

Housing-Related Parks Program

Tracking of Threshold Eligibility Requirements - Housing Element and Annual Progress Report Submittal Status

Information provided below is only to be used for the purposes of determining eligibility for the Department's Housing-Related Parks (HRP) Program. In addition to Housing Element compliance and submittal of the Annual Progress Reports, jurisdictions must also have documentation of eligible units during the Designated Program Year of January 1, 2010 to December 31, 2015 as detailed in the NOFA and Program Guidelines. HCD will verify each applicant's eligibility upon receipt of an application. **The housing element threshold requirement for the 2015 Parks Program will be met using either the 4th or 5th cycle housing element compliance status, depending on the jurisdiction's 5th cycle housing element due date. For jurisdictions within Councils of Governments with 5th cycle due date of December 31, 2015, the 4th cycle housing element compliance status will be used to determine threshold eligibility for the HRP Program 2015 PY.** If you have questions regarding the information provided below, please contact HRP Program staff at 916-263-2911 or housing_parks@hcd.ca.gov. Updated 12/16/2015

*Please note, APRs (if not previously submitted to the Department) may be submitted up through the applicaiton due date of February 4, 2016 for any CY for which a jurisdiction has eligible units.
