- Have sustained damages at the time of the disaster.
- Be current on property taxes.

Eligible Program Costs include:

- Permitting, design, and planning.
- Replacement of damaged or destroyed necessary equipment, such as HVAC units.
- Repairs to disaster damaged primary structures.
- Upgrades required to meet code.
- Handicap accessibility features.
- Lead-based paint and asbestos abatement.

Disaster Housing Assistance Survey

HCD is conducting a Disaster Housing Assistance Survey for persons whose primary residence was impacted by either the 2017 or 2018 disasters. The information collected in this survey will help to determine the specific recovery needs of impacted property owners, eligibility for current disaster housing assistance, and inform the need for future recovery programs as they are developed.

Who should complete the survey? Homeowners, landlords, and tenants whose residential property was damaged by either the 2017 or 2018 disasters in the following counties:

October 2017 Wildfires: Butte, Lake, Mendocino, Napa, Nevada, Orange, Sonoma, and Yuba counties.

December 2017 Wildfires, Mudflows, and Debris flows: Los Angeles, San Diego, Santa Barbara, and Ventura counties.

July through September 2018 Wildfires and High Winds: Lake and Shasta counties.

November 2018 Wildfires: Butte, Los Angeles, and Ventura counties.
