## 2017 **MTSP Regular** Income Limits HUD PDR-2017-01 4/14/17

The 2008 Housing and Economic Recovery Act (HERA) directed HUD beginning in 2009 to publish separate income limits specifically calculated for Multifamily Tax Subsidy Projects (MTSPs). **MTSP Regular** Income Limits apply to MTSPs: 1) located within one of ten counties: Alameda, Contra Costa, Marin, Nevada, San Francisco, San Mateo, Santa Clara, Solano, Sonoma and Ventura and placed in service (PIS) on or after 1/1/09 or if PIS prior to 1/1/09 and having higher **MTSP Regular** income limits compared to **MTSP HERA Special**, or 2) not located within one of the ten counties. These 2017 **MTSP Regular** Income Limits should be compared with income limits MTSPs are currently operating under to see if they are eligible for an increase in income limits. The hold harmless provisions in HERA prevents Income Limits from falling below the highest levels the project has operated under. A different set of Income Limits (2017 **MTSP HERA Special**) are applicable to MTSPs located within one of the ten HERA Special counties and PIS prior to 1/1/09 and having higher 2017 **MTSP HERA Special** limits compared to **MTSP Regular**.

**VHHP restricts some units to Extremely Low Income veterans. Please use the Official State Income Limits at: <http://www.hcd.ca.gov/grants-funding/income-limits/state-and-federal-income-limits.shtml> for these unit Income Limits, which are approximately equal to 30% AMI below.**

## 2017 **MTSP Regular** Income Limits HUD PDR-2017-01 4/14/17

The 2008 Housing and Economic Recovery Act (HERA) directed HUD beginning in 2009 to publish separate income limits specifically calculated for Multifamily Tax Subsidy Projects (MTSPs). **MTSP Regular** Income Limits apply to MTSPs: 1) located within one of ten counties: Alameda, Contra Costa, Marin, Nevada, San Francisco, San Mateo, Santa Clara, Solano, Sonoma and Ventura and placed in service (PIS) on or after 1/1/09 or if PIS prior to 1/1/09 and having higher **MTSP Regular** income limits compared to **MTSP HERA Special**, or 2) not located within one of the ten counties. These 2017 **MTSP Regular** Income Limits should be compared with income limits MTSPs are currently operating under to see if they are eligible for an increase in income limits. The hold harmless provisions in HERA prevents Income Limits from falling below the highest levels the project has operated under. A different set of Income Limits (2017 **MTSP HERA Special**) are applicable to MTSPs located within one of the ten HERA Special counties and PIS prior to 1/1/09 and having higher 2017 **MTSP HERA Special** limits compared to **MTSP Regular**.

**VHHP restricts some units to Extremely Low Income veterans. Please use the Official State Income Limits at: <http://www.hcd.ca.gov/grants-funding/income-limits/state-and-federal-income-limits.shtml> for these unit Income Limits, which are approximately equal to 30% AMI below.**

## Multifamily Housing Program, AHSC, NPLH and VHHP

### 2017 **MTSP Regular** Income Limits HUD PDR-2017-01 4/14/17

The 2008 Housing and Economic Recovery Act (HERA) directed HUD beginning in 2009 to publish separate income limits specifically calculated for Multifamily Tax Subsidy Projects (MTSPs). **MTSP Regular** Income Limits apply to MTSPs: 1) located within one of ten counties: Alameda, Contra Costa, Marin, Nevada, San Francisco, San Mateo, Santa Clara, Solano, Sonoma and Ventura and placed in service (PIS) on or after 1/1/09 or if PIS prior to 1/1/09 and having higher **MTSP Regular** income limits compared to **MTSP HERA Special**, or 2) not located within one of the ten counties. These 2017 **MTSP Regular** Income Limits should be compared with income limits MTSPs are currently operating under to see if they are eligible for an increase in income limits. The hold harmless provisions in HERA prevents Income Limits from falling below the highest levels the project has operated under. A different set of Income Limits (2017 **MTSP HERA Special**) are applicable to MTSPs located within one of the ten HERA Special counties and PIS prior to 1/1/09 and having higher 2017 **MTSP HERA Special** limits compared to **MTSP Regular**.

