RECITALS, AUTHORITY, PURPOSE AND SCOPE OF WORK

1. RECITALS

On June 22, 2015, U. S. Department of Housing and Urban Development (“HUD”) Secretary Julián Castro invited California and 39 other states and communities to compete in the second and final phase of the National Disaster Resilience Competition (“NDRC”). These finalists, representing areas that experienced a presidentially declared major disaster in 2011, 2012 and/or 2013, competed for a portion of almost \$1 billion in funding for disaster recovery and long-term community resilience.

The CALIFORNIA DEPARTMENT OF HOUSING AND COMMUNITY DEVELOPMENT (“HCD” or “Department”) submitted an NDRC application to HUD on behalf of the State of California. This application included three (3) activities to address unmet recovery needs related to the December 13, 2013 presidentially-declared disaster known as the California Rim Fire (“DR-4158”) that occurred in Tuolumne County. In response to the NDRC Notice of Funding Availability (“NOFA”) (defined below), HCD, in conjunction with other partners, developed a program known as the Community and Watershed Resilience Program (“CWRP”, “State Program” or “Program”). The Program has three (3) separate activities located in Tuolumne County that are interconnected. Development of the Program and associated activities requires HCD to continue working with partners identified in the NDRC application approved by HUD.

Funding for the competition is from the Community Development Block Grant-National Disaster Resilience (“CDBG-NDR”) appropriation provided by the Disaster Relief Appropriations Act, 2013 (PL 113-2), which made emergency funds available for Hurricane Sandy and other presidentially declared disasters occurring in 2011-2013. The competition focused states’ and local jurisdictions’ efforts to prepare their communities for the impacts of climate change and to support investments in more resilient infrastructure. HCD’s NDRC application requested \$117,000,000 for ~~two~~ three (3) project ~~and one program activity~~ activities, and HUD awarded \$70,359,459 on January 21, 2016. The HUD award included approximately \$19,755,000 for the development and implementation of Community Resilience Centers (“CRC”) to be carried out by Tuolumne County, \$22,000,000 for proposed Biomass Utilization facilityFund (“BUF”) project(s) with the development and initial implementation to be ~~administered coordinated~~ by Sierra Nevada Conservancy (“SNC”) and administered by Rural Community Assistance Corporation (“RCAC”), and \$28,604,459 for the Forest and Watershed Health Program (“FWHP”)—with implementation to be administered by the United States Forest Service (“USFS”) and coordinated by SNC. General administration funding not to exceed five (5) percent of the total award will be allocated from within each awarded activity budget.

HUD announced the NDRC funding in a NOFA publication, attached in Exhibit E (Funding Opportunity Number: FR-5800-N-29, Opportunity Title: National Disaster Resilience Competition).

The NDRC is a response to requests for funding from states and local communities to address the unmet recovery needs, through strategic community investments for resilience, to recover from past presidentially declared disasters while improving their ability to withstand future environmental shocks and stresses.

HUD has awarded NDRC funds for innovative approaches that address unmet recovery needs from past disasters while also addressing the vulnerabilities that could put Americans in harm’s way during future disasters. The competition encourages communities to consider how they can recover from a past disaster and how to avoid and mitigate future disaster losses. Applicants (i.e., the State of

EXHIBIT A

California) had to link or “tie-back” their proposals to the disaster from which they were recovering, as well as demonstrate how they were reducing future risks and advancing broader community development goals within their target geographic area(s).

A. NDRC Competition Objectives

The Competition sought to meet the following six (6) objectives:

- 1) Fairly and effectively allocate \$1 billion in CDBG-NDR funds.
- 2) Create multiple examples of modern disaster recovery that apply science-based and forward-looking risk analysis to address recovery, resilience, and revitalization needs.
- 3) Leave a legacy of institutionalizing, in as many states and local jurisdictions as possible, the implementation of thoughtful, sound, and resilient approaches to addressing future risks.
- 4) Provide resources to help communities plan and implement disaster recovery that makes them more resilient to future extreme weather events or other shocks, while also improving quality of life for existing residents.
- 5) Fully engage community stakeholders to inform them about the impacts of climate change and develop pathways to resilience based on sound science.
- 6) Leverage investments from the philanthropic community to help communities define problems, set policy goals, explore options, and craft solutions to inform their own local and regional resilient recovery strategies.

These six (6) objectives are memorialized so that all parties to this Agreement, and all parties involved with carrying out this Agreement, better understand the purpose of the NRDC funds and fully implement the intent of the NDRC.

The NDRC NOFA defined “Partner” as a state, a unit of local government, a nonprofit entity, a private developer, a financial institution, or another entity chosen by the applicant to assist the applicant in applying for funding or in carrying out a funding award or project under this NOFA, and which submits a letter of intent and signs a partnership agreement to assist in that capacity, and which may be referenced by the applicant for purposes of demonstrating additional capacity for planning, design, financing, or implementation in applying for funding under the NOFA.

As part of the NDRC application, HCD provided executed partnership letters of intent and agreements, signed by the executive of the Partner entity, demonstrating a commitment to work collaboratively throughout the entirety of the grant application and implementation process and to undertake specified actions (see Exhibit F for copy of partnership agreements of those entities receiving NDR funding for completion of project activities under this Agreement). HCD has one formal partnership for the CRC project(s) with the County of Tuolumne. HCD has four (4) separate formal partnership agreements for the FWHP with: 1) SNC; 2) the ~~United States Forest Service (“USFS”);~~ 3) the California Department of Forestry and Fire Protection (“CAL FIRE”); and 4) the California Conservation Corps (“CCC”). HCD has one partnership agreement for the BUF projects with SNC. HCD completed a selection process for a Community Based

Development Organization ("CBDO"), selected RCAC and entered into a subrecipient agreement. HCD has entered into a number of other partnerships with other state agencies, but those agencies will not be a party to the HCD NDR agreements.

