## IPR Section 6: Homelessness Prevention Targeting

1. For Homelessness Prevention activities, in addition to HPRP eligibility requirements, are there other risk factors that will be used to determine eligibility and/or prioritization for homelessness prevention assistance?

Yes

No

2. If "Yes", identify the criteria to be used and provide a brief description and rationale, including how the criteria will be used (e.g., if limited to only certain types of HPRP assistance or applied across all subgrantees and types of assistance, etc.) and the basis on which they were chosen.

## IPR Section 7: Data Collection

1. Will beneficiary data be entered (or uploaded at least quarterly) into a single HMIS in order to generate unduplicated data for QPR questions 3 & 4?

Yes

No

2. If "Yes", briefly describe the HMIS to be used and the plan to ensure data quality (completeness and accuracy).

"HMIS" means Homeless Management Information Systems, which is a software application designed to record and store client-level information on the characteristics and service needs of homeless persons.

3. If "No", briefly describe the HMIS(s) and/or other comparable client-level database(s) (per exceptions 1, 2 and 4 below) that will be used by one or more subgrantees and the plan to ensure data quality (completeness and accuracy).