**VHHP restricts some units to Extremely Low Income veterans. Please use the Official State Income Limits at: <http://www.hcd.ca.gov/grants-funding/income-limits/state-and-federal-income-limits.shtml> for these unit Income Limits, which are approximately equal to 30% AMI below.**

## 2017 **MTSP Regular** Income Limits HUD PDR-2017-01 4/14/17

The 2008 Housing and Economic Recovery Act (HERA) directed HUD beginning in 2009 to publish separate income limits specifically calculated for Multifamily Tax Subsidy Projects (MTSPs). **MTSP Regular** Income Limits apply to MTSPs: 1) located within one of ten counties: Alameda, Contra Costa, Marin, Nevada, San Francisco, San Mateo, Santa Clara, Solano, Sonoma and Ventura and placed in service (PIS) on or after 1/1/09 or if PIS prior to 1/1/09 and having higher **MTSP Regular** income limits compared to **MTSP HERA Special**, or 2) not located within one of the ten counties. These 2017 **MTSP Regular** Income Limits should be compared with income limits MTSPs are currently operating under to see if they are eligible for an increase in income limits. The hold harmless provisions in HERA prevents Income Limits from falling below the highest levels the project has operated under. A different set of Income Limits (2017 **MTSP HERA Special**) are applicable to MTSPs located within one of the ten HERA Special counties and PIS prior to 1/1/09 and having higher 2017 **MTSP HERA Special** limits compared to **MTSP Regular**.

**VHHP restricts some units to Extremely Low Income veterans. Please use the Official State Income Limits at: <http://www.hcd.ca.gov/grants-funding/income-limits/state-and-federal-income-limits.shtml> for these unit Income Limits, which are approximately equal to 30% AMI below.**

## 2017 **MTSP Regular** Income Limits HUD PDR-2017-01 4/14/17

The 2008 Housing and Economic Recovery Act (HERA) directed HUD beginning in 2009 to publish separate income limits specifically calculated for Multifamily Tax Subsidy Projects (MTSPs). **MTSP Regular** Income Limits apply to MTSPs: 1) located within one of ten counties: Alameda, Contra Costa, Marin, Nevada, San Francisco, San Mateo, Santa Clara, Solano, Sonoma and Ventura and placed in service (PIS) on or after 1/1/09 or if PIS prior to 1/1/09 and having higher **MTSP Regular** income limits compared to **MTSP HERA Special**, or 2) not located within one of the ten counties. These 2017 **MTSP Regular** Income Limits should be compared with income limits MTSPs are currently operating under to see if they are eligible for an increase in income limits. The hold harmless provisions in HERA prevents Income Limits from falling below the highest levels the project has operated under. A different set of Income Limits (2017 **MTSP HERA Special**) are applicable to MTSPs located within one of the ten HERA Special counties and PIS prior to 1/1/09 and having higher 2017 **MTSP HERA Special** limits compared to **MTSP Regular**.

**VHHP restricts some units to Extremely Low Income veterans. Please use the Official State Income Limits at: <http://www.hcd.ca.gov/grants-funding/income-limits/state-and-federal-income-limits.shtml> for these unit Income Limits, which are approximately equal to 30% AMI below.**

### 2017 **MTSP Regular** Income Limits HUD PDR-2017-01 4/14/17

The 2008 Housing and Economic Recovery Act (HERA) directed HUD beginning in 2009 to publish separate income limits specifically calculated for Multifamily Tax Subsidy Projects (MTSPs). **MTSP Regular** Income Limits apply to MTSPs: 1) located within one of ten counties: Alameda, Contra Costa, Marin, Nevada, San Francisco, San Mateo, Santa Clara, Solano, Sonoma and Ventura and placed in service (PIS) on or after 1/1/09 or if PIS prior to 1/1/09 and having higher **MTSP Regular** income limits compared to **MTSP HERA Special**, or 2) not located within one of the ten counties. These 2017 **MTSP Regular** Income Limits should be compared with income limits MTSPs are currently operating under to see if they are eligible for an increase in income limits. The hold harmless provisions in HERA prevents Income Limits from falling below the highest levels the project has operated under. A different set of Income Limits (2017 **MTSP HERA Special**) are applicable to MTSPs located within one of the ten HERA Special counties and PIS prior to 1/1/09 and having higher 2017 **MTSP HERA Special** limits compared to **MTSP Regular**.

