December 2006

California's Continuing Housing Crisis

California Department of Housing
and Community Development

Housing Demand Influences

- ✚ Strong Population Growth
- ✚ Demographic and employment change
- ✚ Inadequate Housing Supplies
- ✚ Declining Affordability
- ✚ Favorable Mortgage Rates

California's Population

Predictably Grows About 500,000 Per Year.

Growth rate is similar to adding the size of a city like Long Beach every year.

Wage and Housing Gaps

- The “Housing Wage” in California is \$21.24 - more than three times the minimum wage.
- An extremely low income household can only afford monthly rent up to \$483, while the fair market rent for a two bedroom unit is \$1,104.
- A worker earning minimum wage must work 126 hours per week in order to afford the average two-bedroom unit.

California's Homeownership Among Lowest In U.S.

Increases
Crime!

Reduces
Property
Values!

NIMBY (Not In My Back Yard)

NIMBY Roots:

- Resistance to change
- Preconceived notions of bad design
- Media examples of urban blight and crime

NIMBY Fears About Affordable and High Density Housing:

- Inappropriate for the neighborhood
- Increases local traffic
- Decreases property values
- Degrades the environment
- Strains schools and other public resources

Too Much
Traffic!

NIMBY, continued...

Undermines
Community
Character!

NIMBY Results:

- Difficult to develop much needed housing
- Politically contentious
- Lack of public support creates division in the community
- Increased time for project completion
- Projects become economically infeasible for developers
- Community housing goals and household needs go unmet

Not a Stable
Part of the
community!

Strains Public
Services and
Infrastructure!

California Department of Housing
and Community Development

Moving Beyond NIMBY to *YIMBY*

Presentation Goal:

Develop strategies to build support for more housing choices including affordable; special needs and high density housing.

California Department of Housing
and Community Development

Approaches to Community Outreach

- **Emphasize Good *DESIGN***
- **Emphasize *MANAGEMENT***
- **Myth *BUSTING***

Emphasize **GOOD DESIGN**

***Heritage Walk,
Pasadena, CA***

- **Good Design** is a crucial element in determining the success of new homes.
- **Good Design** enhances existing neighborhoods and builds high quality housing to serve the community's needs.
- **Good design** increases value.

California Department of Housing
and Community Development

***DESIGN:* Enhances Neighborhoods**

- Working with developers, housing can be designed to incorporate important neighborhood services such as after school programs.
- Well designed housing can revitalize older neighborhoods and set the standard for multifamily development in newer neighborhoods.

Bishop Francis Quinn Cottages
Sacramento, CA

***DESIGN:* Creates Quality Projects**

Russell Manor
Sacramento, CA

- **Good Design** The use of quality materials and finishes contribute to the longevity of a project and to its ability to appreciate in value.
- By making appropriate tradeoffs and being creative, affordable housing can use materials and incorporate design elements that ensure quality while preserving affordability.

California Department of Housing
and Community Development

***DESIGN:* Adds Character, Improves Neighborhoods**

- **Design** emphasizes compatible neighborhood architecture.
- **In many areas, new affordable housing is the highest-quality housing development in the community.**

St Francis
Sacramento, CA

Emphasize **GOOD MANAGEMENT**

- Affordable housing is maintained with strict standards that require maintenance of the property and thorough screening of potential residents.
- Thorough screening of potential residents.
- Professional property management
- Monitor compliance with state and federal regulations, including standards for good management.

201 Turk AND 111 Jones

San Francisco, California California Department of Housing
and Community Development

Myth *BUSTING*

Parkview Commons
San Francisco, California

- **High density and affordable housing will cause too much traffic**

Fact: People who live in affordable housing own fewer cars and drive less.

- **High density development strains public services and infrastructure**

Fact: Compact development offers greater efficiency in use of public services and infrastructure.

Myth *BUSTING*, continued...

- **Affordable housing reduces property values.**
Fact: No study in California has ever shown that affordable housing developments reduce property values.
- **Residents in affordable housing move too often to be stable community members.**
Fact: When rents are guaranteed to remain stable, tenants move less often.
- **High density and affordable housing undermine community character.**
Fact: New Affordable and high density housing can always be designed to fit into existing communities.
- **High density and affordable housing increase crime.**
Fact: Design and use of space has a far more significant effect on crime than density or income levels.

Techniques

- **Do wide outreach, engage stakeholders and activists and get community leaders involved.**
- **Garner media and political support early.**
- **Be proactive, anticipate pitfalls and work to anticipate concerns and address them as part of project development.**
- **Demonstrate the benefit of the project for the community.**
- **Ensure public input and decision-making is transparent.**
- **Remember a picture is worth a thousand words---show pictures and conduct tours of high quality housing.**
