

SB 35 Determination Methodology and Background Data Updated June 2018

SB 35 Reporting Period

SB 35 defines the Reporting Period as the first half of the regional housing needs assessment (RHNA) cycle or the second half of the RHNA cycle. For jurisdictions that have not completed the first half of the current (fifth) RHNA cycle, a proration will apply until the jurisdiction completes the first-half point of the cycle.

Prorated targets will be updated after Annual Progress Reports (APRs) are due each year until the jurisdiction completes the first-half of the fifth RHNA cycle, at which point a jurisdiction's determination will only be updated at the end of the fifth RHNA cycle, and at the midpoint and end point of all cycles going forward.

APRs are on calendar years, while RHNA planning periods¹ may begin and end at various times throughout the year. When a planning period begins after July, the APR for that year is attributed to the prior RHNA cycle. When the planning period ends before July 1, the APR for that year will be attributed to the following RHNA cycle.

More detail is shown below by regional government or county and applies to all jurisdictions within the regional government or county.

Credit for Permitting during Projection Period

Jurisdictions can count permits that occurred during the projection period² before the planning period began on the first APR of the planning period.

Annual Progress Report (APRs) Due Dates

APRs are due each April and report on the prior calendar year's activities. As of April 2018, 2017 APRs and prior APRs were due.

¹ **Planning Period:** The time-period between the due date for one housing element and the due date for the next housing element. This time-period can be either 8 or 5 years, depending on the jurisdiction.

² **Projection Period:** The time-period for which the regional housing need assessment (RHNA) is calculated.

5th Cycle Projection Period: 01/01/2014 – 10/31/2021

APRs that count towards First Half Reporting Period	2014 2015 2016 2017
APRs that count towards Last Half Reporting Period	2018 2019 2020 2021

Note: Due to an anomaly in setting the SCAG planning and projection period for the 5th housing element cycle, the SCAG projection period begins after the planning period. To account for this, SCAG jurisdictions can count permits from the last two months of 2013 on their 2014 APRs. For assistance in counting these units contact APR@hcd.ca.gov.

SB 35 Eligibility Methodology

After 2017 APRs are due:	Less than 4/8ths (50%) permitting progress toward 5 th Cycle regional housing needs assessment for an income category, qualifies as “fewer units of [an income category of] housing approved than were required for the regional housing needs assessment cycle for that reporting period.”
After 2021 APRs are due:	Less than 8/8ths (100%) permitting progress toward 5 th Cycle regional housing needs assessment for an income category, qualifies as “fewer units of [an income category of] housing approved than were required for the regional housing needs assessment cycle for that reporting period.”

¹¹ When the planning period begins after July 1, the APR for that year is attributed to the prior cycle.

SB 35 Determination for the Counties of Butte, El Dorado, Imperial, Los Angeles, Orange, Placer, Riverside, Sacramento, San Bernardino, Sutter, Ventura, Yolo, and Yuba; and all cities within each county

These jurisdictions are in the First Half Reporting Period, including 4 years (2014-2017 APRs) of an 8-year planning period. Less than 50% permitting progress toward 5th Cycle regional housing needs assessment (RHNA) for an income category is considered insufficient progress. The next SB 35 Determination for these jurisdictions will be conducted at the Last Half Reporting Period, including 8 years (2014-2021 APRs) of an 8-year planning period, at which point they will need to demonstrate 100% permitting progress toward 5th Cycle RHNA.

Jurisdictions with insufficient progress toward Above-Moderate RHNA are subject to SB 35 streamlining for developments with 10% affordability or above. Jurisdictions with insufficient progress toward Lower RHNA (Very Low and Low) are subject to SB 35 streamlining for developments with 50% affordability or above.

Less than 50% permitting progress toward 5th Cycle regional housing needs assessment (RHNA) for an income category is considered insufficient progress. The next SB 35 Determination for these jurisdictions will be conducted at the Last Half Reporting Period, including 8 years (2014-2021 APRs) of an 8-year planning period, at which point they will need to demonstrate 100% permitting progress toward 5th Cycle RHNA.

