

SB 35 Determination Methodology and Background Data July 2021

SB 35 Reporting Period

SB 35 (Chapter 366, Statutes of 2017) defines the Reporting Period as the first half of the regional housing needs assessment (RHNA) cycle or the second half of the RHNA cycle. For jurisdictions that have not completed the first half of the fifth RHNA cycle, a proration will apply until the jurisdiction completes the first-half point of the cycle.

Prorated targets will be updated after Annual Progress Reports (APRs) are due each year until the jurisdiction completes the first-half of the fifth RHNA cycle, at which point a jurisdiction's determination will only be updated at the end of the fifth RHNA cycle, and at the midpoint and end point of all cycles going forward.

APRs are on calendar years, while RHNA planning periods¹ may begin and end at various times throughout the year. When a planning period begins after July, the APR for that year is attributed to the prior RHNA cycle. When the planning period ends before July 1, the APR for that year will be attributed to the following RHNA cycle.

More detail is shown below by regional government or county and applies to all jurisdictions within the regional government or county.

Credit for Permitting during Projection Period

Jurisdictions may count permits that occurred during the 5th cycle projection period² before the planning period began on the first APR of the 5th cycle planning period.

Annual Progress Report (APRs) Due Dates

APRs are due each April and report on the prior calendar year's activities. As of April 1, 2021, the 2021 APRs and prior APRs were due. While HCD will continue to update APR data as APRs are received, permits from APRs received after the publication of this determination will not count toward this determination of a jurisdiction's eligibility for the Streamlined Ministerial Approval Process pursuant to SB 35 (Chapter 366, Statutes of 2017). The determination includes APRs received as of 6/18/2021.

¹**Planning Period:** The time-period between the due date for one housing element and the due date for the next housing element. This time-period can be either 8 or 5 years, depending on the jurisdiction.

²**Projection Period:** The time-period for which the regional housing need assessment (RHNA) is calculated.

SB 35 Determination for the Counties of Fresno, Kern, Kings, Madera, Merced, Monterey, San Benito, San Joaquin, Santa Cruz, Stanislaus, Tulare; and all cities within each county

*These jurisdictions are in the First Half Reporting Period, including 4 years (2019 APRs) of an 8 -year planning period. **Less than 50% permitting progress toward 5th Cycle regional housing needs assessment (RHNA) for an income category is considered insufficient progress. The next SB 35 Determination for these jurisdictions will be conducted at the Last Half Reporting Period, including 8 years (2016-2024 APRs) of an 8-year planning period, at which point they will need to demonstrate 100% permitting progress toward 5th Cycle RHNA.***

Jurisdictions with insufficient progress toward Above-Moderate RHNA are subject to SB 35 streamlining for developments with 10% affordability or above. Jurisdictions with insufficient progress toward Lower RHNA (Very Low and Low) are subject to SB 35 streamlining for developments with 50% affordability or above.

As the definition of low-income is inclusive of very-low income, units permitted in excess of the very-low income need can be applied to demonstrate progress towards the Lower-income need.

5th Cycle Planning Period: 02/15/2015 – 02/15/2023¹⁰

5th Cycle Projection Period: 01/01/2014 – 09/30/2022

APRs that count toward First Half Reporting Period	2015 2016 2017 2018
APRs that count toward Last Half Reporting Period	2019 2020 2021 2022

Note: Jurisdictions can count permits that occurred during the 5th cycle projection period before the 5th cycle planning period began on the first APR of the 5th cycle planning period. For these jurisdictions, this includes permits from 2014. For assistance in counting these units contact APR@hcd.ca.gov.

SB 35 Eligibility Methodology

After 2018 APRs are due:	Less than 4/8ths (50%) permitting progress toward 5th Cycle regional housing needs assessment for an income category, qualifies as “fewer units of [an income category of] housing approved than were required for the regional housing needs assessment cycle for that reporting period.”
After 2022 APRs are due:	Less than 8/8ths (100%) permitting progress toward 5th Cycle regional housing needs assessment for an income category, qualifies as “fewer units of [an income category of] housing approved than were required for the regional housing needs assessment cycle for that reporting period.”

¹⁰ When the planning period ends before July 1, the APR for that year will be attributed to the following cycle.

SB 35 Determination for the Counties of Alameda, Contra Costa, Marin, Napa, San Francisco, San Mateo, Santa Barbara, Santa Clara, Solano, and Sonoma; and all cities within each county

These jurisdictions are in the First Half Reporting Period, including 4 years (2015-2018 APRs) of an 8-year planning period. Less than 50% permitting progress toward 5th Cycle regional housing needs assessment (RHNA) for an income category is considered insufficient progress. The next SB 35 Determination for these jurisdictions will be conducted at the Last Half Reporting Period, including 8 years (2019-2022 APRs) of an 8-year planning period, at which point they will need to demonstrate 100% permitting progress toward 5th Cycle RHNA.

Jurisdictions with insufficient progress toward Above-Moderate RHNA are subject to SB 35 streamlining for developments with 10% affordability or above or the 20 percent moderate income option if the site is located in the San Francisco Bay Area as defined in Section 102(x) of the SB 35 Guidelines. Jurisdictions with insufficient progress toward Lower RHNA (Very Low and Low) are subject to SB 35 streamlining for developments with 50% affordability or above.

As the definition of low-income is inclusive of very-low income, units permitted in excess of the very-low income need can be applied to demonstrate progress towards the Lower-income need.

