Scrolling upward, the data above reflects a total of 158 completed activities in FY 13-14. 40% were in census tracts overrepresented by minorities by more than 10% compared to the county; 60% were in Census tracts with low minority concentration. Homebuyer new construction projects had the lowest overall percentage of minority concentration, with no completed projects (0 of 2 subdivisions) in areas of minority concentration. Rental new construction projects had the greatest percentage of assisted structures in areas overrepresented by minorities by more than 10% (9 of 16 projects or 56%). This data does not reflect Tenant-Based Rental Assistance Programs since no Census Tract data is available for these programs.