These less-formal partnerships with Governor's Office of Planning and Research ("OPR") and California Environmental Protection Agency ("CalEPA") continue to participate with other partners via the "Core Team." The Core Team is composed of HCD, SNC, USFS, County of Tuolumne, and CAL FIRE, RCAC and may include others as needed, along with representatives of OPR, and CalEPA or other Partners and Core Team oversees HCD administration and the Partner's coordination of project development to ensure that the Program becomes operational, scalable and replicable.

This Agreement supplements the partnership agreement between CCC and HCD after the HUD award of funding. This Agreement will ensure all the financial and performance requirements related to NDR project development and implementation are met.

This Agreement must be executed before implementation of any CDBG-NDR project implementation takes place activities. Pursuant to FR-5936-N-01, Section V.A.1.g. (v), this Agreement and other associated partnership agreements require parties to comply with CDBG-NDR requirements, including requirements found in the Disaster Relief Appropriations Act, 2013 PL 113-2, Title I of the Housing and Community Development Act of 1974 (42 U.S.C. 5302, et seq.), the CDBG program federal regulations at 24 CFR part 570, FR-59-N-01 and any other applicable Federal Register notices, 2 CFR 200 requirements and commitments made in HCD's Phase 1 and Phase 2 NDRC applications.

As a condition of the State of California applying for CDBG-NDR funds, the State made certain certifications, which are shown in Exhibit F (Certifications), which involve at minimum:

- 1) The State of California, and any contractor, subrecipient, or designated public agency carrying out an activity with CDBG-NDR funds, certifying that such entities possess the legal authority to carry out the project activities, in accordance with all applicable federalHUD regulations and requirements.
- 2) The State of California and its Partners certifying that project activities to be administered with funds under the NDRC are consistent with the State of California's application.

HCD and HUD have entered into a federal grant agreement for CDBG-NDR funding. Under that agreement, HCD is the sole entity that will have access to HUD's Line of Credit Control System ("LOCCS") through the Disaster Recovery Grant Reporting ("DRGR") system. HCD will use DRGR to draw down CDBG-NDR funding. Under PL113-2, HCD is legally and financially accountable for the use of all funds and may not delegate or contract to any other party any inherently governmental responsibilities related to the federal grant management of the funds, such as oversight, policy development, and financial management.

CDBG-NDR regulations and requirements impose specific funding restrictions (described in Exhibit D), which apply to HCD and also to CCC under this Agreement and their subrecipients or contractors in conjunction with any NDRC project activities.

The Program is made up of three (3) different but interrelated activities. The Program is designed

EXHIBIT A

to create partnerships and practices needed to support resilience in the communities and natural systems in California's upper watersheds, which provide sixty (60) percent of the State's developed water resources.

B. California's Approach: The Community & Watershed Resilience Program

The following information describes the project activities selected for funding for the State of California's NDRC Program:

1) Community Resilience Center (CRC) Project Activities

The development and operation of ~~at least one~~ CRC projects in Tuolumne County that will serve multiple purposes including year-round needed services, such as education and training facilities, commercial kitchen for local Meals-on-Wheels type programs, and children's services such as the Head Start program. On a limited basis, the CRC can serve as an evacuation center/emergency shelter as well as a facility for ~~first responder California Conservation Corps~~ program operations. CRC location selections ~~will include~~ robust public participation and feasibility analysis.

2) Biomass Utilization Facility Fund (BUF) Project Activities

The BUF activity was originally proposed in the NDRC application as one economic development project with multiple businesses sharing a campus facility. Based on the feasibility analysis completed in 2019, the activity changed to a scattered site economic development program. Regardless, the BUF is intended to provide options for clean disposal of unmerchantable biomass removed from the forest, clean power, and wood products facilities for repurposing any merchantable biomass. This ~~will be~~is a two-phase development process, with the first phase including an area wide review of feedstock availability and costs along with an overall economic development market and feasibility analysis of a number of different biomass businesses with review of areas where sites can be located, site selection, preliminary engineering & design, and preliminary environmental review. The second phase includes selection of a BUF operator, RCAC, RCAC will solicit specific project proposals, conduct a detailed project specific feasibility analysis and if feasible, facilitate build-out and operations of the BUF. In addition, this activity can be expanded to include public facility projects that do not utilize biomass but serve a similar purpose by utilizing alternative energy systems that meet the same renewable energy goals as the BUF activity proposed in the NDRC funding application.

3) Forest & Watershed Health Program Project (FWHP) Activities

This green infrastructure program~~project~~ includes five (5) different activities that will restore ~~ef~~ forest, meadows, watersheds, and rangelands within the Rim Fire burn area, as well as provide expansion of existing fuel breaks and the creation of one new fuel break. Given the uncertain future of drought, climate change and wildfire, FWHP activities are designed to improve forest and watershed health and resilience against further environmental disturbances while complying with all applicable environmental laws. SNC and USFS will work together to ensure the highest environmental principles are followed so sustainable forestation and habitat protection is accomplished.