## Multifamily Housing Program, AHSC, NPLH and VHHP

### 2017 **MTSP Regular** Income Limits HUD PDR-2017-01 4/14/17

The 2008 Housing and Economic Recovery Act (HERA) directed HUD beginning in 2009 to publish separate income limits specifically calculated for Multifamily Tax Subsidy Projects (MTSPs). **MTSP Regular** Income Limits apply to MTSPs: 1) located within one of ten counties: Alameda, Contra Costa, Marin, Nevada, San Francisco, San Mateo, Santa Clara, Solano, Sonoma and Ventura and placed in service (PIS) on or after 1/1/09 or if PIS prior to 1/1/09 and having higher **MTSP Regular** income limits compared to **MTSP HERA Special**, or 2) not located within one of the ten counties. These 2017 **MTSP Regular** Income Limits should be compared with income limits MTSPs are currently operating under to see if they are eligible for an increase in income limits. The hold harmless provisions in HERA prevents Income Limits from falling below the highest levels the project has operated under. A different set of Income Limits (2017 **MTSP HERA Special**) are applicable to MTSPs located within one of the ten HERA Special counties and PIS prior to 1/1/09 and having higher 2017 **MTSP HERA Special** limits compared to **MTSP Regular**.

**VHHP restricts some units to Extremely Low Income veterans. Please use the Official State Income Limits at: <http://www.hcd.ca.gov/grants-funding/income-limits/state-and-federal-income-limits.shtml> for these unit Income Limits, which are approximately equal to 30% AMI below.**

**2017 MTSP Regular Rent Limits (gross rent incl. utility allow.) HUD PDR-2017-01 4/14/17**

The 2008 Housing and Economic Recovery Act (HERA) directed HUD beginning in 2009 to publish separate income limits specifically calculated for Multifamily Tax Subsidy Projects (MTSPs). **MTSP Regular** Rent Limits apply to MTSPs: 1) located within one of ten counties: Alameda, Contra Costa, Marin, Nevada, San Francisco, San Mateo, Santa Clara, Solano, Sonoma and Ventura and placed in service (PIS) on or after 1/1/09 or if PIS prior to 1/1/09 with higher 2017 **MTSP Regular** income limits compared to **MTSP HERA Special**, or 2) not located within one of the ten counties. These 2017 **MTSP Regular** Rent Limits should be compared with rent limits MTSPs are currently operating under to see if they are eligible for an increase in rent limits. The hold harmless provisions in HERA prevents rent limits from falling below the highest levels the project has operated under. A different set of Rent Limits (2017 **MTSP HERA Special**) are applicable to MTSPs located within one of the ten HERA Special counties and PIS prior to 1/1/09 and having higher 2017 **MTSP HERA Special** limits compared to **MTSP Regular** limits.

**2017 MTSP Regular Rent Limits (gross rent incl. utility allow.) HUD PDR-2017-01 4/14/17**

The 2008 Housing and Economic Recovery Act (HERA) directed HUD beginning in 2009 to publish separate income limits specifically calculated for Multifamily Tax Subsidy Projects (MTSPs). **MTSP Regular** Rent Limits apply to MTSPs: 1) located within one of ten counties: Alameda, Contra Costa, Marin, Nevada, San Francisco, San Mateo, Santa Clara, Solano, Sonoma and Ventura and placed in service (PIS) on or after 1/1/09 or if PIS prior to 1/1/09 with higher 2017 **MTSP Regular** income limits compared to **MTSP HERA Special**, or 2) not located within one of the ten counties. These 2017 **MTSP Regular** Rent Limits should be compared with rent limits MTSPs are currently operating under to see if they are eligible for an increase in rent limits. The hold harmless provisions in HERA prevents rent limits from falling below the highest levels the project has operated under. A different set of Rent Limits (2017 **MTSP HERA Special**) are applicable to MTSPs located within one of the ten HERA Special counties and PIS prior to 1/1/09 and having higher 2017 **MTSP HERA Special** limits compared to **MTSP Regular** limits.

