**Re: Approval of the Targeted Employment Area Application**

Dear Mr. O'Sullivan:

The Department of Housing and Community Development (Department) received an application, dated February 4, 2008, requesting the approval of a Targeted Employment Area (TEA) for the Shasta Metro Enterprise Zone.

Based on the information provided, the Department has awarded a TEA to the Shasta Enterprise Zone. The approved TEA consists of the following census tracts:

101	102	103	104
105	107.01	109	112
113	116	117	120
121	122	123.01	125
127.01	127.02		

The effective date for the Targeted Employment Area is November 6, 2006. The Targeted Employment Area will remain in effect until 180 days of updated census data becomes available, at which time each local governmental entity of each city and county that has a jurisdiction in the enterprise zone shall approve a new TEA.

To ensure that the Department's website has a complete list of your zone's TEA addresses, please send a list of the addresses using the excel template Lesley James will be sending you via e-mail.

If you have questions, please call Adrienne DiLullo at (916) 324-6758.

Sincerely,

  
Frank Luera  
Section Chief