2. Authority and Purpose

This Standard Agreement ("Agreement") provides official notification of the conditional reservation of funding made available by the federal Disaster Relief Appropriations Act, 2013 (Public Law 113-2, approved January 29, 2013) ("Appropriations Act") and awarded under the National Disaster Resilience Competition as CDBG National Disaster Resilience grants, Catalog of Federal Domestic Assistance number 14.272 – National Disaster Resilience Competition. This is a three 3 party agreement between HCD, the California Conservation Corps ("CCC" or "Grantee" or "Contractor"), and the Sierra Nevada Conservancy ("SNC").

HCD also administers the federal CDBG Program for non-entitlement jurisdictions ("CDBG" or "the Federal Program") pursuant to the provisions of 42 U.S. Code ("U.S.C.") Section 5301 et seq., 24 Code of Federal Regulations ("CFR") Part 570, Subpart I, and the California State CDBG Regulations, pursuant to 25 California Code of Regulations (CCR), Sections 7050 et seq. The Federal Program is listed in the Catalog of Federal Domestic Assistance as 14.228 - CDBG - Community Development Block Grant Program.

For many years, HCD-the Department has been successfully administered the federal CDBG program for non-entitlement jurisdictions, and jurisdictions and has developed a boilerplate contract that it will use to make a CDBG-NDR award; this Agreement is built upon the HCD established non-entitlement boilerplate agreement language. In addition, the Department has developed a Grants Administration Manual ("GAM") specifically for CDBG-NDR and CDBG Disaster Recovery (DR) grants awarded to the Department from HUD. The CDBG-DR/NDR GAM is posted on the Department's webpage and contains all the most recent HCD forms, technical assistance, and policies that Grantees need to administer CDBG-NDR or CDBG-DR grant agreements.

Hereinafter, CDBG-NDR refers to the CDBG National Disaster Resilience grant and all specific rules, regulations, policies and statutes related to CDBG and to specific CDBG-NDR funding.

In accepting this conditional reservation of CDBG-NDR funds by executing this Agreement, CCC and SNC agree to comply with the terms and conditions of this Agreement, the representations contained in the CDBG-NDR application (the "Application"), which contains CCC's and SNC's letter of intent to be a partner and initial partnership agreement (see Exhibit F) for this funding allocation, which is incorporated herein by reference, and the requirements of the authorities cited above and any other terms and conditions imposed by HUD, HCD or the State.

3. Three Party Structure

While HCD is the Grantor and CCC is the Grantee under this Agreement, SNC is the Program Coordinator for these CDBG-NDR funds.

To that end, SNC will work directly with the Grantee to implement the Forest and Watershed Health Program, as awarded, on behalf of the Department. SNC will be the project coordinator and day-to-day program coordinator for the duration of this Agreement. SNC's Agreement with HCD, contract number 16-NDR-11311, is hereby incorporated by reference.

EXHIBIT A

The Grantee, SNC, and HCD will follow all processes and procedures as set forth in this Agreement and the most recent versions of the HUD CDBG-NDR technical assistance and guidance to ensure compliance with all applicable federal statutes, regulations, guidelines and federal register notices, as the same may be amended from time to time. CCC and SNC shall also follow all HCD federal and state compliance guidance, as well as policies and procedures and the HCD CDBG-NDR GAM for administration and implementation of FWHP activities during the term of this Agreement.

4. Eligible Activities and Costs

CCC shall only use funds under this Agreement for eligible CDBG-NDR activities and costs as authorized under existing Section 105(a) of Title I of the Housing and Community Development Act of 1974, as amended by the Appropriations Act as well as activities specified in the NDRC NOFA, and the HUD CDBG-NDR grant agreement with HCD, and in compliance with other requirements or conditions which may be imposed by HUD from time to time. The eligible activities under this Agreement are described below in Section 5, Scope of Work.

Eligible costs for project activities under this Agreement must comply with the provisions of federal Office of Management and Budget ("OMB") regulations in 2 CFR Part 200, subpart E, as may be amended from time to time. The total amount of funds drawn during the entire Agreement term must be for actual and reasonable costs incurred according to the United States Office of Management and Budget's Uniform Guidance (issued December 26, 2013). Source documentation for all time, materials and services costs must be maintained in CCC's administration files.

Eligible costs are also defined in HUD CPD Memo 13-07. Eligible planning costs are defined in 42 U.S.C. 5305(a) (12).

The OMB Uniform Guidance will supersede requirements from OMB Circulars A-87, A-133 and A-122. OMB Uniform Guidance, "Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards" is located at 2 CFR Chapter I and Chapter II, Part 200. OMB Circular A-122, "Cost Principles for Non-Profit Organizations" is located at 2 CFR, Part 230.

5. Meeting CDBG National Objective

Project activity costs expended by CCC as part of implementing the activities under this Agreement will require documentation of eligible costs for the Work described in Section 5. Per the CDBG-NDR National Objective regulations, full compliance is not achieved until the project activity is completed and urgent need identified in the NDRC application is addressed by the Work as described in this Exhibit. Therefore, for each project activity funded under this Agreement, CCC must document completion of items A, B, and C in Section 5 below. This documentation is required in order to be in compliance with the National Objective requirement and to provide information on beneficiaries of the project. National Objective compliance is further outlined in Exhibit D, Section 4, of this Agreement.

6. Scope of Work

A. CCC shall perform the funded activities described in the Scope of Work (Work) below. These activities were included in the State of California's NDRC Application to HUD,

which is on file with the Department of Housing and Community Development, Division of Financial Assistance, 2020 West El Camino Avenue, Suite 500, Sacramento, California, 95833, and which is incorporated herein by reference. All written materials or alterations submitted as addenda to the original Application and which are approved in writing by HUD are hereby incorporated as part of the Application. HCD reserves the right to require CCC to modify any or all parts of the Work in order to comply with CDBG-NDR requirements. HCD reserves the right to review and approve all Work to be performed by CCC, its contractors, and subrecipients under this Agreement. Any proposed revision to the Work by CCC must be submitted in writing for review and approval by the Department and the Core Team and may require an amendment to this Agreement. Approval of revisions shall not be presumed. Revision shall be valid upon receipt of HCD written approval.