Jurisdictions with insufficient progress toward Above-Moderate RHNA are subject to SB 35 streamlining for developments with 10% affordability or above. Jurisdictions with insufficient progress toward Lower RHNA (Very Low and Low) are subject to SB 35 streamlining for developments with 50% affordability or above.

5th Cycle Planning Period: 04/30/2013 – 04/30/2021¹⁵

5th Cycle Projection Period: 01/01/2010 – 12/31/2020

APRs that count towards First Half Reporting Period	2013 2014 2015 2016
APRs that count towards Last Half Reporting Period	2017 2018 2019 2020

Note: Jurisdictions can count permits that occurred during the projection period before the planning period began on the first APR of the planning period. For SANDAG jurisdictions, this includes permits from 2010, 2011, and 2012, which can be counted on 2013 APRs. For assistance in counting these units contact APR@hcd.ca.gov.

SB 35 Eligibility Methodology

By January 2018, after 2016 APRs are due:	Less than 4/8ths (50%) permitting progress toward 5 th Cycle regional housing needs assessment for an income category, qualifies as “fewer units of [an income category of] housing approved than were required for the regional housing needs assessment cycle for that reporting period.”
After 2020 APRs are due:	Less than 8/8ths (100%) permitting progress toward 5 th Cycle regional housing needs assessment for an income category, qualifies as “fewer units of [an income category of] housing approved than were required for the regional housing needs assessment cycle for that reporting period.”

¹⁵ When the planning period ends before July 1, the APR for that year will be attributed to the following cycle.

5th Cycle Planning Period: 06/30/2014 – 06/30/2019¹⁶

5th Cycle Projection Period: 01/01/2014 – 06/30/2019

APRs that count towards First Half Reporting Period	2014 2015 2016
APRs that count towards Last Half Reporting Period	2017 2018

Note: Jurisdictions can count permits that occurred during the projection period before the planning period began on the first APR of the planning period. For the jurisdictions noted above, this includes permits from 2014, which will already be included on their 2014 APR.

SB 35 Eligibility Methodology

By January 2018, after 2016 APRs are due:	Less than 3/5ths (60%) permitting progress toward 5 th Cycle regional housing needs assessment for an income category, qualifies as “fewer units of [an income category of] housing approved than were required for the regional housing needs assessment cycle for that reporting period.”
After 2018 APRs are due:	Less than 5/5ths (100%) permitting progress toward 5 th Cycle regional housing needs assessment for an income category, qualifies as “fewer units of [an income category of] housing approved than were required for the regional housing needs assessment cycle for that reporting period.”

¹⁶ When the planning period ends before July 1, the APR for that year will be attributed to the following cycle.

SB 35 Determination for the Counties of Alpine, Amador, Calaveras, Colusa, Del Norte, Glenn, Humboldt, Inyo, Lake, Lassen, Mariposa, Mendocino, Modoc, Mono, Nevada, Plumas, San Luis Obispo, Shasta, Sierra, Siskiyou, Tehama, Trinity, Tuolumne; and all cities within each county

*These jurisdictions are in the First Half Reporting Period, including 3 years (2014-2016 APRs) of an 5-year planning period. **Less than 60% permitting progress toward 5th Cycle regional housing needs assessment (RHNA) for an income category is considered insufficient progress. The next SB 35 Determination for these jurisdictions will be conducted at the Last Half Reporting Period, including 5 years (2014-2018 APRs) of a 5-year planning period, at which point they will need to demonstrate 100% permitting progress toward 5th Cycle RHNA.***

Jurisdictions with insufficient progress toward Above-Moderate RHNA are subject to SB 35 streamlining for developments with 10% affordability or above. Jurisdictions with insufficient progress toward Lower RHNA (Very Low and Low) are subject to SB 35 streamlining for developments with 50% affordability or above.

(Note: Jurisdictions are automatically subject to SB 35 streamlining provisions when latest Annual Progress Report (2017) Not Submitted)
