**The California Department of Housing and Community Development Announces  
\$6.6 Million in Federal Funds for California Federal Emergency Shelter Grants**

**Sacramento** – Today the Department of Housing and Community Development (Department) announced awards totaling \$6.6 million to support homeless assistance programs throughout the State.

“These awards will enable communities to provide shelters and vital homeless assistance services to adults, children, and families in California,” said Acting Director, Cathy E. Creswell.

A complete list of Federal Emergency Shelter Grant (FESG) program awards are listed on the attached document. Awards were made to 62 nonprofit programs and local governments in California, including the following:

- **Transition House** has offered homeless families emergency shelter services at its Santa Barbara shelter since 1984. Targeting homeless families with children, the average client demographics consist of 60% children and 40% adults. Over 60% of the families are single-parent households. The 70-bed shelter provides free supportive services that help move families toward economic self-sufficiency.
- **Catholic Charities, Diocese of San Diego** has provided housing and basic support services to homeless persons since 1919 and operates two emergency shelters – Our Lady of Guadalupe Shelter for Men and House of Hope, both of which are in Imperial County.
- **Ocean Park Community Center** in Santa Monica addresses the needs of chronically homeless men and women, most of who struggle with mental illness, substance addiction, and other disabling medical conditions. The program operates a 70 bed emergency shelter where their clients can stay for up to 6 months.
- **The Lazuras Project, Inc.** is a transitional housing scattered site model with support services located in the city of Roseville, California. Four sites with 23 beds will assist homeless individuals. In 2009, the organization was a partner agency to the Kids First

Homelessness Prevention and Rapid Re-Housing Program (HPRP) administered by HCD.

The 2011 FESG grantees will use these funds for a variety of activities, including emergency shelters, transitional housing programs, and shelters for victims of domestic violence.

The Federal Department of Housing and Urban Development (HUD), authorized by Title IV of the Stewart B. McKinney Homeless Assistance Act, allocates Emergency Shelter Grants program funds nationwide to units of local government and states.

In August 2011, HUD awarded \$6.6 million to the Department. HCD released a Notice of Funding Availability which resulted in the receipt of 98 applications from nonprofit organizations and units of local government. The Department will distribute homeless assistance funds to 62 of the highest-ranked applicants who participated in the highly competitive application process.

HCD provides leadership, policies, and programs to preserve and expand safe and affordable housing opportunities and promote strong communities for all Californians. The Department also supports increasing the supply of housing, especially affordable housing and works to improve the state's housing conditions and the health and safety of its residents. HCD is California's lead housing department, and is part of the state Business, Transportation and Housing Agency.

A listing of the awarded jurisdictions and the scope of their projects is on the attached pages. For further information, please contact: [cparent@hcd.ca.gov](mailto:cparent@hcd.ca.gov).