The Scope of Work to be performed by SNC under this Agreement is the same Scope of Work as set forth in Section 5 of that certain Standard Agreement between HCD and SNC dated as of 05/30/2017 under contract 16-NDR-11311, which Section is incorporated by reference herein.

- B. For the purposes of performing the Work and subject to the terms of this Agreement, HCD agrees to reimburse CCC up to the amounts identified below. Unless amended, HCD shall not be liable for any costs for Work in excess of these amounts, nor any unauthorized or ineligible costs.
- C. Rangeland infrastructure (fences, water troughs, gates and cattle guards) play an important role in livestock management on public lands. There is currently an increased potential for livestock concentration in riparian areas, which may result in undesirable impacts to water quality and sensitive ecosystems. The Rim Fire resulted in significant impacts to rangeland infrastructure.

The scope of work to be performed by CCC crews shall work with USFS to reestablish, repair, and construct ~~eight~~ ten (10) rangeland fence projects totaling approximately ~~11.1~~ 15.7 miles on the Stanislaus National Forest. CCC crews shall perform brush and small dead tree removal and any other activities necessary to prepare the areas prior to fence construction or reconstruction. USFS staff will provide oversight and direction to CCC crews pursuant to a separate agreement between USFS and CCC. That agreement will detail work specifications, timelines, deliverables, and other project specific information.

Upon execution of a separate agreement with USFS, CCC shall submit to SNC and HCD a work plan detailing the timeline for completing this scope of work.

CCC crews shall be overseen by a supervisor with prior rangeland fencing experience to ensure timely and effective completion of this scope of work. If necessary, CCC shall provide opportunities for corps members to receive training from crews with rangeland fencing experience.

CCC shall work with and be assisted by HCD staff and HCD's technical assistance consultant as part of implementing the FWHP project. CCC is responsible for and shall ensure the completion of the Work in accordance with the criteria set forth above. In the

event that there are excess funds remaining in the budget after the completion of the approved activities, all such excess funds shall be retained by or returned to HCD, as the case may be, so that HCD may reallocate such funds to other CDBG-NDR project activities if HUD so approves.

7. Budget

Rangeland Fencing Project amounts funded with CDBG-NDR funds cannot exceed a maximum of \$240,000 330,000.

CCC Budget:

| Activity | Activity Amount Matrix Code | National Objective | Grant Funds |
|--------------------------|-----------------------------|--------------------|-------------------------------------|
| Public Improvements FHWP | 03 | Urgent Need | \$240,000 <u>330,000</u> |
| TOTAL | | | \$240,000 <u>330,000</u> |

SNC Budget

SNC does not have a budget associated with the activities in this Agreement. As outlined in Section A (2), SNC and HCD have a separate agreement, 16-NDR-11311, which provides funding to SNC for CDBG-NDR activities they will conduct under this three (3) party agreement. This same agreement, incorporated by reference into this Agreement contains SNC scope of work to be conducted with CCC and HCD.

8. Budget Line-Item Adjustments

Line item adjustments shall be for Matrix Codes, if HUD changes an activity matrix code(s) or if there is an error in recording the activity code, HCD will inform CCC in writing and the correction shall not require an amendment to this Agreement.

9. Other Funding Sources

CCC shall report on the value of other funding contributions included as leverage for each project activity via the Project Set-Up/Completion Report. The Project Set-Up/Completion Report is the report, which conveys the information needed to establish a project-specific account in the DRGR system. This information may also be entered into the NDR web-based grant management software system, pursuant to data entry instruction from HCD's technical advisory consultant, by CCC. CCC shall validate eligibility of leverage with HCD's CDBG-NDR technical assistance provider. The Project Set-up/Completion Report is used to convey any changes to the project-specific accounts and report the final project-specific information into DRGR.

10. Payment Process

EXHIBIT A

CCC shall follow the set-up, completion and payment process provisions outlined in **Exhibit B**. Eligible travel costs may be paid from the Grant Funds, but only if such costs are eligible and incurred in accordance with State travel laws.

11. Administrative Requirements

A. Documentation and Record-Keeping

1) Records to be Maintained

CCC shall maintain all records required by 24 CFR 570.506 that are pertinent to the activities to be funded under this Agreement. Such records shall include but are not limited to:

- a) Records providing a full description of each activity undertaken;
- b) Records demonstrating that each activity undertaken meets the National Objective of meeting an Urgent Need, per the CDBG-NDR program requirements;
- c) Records required to document the acquisition, improvement, use or disposition of real property acquired or improved with CDBG-NDR assistance, if applicable;
- d) Records documenting compliance with the fair housing and equal opportunity components of the CDBG-NDR program, if applicable;
- e) Financial records as required by 24 CFR 570.502(a)(15);
- f) Personnel, property and financial records, adequate to identify and account for all costs pertaining to this Agreement and such other records as may be deemed necessary by HCD to assure proper accounting for all project funds; and,
- g) Other records necessary to document compliance with Subpart K of 24 CFR Part 570, regarding environmental requirements.

B. Closeouts

CCC's obligations under this Agreement shall not end until all closeout requirements set forth in 24 CFR 570.509 are completed. The terms of this Agreement shall remain in effect during any period that CCC has control over CDBG funds, including program income.

