

Housing-Related Parks Program

Tracking of Threshold Eligibility Requirements - Housing Element and Annual Progress Report Submittal Status (As of 3/7/17)

Information provided below is only to be used for the purposes of determining eligibility for the Department's Housing-Related Parks (HRP) Program. In addition to Housing Element compliance and submittal of the Annual Progress Reports, jurisdictions must also have documentation of eligible units during the Designated Program Year of January 1, 2010 to December 31, 2016 as detailed in the NOFA and Program Guidelines. HCD will verify each applicant's eligibility upon receipt of an application. The housing element threshold requirement for the 2016 Parks Program will be met using 5th cycle housing element compliance status. Jurisdictions must have a compliant housing element as of December 31, 2016. If you have questions regarding the information provided below, please contact HRP Program staff at 916-263-2911 or housing_parks@hcd.ca.gov. Updated 3/07/2017.

*Please note, APRs (if not previously submitted to the Department) may be submitted up through the application due date of February 23, 2017 for any CY for which a jurisdiction has eligible units.