**2017 MTSP Regular Rent Limits (gross rent incl. utility allow.) HUD PDR-2017-01 4/14/17**

The 2008 Housing and Economic Recovery Act (HERA) directed HUD beginning in 2009 to publish separate income limits specifically calculated for Multifamily Tax Subsidy Projects (MTSPs). **MTSP Regular** Rent Limits apply to MTSPs: 1) located within one of ten counties: Alameda, Contra Costa, Marin, Nevada, San Francisco, San Mateo, Santa Clara, Solano, Sonoma and Ventura and placed in service (PIS) on or after 1/1/09 or if PIS prior to 1/1/09 with higher 2017 **MTSP Regular** income limits compared to **MTSP HERA Special**, or 2) not located within one of the ten counties. These 2017 **MTSP Regular** Rent Limits should be compared with rent limits MTSPs are currently operating under to see if they are eligible for an increase in rent limits. The hold harmless provisions in HERA prevents rent limits from falling below the highest levels the project has operated under. A different set of Rent Limits (2017 **MTSP HERA Special**) are applicable to MTSPs located within one of the ten HERA Special counties and PIS prior to 1/1/09 and having higher 2017 **MTSP HERA Special** limits compared to **MTSP Regular** limits.

**2017 MTSP Regular Rent Limits (gross rent incl. utility allow.) HUD PDR-2017-01 4/14/17**

The 2008 Housing and Economic Recovery Act (HERA) directed HUD beginning in 2009 to publish separate income limits specifically calculated for Multifamily Tax Subsidy Projects (MTSPs). **MTSP Regular** Rent Limits apply to MTSPs: 1) located within one of ten counties: Alameda, Contra Costa, Marin, Nevada, San Francisco, San Mateo, Santa Clara, Solano, Sonoma and Ventura and placed in service (PIS) on or after 1/1/09 or if PIS prior to 1/1/09 with higher 2017 **MTSP Regular** income limits compared to **MTSP HERA Special**, or 2) not located within one of the ten counties. These 2017 **MTSP Regular** Rent Limits should be compared with rent limits MTSPs are currently operating under to see if they are eligible for an increase in rent limits. The hold harmless provisions in HERA prevents rent limits from falling below the highest levels the project has operated under. A different set of Rent Limits (2017 **MTSP HERA Special**) are applicable to MTSPs located within one of the ten HERA Special counties and PIS prior to 1/1/09 and having higher 2017 **MTSP HERA Special** limits compared to **MTSP Regular** limits.

**Multifamily Housing Program, AHSC, NPLH and VHHP**  
**2017 MTSP Regular Rent Limits (gross rent incl. utility allow.) HUD PDR-2017-01 4/14/17**

The 2008 Housing and Economic Recovery Act (HERA) directed HUD beginning in 2009 to publish separate income limits specifically calculated for Multifamily Tax Subsidy Projects (MTSPs). **MTSP Regular** Rent Limits apply to MTSPs: 1) located within one of ten counties: Alameda, Contra Costa, Marin, Nevada, San Francisco, San Mateo, Santa Clara, Solano, Sonoma and Ventura and placed in service (PIS) on or after 1/1/09 or if PIS prior to 1/1/09 with higher 2017 **MTSP Regular** income limits compared to **MTSP HERA Special**, or 2) not located within one of the ten counties. These 2017 **MTSP Regular** Rent Limits should be compared with rent limits MTSPs are currently operating under to see if they are eligible for an increase in rent limits. The hold harmless provisions in HERA prevents rent limits from falling below the highest levels the project has operated under. A different set of Rent Limits (2017 **MTSP HERA Special**) are applicable to MTSPs located within one of the ten HERA Special counties and PIS prior to 1/1/09 and having higher 2017 **MTSP HERA Special** limits compared to **MTSP Regular** limits.