C. Use and Reversion of Assets

EXHIBIT A

The use and disposition of immovable property, equipment and remaining Grant Funds under this Agreement shall be in compliance with all CDBG and NDR regulations, which include but are not limited to the following:

- 1) CCC shall transfer to HCD any Grant Funds on hand and any accounts receivable attributable to the use of funds under this Agreement at the time of expiration, cancellation, or termination of this Agreement.
- 2) Immovable property under CCC control that was acquired or improved, in whole or in part, with funds under this Agreement in excess of \$25,000 shall be used to meet one of the CDBG National Objectives set forth in 24 CFR 570.208 until five (5) years after expiration of this Agreement (or such longer period as HCD deems appropriate). If CCC fails to use such immovable property in a manner that meets a CDBG National Objective for the prescribed period of time, CCC shall pay to HCD an amount equal to the current fair market value of the property less any portion of the value attributable to expenditures of non-CDBG funds for the acquisition of, or improvement to, the property. Such payment shall constitute program income to HCD. CCC may retain real property acquired or improved under this Agreement after the expiration of the five-year period.
- 3) In all cases in which equipment acquired, in whole or in part, with Grant Funds is sold, the proceeds shall be program income (prorated to reflect the extent to which funds received under this Agreement were used to acquire the equipment). Equipment not needed by CCC for activities under this Agreement shall be: (a) transferred to HCD for the CDBG program; or, (b) retained by CCC after compensating HCD an amount equal to the current fair market value of the equipment less the percentage of non-CDBG funds used to acquire the equipment.

12. General Conditions

A. Independent Contractor

Nothing contained in this Agreement is intended to, or shall be construed in any manner, as creating or establishing the relationship of employer/employee, partnership or joint venture between the Parties. CCC and SNC shall at all times be and remain independent contractors with respect to all services to be performed under this Agreement. HCD shall be exempt from payment of all unemployment compensation, FICA, retirement, life and/or medical insurance and workers' compensation insurance, as CCC and SNC are independent contractors and are responsible for the same.

B. HCD Recognition

CCC shall ensure recognition of the role of HCD and the U.S. Department of Housing and Urban Development in providing services through this Agreement. All activities, facilities and items used pursuant to this Agreement shall be prominently labeled as to funding source. In addition, CCC will include a reference to the support provided herein in all publications made possible with funds made available under this Agreement.

EXHIBIT A

C. Amendments

The parties may amend this Agreement at any time, provided that such amendments make specific reference to this Agreement, are executed in writing, signed by a duly authorized representative of each signatory hereto, and approved by HCD in its discretion. Such amendments shall not invalidate this Agreement, nor relieve or release the Parties from its obligations under this Agreement.

HCD may require a written amendment to this Agreement to conform the Agreement to federal, state and local governmental laws, regulations, executive orders, guidelines, policies and available funding amounts as the same may change during the term hereof. Failure of CCC to execute the written amendment required by HCD may constitute, at HCD's sole discretion, a basis for termination of this Agreement for cause.

13. No Assignment

No party may transfer or assign this Agreement or transfer or assign any of its rights or assign any of its duties hereunder without the express written consent of the other parties. However, if the parties do mutually agree to an assignment, all rights and obligation set forth herein shall inure to the benefit of the parties and to their respective successors and assigns.

14. Severability

The terms and provisions of this Agreement are severable. Unless the primary purpose of this Agreement would be frustrated, the invalidity or unenforceability of any term or condition of this Agreement shall not affect the validity or enforceability of any other term or provision of this Agreement. - A. All contracts, except for State construction projects that are funded in whole or in part by the Federal government, must contain a 30-day cancellation clause and the following provisions:
 - 1) It is mutually understood between the parties that this contract may have been written for the mutual benefit of both parties before ascertaining the availability of congressional appropriation of funds to avoid program and fiscal delays that would occur if the contract were executed after that determination was made.
 - 2) This contract is valid and enforceable only if sufficient funds are made available to the State by the United States Government for the purpose of this Program. In addition, this contract is subject to any additional restrictions, limitations, or conditions enacted by the Congress or to any statute enacted by the Congress that may affect the provisions, terms, or funding of this contract in any manner.

EXHIBIT D

- 3) The parties mutually agree that if the Congress does not appropriate sufficient funds for the program, this contract shall be amended to reflect any reduction in funds.
 - 4) The Department has the option to invalidate the contract under the 30-day cancellation clause or to amend the contract to reflect any reduction in funds.
- B. Exemptions from provisions A.1 through A.4 above may be granted by the Department of Finance provided that the director of the State agency can certify in writing that Federal funds are available for the term of the contract.
- C. Government Code ("GC") § Section 8546.4(e) provides that State agencies receiving Federal funds shall be primarily responsible for arranging for Federally required financial and compliance audits, and shall immediately notify the Director of Finance, the State Auditor, and the State Controller when they are required to obtain Federally required financial and compliance audits.

38. Required Expenditure Dates

In accordance with P.L. 113-2, all CDBG-NDR funds must be expended within two years of the date HUD obligates funds to the grantee (funds are obligated to a grantee upon HUD's signing of the grantee's CDBG-NDR grant agreement), unless a waiver is requested and granted by HUD. For purposes of this Agreement, on July 18, 2016, HUD granted the Department a waiver of this requirement and establishing a new expenditure date of September 30, 2022. Subsequently, through the Consolidated Appropriations Act, 2021, enacted on December 27, 2020, Congress allowed HUD to extend the expenditure deadline to September 30, 2023; the Consolidated Appropriations Act, 2022, signed into law March 15, 2022, provides that funds previously made available in chapter 9 of P.L. 113-2 are to remain available through the federal fiscal year 2025 (September 30, 2025). Any funds not expended by the federal expenditure date will be cancelled and recaptured by the Treasury, and thereafter will not be available for obligation or expenditure for any purpose. Grantee cannot request an extension of the federal expenditure date.

