy conservation, and safety to life and property from fire and other hazards attributed to the built environment regarding one- and two- family dwellings and townhouses.

The benefits anticipated from this proposed regulatory action include updating building standards, which will result in the protection of public health and safety, worker safety, the environment and general welfare of California residents. Also, providing the most recent methods and applying those building standards on a statewide basis, as required by statute, results in uniformity and promotes affordable costs.

Evaluation of consistency

HCD has determined that the proposed regulations are not inconsistent or incompatible with existing state regulations.

OTHER MATTERS PRESCRIBED BY STATUTE APPLICABLE TO THE AGENCY OR TO ANY SPECIFIC REGULATION OR CLASS OF REGULATIONS

None.

MANDATE ON LOCAL AGENCIES OR SCHOOL DISTRICTS

HCD has determined that the proposed regulatory action would not impose a mandate on local agencies or school districts; and therefore, does not mandate state reimbursement pursuant to Part 7 (commencing with Section 17500) of Division 4 of the Government Code.

ESTIMATE OF COST OR SAVINGS

- A. Cost or Savings to any state agency: Health and Safety Code Section 17921 requires HCD to propose the adoption, amendment or repeal of building standards to the Commission pursuant to the provisions of Chapter 4 (commencing with Section 18935) of Part 2.5 of the Government Code. Part 2.5 of the Government Code requires state agencies to ensure that regulatory language meets the requirements of clarity and non-duplication. This proposed rulemaking incorporates specific provisions into one location with the California Building Standards Code to meet these requirements. This action will result in a minimal cost to HCD which will be absorbed in the current budget.
- B. Cost to any local agency required to be reimbursed under Part 7 (commencing with Section 17500) of Division 4: **NONE.**
- C. Cost to any school district required to be reimbursed under Part 7 (commencing with Section 17500) of Division 4: **NONE.**
- D. Other nondiscretionary cost or savings imposed on local agencies: **NONE.**
- E. Cost or savings in federal funding to the state: **NONE.**

Estimate: HCD believes that any additional expenditure resulting from this proposed action will be minimal and will be able to be absorbed within existing budgets and resources.

INITIAL DETERMINATION OF SIGNIFICANT STATEWIDE ADVERSE ECONOMIC IMPACT ON BUSINESSES

HCD has made an initial determination that the proposed action will not have a significant statewide adverse economic impact on businesses, including the ability of California businesses to compete with business in other states. The public is welcome to submit any information, facts or documents either supporting HCD's initial determination or finding to the contrary.

FINDING OF NECESSITY FOR THE PUBLIC'S HEALTH, SAFETY, OR WELFARE

HCD has made an assessment of the proposal regarding the economic impact of recordkeeping and reporting requirements and has determined that a report pursuant to Government Code Section 11346.3(d) is not required.