39. Grant Reduction

If, after HCD is awarded funds and enters into a grant agreement with HUD, HCD then or subsequently proposes to make a substantial amendment to any of the CDBG-NDR project activities, then HUD and HCD reserve the right to amend the award and change the budget amounts under this Agreement.

40. Withdrawal of Grant Amounts

If Grantee does not proceed within a reasonable timeframe, HUD and HCD reserve the right to withdraw any funds HCD has not obligated under the award. If funds are withdrawn prior to September 30, 2017, HUD shall redistribute any withdrawn amounts to one or more other jurisdictions eligible for CDBG-NDR funding.

EXHIBIT D

41. Financial Controls

The NDRC NOFA requires that any party involved in the CDBG-NDR projects, whether directly or indirectly, must agree to provide any information HCD requires in order to maintain proficient financial controls; on a project costing over \$100 million, the magnitude of such controls will be wide and varying. HCD has developed a Grant Administration Manual ("GAM") for CDBG-NDR funding and by executing this Agreement, Grantee commits to using the manual as guidance in completing fiscal reports and maintaining accounting records.

42. Administrative and National Policy Requirements

Certain Administrative and National Policy Requirements apply to all HUD funding, including CDBG-NDR funding. See NDRC NOFA, Exhibit E, for a list of these requirements. All recipients of this funding or any party involved in a CDBG-NDR project, whether directly or indirectly, must agree to provide any information HCD requires in order to meet the aforementioned administrative and national policy requirements.

43. Reporting

HUD requires grantees under the NDRC NOFA to report the sources and uses of all amounts expended and other information for HUD's annual report to Congress or other purposes as determined by HUD. All recipients of CDBG-NDR funding for project implementation, whether directly or indirectly, shall report amounts shown in project sources and uses forms and all amounts expended on eligible activities under this Agreement. Parties shall provide information as requested by HCD for purposes of reporting to federal, state and local entities including but not limited to CDBG-NDR quarterly report to HUD, and HUD's annual report to Congress or other purposes as determined by HUD.

Appendix A of the NDRC NOFA contains the requirements applicable to Community Development Block Grant (CDBG) funds made available by the Disaster Relief Appropriations Act, 2013 (PL113-2, approved January 29, 2013) Appropriations Act and awarded under the National Disaster Resilience Competition as CDBG-NDR grants. Appendix A to the NDRC NOFA was subsequently incorporated into Federal Register Notice FR-5936-N-01.

44. Use of Funds

- A. The Appropriations Act made funds available for necessary expenses related to disaster relief, long-term recovery, restoration of infrastructure and housing, and economic revitalization in the most impacted and distressed areas resulting from a major disaster declared pursuant to the Robert T. Stafford Disaster Relief and Emergency Assistance Act of 1974 (42 U.S.C. 5121 et seq.) (Stafford Act), due to Hurricane Sandy and other eligible events in calendar years 2011, 2012, and 2013. The Appropriations Act requires funds to be used only for these specific disaster-related purposes.
- B. All recipients of CDBG-NDR grants are subject to: (1) the requirements of the Appropriations Act; (2) the Fiscal Year (FY) 2014 Notice of Funding Availability for National Disaster Resilience Competition (NDRC NOFA), including all appendices and

EXHIBIT D

incorporated portions of the FY 2014 General Section (as amended); and (3) applicable regulations governing the CDBG program at 24 CFR Part 570, unless modified by waivers and alternative requirements published by HUD in this NOFA or other applicable Federal Register Notice.

45. Performance Measures and Related Remedies

Performance Measures and Penalties provisions are set forth in Exhibit B Section 7.

46. Disputes

Except as otherwise provided in this Agreement, any dispute arising under or relating to the performance of this Agreement, which is not disposed of, by mutual agreement of the parties shall be decided by a two-tier process. First, the Grantee will present their dispute documentation to the CDBG-NDR Project Manager for review and resolution. If the dispute cannot be resolved by the Project Manager, then it will be presented to the Deputy Director of HCD's Housing Policy Division. The decision of the Deputy Director shall be final, conclusive and binding.

47. Award Date

Given the uniqueness of this NDRC competitive award, HCD is treating the HUD award date as the date of the award for Grantee. As noted in item 36 above, the Consolidated Appropriations Act, 2022, enacted on March 15, 2022, Congress allowed HUD to extend the expenditure deadline to September 30, 2025.

~~As noted in item 1 above, on July 18, 2016, HUD approved HCD's request to extend the expenditure deadline to September 30, 2022.~~ It is important to note that only the remaining balance of the grant as of the end of the initial 24-month expenditure period will be extended.

48. Suspension or Termination

A. Suspension of Work

The Director of HCD, the Acting Director, or any designee of either, by written notice may suspend the work of the Grantee, or any portion thereof, for any period up to ninety (90) days, as the Director, Acting Director, or their designee may deem necessary in their reasonable discretion.

B. Termination at Option of Department

The Director, Acting Director, or their designee may, in their sole and absolute discretion and upon ten (10) days' written notice to Grantee, terminate this Agreement in whole or in part. Upon receipt of a termination notice, Grantee shall immediately discontinue all services affected unless the notice specifies otherwise.

C. Termination for Default

The Director, Acting Director, or their designee may, upon three (3) day written notice to 2016 CDBG National Disaster Resilience (CDBG-NDR) Grant

EXHIBIT D

the Grantee, and without any prejudice to its other remedies, terminate this Agreement in whole or in part for cause. Cause shall consist of violations of any terms and/or special conditions of this Agreement and for the HUD agreement, upon the request of HUD, or the withdrawal of, or any limitation on the Department's expenditure authority. Upon receipt of any notice terminating this Agreement in whole or in part, the Grantee shall (1) immediately discontinue all services affected (unless the notice directs otherwise); and (2) deliver to the Department's Contract Manager all data, reports, summaries, and such other information and materials as may have been accumulated by the Grantee in performing under this Agreement, whether completed or in progress. At the sole discretion of the Department, the Department may offer the Grantee an opportunity to cure any breach(es) prior to terminating for a breach. If after notice of termination for failure to fulfill contract obligations, it is determined that the Grantee had not so failed, the termination shall be deemed to have been effected for the convenience of the Department.

D. Termination at Option Upon Bankruptcy of Grantee

In the event proceedings in bankruptcy are commenced against the Grantee, or the Grantee is adjudged bankrupt or a receiver is appointed, the Grantee shall notify the Department immediately in writing and Department may terminate this Agreement and all further rights and obligations by giving three (3) days' notice in writing to Grantee in the manner specified herein.

E. Effects of Suspension and Termination

Costs incurred by or paid by Grantee relating to obligations incurred by the Grantee during a suspension or after termination of an award are not allowable unless the Department expressly authorizes them in the notice of suspension or termination or subsequently. Other Grantee costs during suspension or after termination which are necessary and not reasonably avoidable are allowed if:

- 1) The costs resulting from obligations which were properly incurred by the Grantee before the effective date of suspension or termination, are not in anticipation of suspension or termination; and, in the case of a termination, are non-cancellable; and,
- 2) The costs would be allowable if the award was not suspended or expired normally at the end of the funding period in which the termination takes place. Notwithstanding the previous sentence, any costs incurred after this contract is terminated are not reimbursable.
- 3) Relationship to Debarment and Suspension. The enforcement remedies identified in this Section, including suspension and termination, do not preclude a Grantee from being subject to 2 CFR Part 2424. CDBG funds may not be provided to excluded or disqualified persons, organizations, companies or entities per 24 CFR 570.489(i).

F. Non-Compliance

EXHIBIT D

Enforcement for noncompliance may include, but is not limited to, the following remedies if Grantee materially fails to comply with any term of this Agreement, whether stated in a federal statute or regulation, an assurance in a State plan or application, a notice of award, or elsewhere:

- 1) Temporarily withhold cash payments pending correction of the deficiency by the Grantee.
- 2) Disallow (that is, deny use of funds for) all or part of the cost of the activity or action not in compliance.
- 3) Wholly or partly suspend or terminate the current award for the Grantee's program.
- 4) Exercise any other remedies or any other rights that may be legally available to the Department, including termination of this Agreement.

G. Cumulative Remedies

The rights and remedies of the Department provided in this Agreement are cumulative and are in addition to any other rights and remedies provided by law, all of which are hereby reserved.

H. Completion

In the event of termination for default, the Department reserves the right to take over and complete the work by contract or other means; Grantee will fully cooperate with the Department and provide all information needed for a smooth transition. In such case, Grantee is liable to Department for any additional costs incurred by the Department to complete the work.

In accordance with federal register notice FR-5936-N-01, a Data Universal Numbering System (DUNS) number must be collected and reported in the Disaster Recovery Grants Reporting (DRGR) system.

49. Force Majeure

"Force Majeure" is an unforeseeable event outside of a party's reasonable control which prevents or delays performance of that party's obligations under this Agreement. Such event does not include the normal risks a party assume when it enters a contract. A Force Majeure event is a natural disaster such as an earthquake, flood, hurricane, pandemic, an Act of God, act of war, act of public enemies of this state or of the United States, or other similar event.

"Force Majeure" also includes actions or measures taken by any governmental authority, including executive orders, public health orders, or other governmental orders, laws, regulation, or other governmental action taken in response to a "Force Majeure" event, such as a quarantine or other restriction, which prevents or delays the performance of a parties' obligations under this Agreement.

The party asserting "Force Majeure" must give notice to the other party(s) to this Agreement
2016 CDBG National Disaster Resilience (CDBG-NDR) Grant

EXHIBIT D

within ten calendar days of the occurrence of the Force Majeure event, notice to be given in accordance with the notice provisions of this Agreement. Such notice must include a description of the Force Majeure event, how the event has prevented or delayed the party's ability to perform its obligations under this Agreement, a description of the reasonable measures the asserting party proposes to take to resume performance of its obligations under this Agreement, and a date by which the party anticipates it will resume performance of its obligations hereunder.

50. Federal Register Notice(s)

The parties agree that in addition to complying with all other terms and conditions set forth in the Standard Agreement and the various Exhibits thereto, to the extent additional requirements or conditions are imposed upon HCD by HUD in any Federal Register Notice ("FRN") relating to the NDRC project, the parties will be required to comply with such additional requirements or conditions, as will their respective recipients of CDBG NDR funding. In connection therewith, the parties acknowledge having reviewed the following three FRNs issued by HUD prior to the date hereof: (i) 81 FRN 109, page 36557 [Docket No. FR-5936-N-01] dated June 7, 2016; (ii) 80 FRN 21, page 5570 [Docket No. FR-5831-N-03] dated February 2, 2015; and (iii) 79 FRN 202, page 62654 [Docket No. FR-5753-N-11] dated October 20, 2014. The parties further acknowledge that additional FRNs relative to the NDRC project will be issued by HUD in the future, and that each party must also comply with any requirements and conditions set forth in such subsequent FRNs.

51. HCD National Disaster Resilience (NDR) Grant Administration Manual (GAM)

The Grantee shall utilize the most current version of the CDBG-NDR GAM in implementing CDBG-NDR activities. Grantee will work with HCD's technical assistance consultant to ensure all activities being undertaken in this Agreement are in compliance with CDBG and CDBG-NDR rules and regulations.

52. Duplication of Benefit

Duplication of benefits (DOB) requirements in section 312 of the Stafford Act and in the Appropriations Act applies to the use of CDBG-NDR funds. HCD has developed a process for documenting any DOB for project activities. This process is based on HUD Federal Register Notice 76 FR 71060 published on November 16, 2011 and other HUD published guidance. Prior to release of any project activity funding, Grantee must follow HCD process for documentation of DOB. The DOB calculations must be completed and approved in writing by HCD as part of clearing general conditions for each project activity under this Agreement upon clearance of general conditions, project funding will be released.

53. Non-Discrimination Language from 41 CFR Part 60-1.4(b)

Grantee shall comply with Executive Order 11246 of September 24, 1965, entitled "Equal Employment Opportunity", as amended by Executive Order 11375 of October 13, 1967, and as supplemented in Department of Labor regulations (41 CFR chapters 60).

EXHIBIT D

54. Policies on Excessive Use of Force

Grantee must have and follow these policies: 1) Prohibiting the use of excessive force by law enforcement agencies within its jurisdiction against any individuals engaged in nonviolent civil rights demonstration; and, 2) Enforcing applicable State and local laws against physically barring entrance to or exit from a facility or location that is the subject of such nonviolent civil rights demonstration within its jurisdiction.

55. Project Design/Feasibility

Grantee will demonstrate that the engineering design for each project activity under this Agreement is feasible prior to obligation of funds for construction. This demonstration is satisfied if a registered professional engineer (or other design professional) certifies that the design meets the appropriate code or industry design and construction standards. Grantee will design projects that to the greatest degree possible, use construction methods that are high quality and limit project's environmental impact on the local community.

56. Use of Web Based Grant Management Software

~~Grantee staff shall utilize the web-based software that HCD is having developed for CDBG-NDR grant administration. The HCD technical assistance consultant shall develop such software and shall provide training and technical assistance to Grantee's staff on accessing and using the software. The software license from the consultant is extended to HCD's employees as Authorized Users and is extended to Grantee's staff as Non-HCD Authorized Users. Grantee, as Non-HCD Authorized User, acknowledges that its and its employee use of the CDBG-NDR software created for this project by the technical assistance consultant is expressly subject to the terms and conditions of the software license granted to HCD in Section 1 of Exhibit F to that certain Standard Agreement between HCD and the consultant (the "License"), which License Grantee has reviewed and agrees to be fully bound by. These indemnify, defense and hold harmless obligation of Grantee shall indefinitely survive the completion or earlier termination of this Agreement. Grantee staff shall utilize the current HCD provided web-based software for grant payments and reporting. HCD is using the eCivis Grants Network Grant Management System (GMS) for CDBG-NDR grant administration. Grantee shall set up the required account in the eCivis Portal to become an authorized user of the Grants Network GMS. As part of setting up the account, Grantee shall agree to all terms and conditions of the eCivis Grants Network system.~~

57. Required Federal Language from 2 CFR Part 200 Appendix II

Appendix II to CFR Part 200 sets forth mandatory provisions which must be incorporated into non-Federal entity contracts involving federal funds awards. This requirement applies to the subject matter of this Agreement. Accordingly, Appendix II to CFR Part 200 is hereby incorporated into and made part of this Agreement by reference. Grantee acknowledges having reviewed such provisions and agrees to the terms thereof. Grantee further acknowledges that HCD is requiring that all other recipients of CDBG-NDR funding incorporate Appendix II to CFR Part 200 into their agreements.

EXHIBIT D

58. Procurement of Recovered Materials

A non-Federal entity that is a state agency or agency of a political subdivision of a state and its contractors must comply with section 6002 of the Solid Waste Disposal Act (42 USC 6901, et seq.), as amended by the Resource Conservation and Recovery Act (42 USC 6962, et seq.). The requirements of Section 6002 include procuring only items designated in guidelines of the Environmental Protection Agency (EPA) at 40 CFR Part 247 that contain the highest percentage of recovered materials practicable, consistent with maintaining a satisfactory level of competition, where the purchase price of the item exceeds \$10,000 or the value of the quantity acquired during the preceding fiscal year exceeded \$10,000; procuring solid waste management services in a manner that maximizes energy and resource recovery; and establishing an affirmative procurement program for procurement of recovered materials identified in the EPA guidelines.

59. Rights to Inventions Made Under a Contract or Agreement

If a Federal award meets the definition of “funding agreement” under 37 CFR 401.2(a) and the recipient or subrecipient wishes to enter into a contract with a small business firm or nonprofit organization regarding the substitution of parties, assignment or performance of recipient or subrecipient must comply with requirements of 37 CFR Part 401, “Rights to Inventions Made by Nonprofit Organizations and Small Business Firms Under Government Grants, Contracts and Cooperative Agreements,” and any implementing regulation issued by the awarding agency.

60. Ethical Standards/Code of Conduct

Grantee must develop and maintain written standards of conduct as required by 2 CFR 200.318.