SB 35 Eligibility Methodology

After 2017 APRs are due:	Less than 4/8ths (50%) permitting progress toward 5th Cycle regional housing needs assessment for an income category, qualifies as “fewer units of [an income category of] housing approved than were required for the regional housing needs assessment cycle for that reporting period.”
After 2021 APRs are due:	Less than 8/8ths (100%) permitting progress toward 5th Cycle regional housing needs assessment for an income category, qualifies as “fewer units of [an income category of] housing approved than were required for the regional housing needs assessment cycle for that reporting period.”

¹¹ When the planning period begins after July 1, the APR for that year is attributed to the prior cycle.

After 2021 APRs are due:	Less than 8/8ths (100%) permitting progress toward 5th Cycle regional housing needs assessment for an income category, qualifies as “fewer units of [an income category of] housing approved than were required for the regional housing needs assessment cycle for that reporting period.”

¹³ When the planning period begins after July 1, the APR for that year is attributed to the prior cycle.

Butte County Association of Governments (BCAG) – includes Butte County and all cities within the County

5th Cycle Planning Period: 06/15/2014 – 06/15/2022¹⁴

5th Cycle Projection Period: 01/01/2014 – 06/15/2022

APRs that count toward First Half Reporting Period	2014 2015 2016 2017
APRs that count toward Last Half Reporting Period	2018 2019 2020 2021

Note: Jurisdictions can count permits that occurred during the 5th cycle projection period before the 5th cycle planning period began on the first APR of the 5th cycle planning period. For BCAG jurisdictions, this includes permits from 2014, which will already be included on their 2014 APR.

SB 35 Eligibility Methodology

After 2017 APRs are due:	Less than 4/8ths (50%) permitting progress toward 5th Cycle regional housing needs assessment for an income category, qualifies as “fewer units of [an income category of] housing approved than were required for the regional housing needs assessment cycle for that reporting period.”
After 2021 APRs are due:	Less than 8/8ths (100%) permitting progress toward 5th Cycle regional housing needs assessment for an income category, qualifies as “fewer units of [an income category of] housing approved than were required for the regional housing needs assessment cycle for that reporting period.”

¹⁴When the planning period ends before July 1, the APR for that year will be attributed to the following cycle.

**SB 35 Determination for the Counties of Butte, El Dorado, Imperial,
Los Angeles, Orange, Placer, Riverside, Sacramento, San
Bernardino, Sutter, Ventura, Yolo, and Yuba; and all cities within
each county**

These jurisdictions are in the First Half Reporting Period, including 4 years (2014-2017 APRs) of an 8-year planning period. Less than 50% permitting progress toward 5th Cycle regional housing needs assessment (RHNA) for an income category is considered insufficient progress. The next SB 35 Determination for these jurisdictions will be conducted at the Last Half Reporting Period, including 8 years (2014-2021 APRs) of an 8-year planning period, at which point they will need to demonstrate 100% permitting progress toward 5th Cycle RHNA.

Jurisdictions with insufficient progress toward Above-Moderate RHNA are subject to SB 35 streamlining for developments with 10% affordability or above. Jurisdictions with insufficient progress toward Lower RHNA (Very Low and Low) are subject to SB 35 streamlining for developments with 50% affordability or above.

As the definition of low-income is inclusive of very-low income, units permitted in excess of the very-low income need can be applied to demonstrate progress towards the Lower-income need.

SB 35 Determination for the Counties of Butte, El Dorado, Imperial, Los Angeles, Orange, Placer, Riverside, Sacramento, San Bernardino, Sutter, Ventura, Yolo, and Yuba; and all cities within each county

These jurisdictions are in the First Half Reporting Period, including 4 years (2014-2017 APRs) of an 8-year planning period. Less than 50% permitting progress toward 5th Cycle regional housing needs assessment (RHNA) for an income category is considered insufficient progress. The next SB 35 Determination for these jurisdictions will be conducted at the Last Half Reporting Period, including 8 years (2014-2021 APRs) of an 8-year planning period, at which point they will need to demonstrate 100% permitting progress toward 5th Cycle RHNA.

Jurisdictions with insufficient progress toward Above-Moderate RHNA are subject to SB 35 streamlining for developments with 10% affordability or above. Jurisdictions with insufficient progress toward Lower RHNA (Very Low and Low) are subject to SB 35 streamlining for developments with 50% affordability or above.

As the definition of low-income is inclusive of very-low income, units permitted in excess of the very-low income need can be applied to demonstrate progress towards the Lower-income need.

APRs that count toward First Half Reporting Period	2013 2014 2015 2016
APRs that count toward Last Half Reporting Period	2017 2018 2019 2020

Note: Jurisdictions can count permits that occurred during the 5th cycle projection period before the 5th cycle planning period began on the first APR of the 5th cycle planning period. For SANDAG jurisdictions, this includes permits from 2010, 2011, and 2012, which can be counted on 2013 APRs. For assistance in counting these units contact APR@hcd.ca.gov.

SB 35 Eligibility Methodology

By January 2018, after 2016 APRs are due:	Less than 4/8ths (50%) permitting progress toward 5th Cycle regional housingneeds assessment for an income category, qualifies as “fewer units of [an income category of] housing approved than were required for the regional housing needs assessment cycle for that reporting period.”
After 2020 APRs are due:	Less than 8/8ths (100%) permitting progress toward 5th Cycle regional housingneeds assessment for an income category, qualifies as “fewer units of [an income category of] housing approved than were required for the regional housing needs assessment cycle for that reporting period.”

¹⁵When the planning period ends before July 1, the APR for that year will be attributed to the following cycle

SB 35 Determination for the Counties of San Diego; and all cities within the County

These jurisdictions are in the Last Half Reporting Period, including 8 years (2014-2020 APRs) of an 8-year planning period. Less than 100% permitting progress toward 5th Cycle regional housing needs assessment (RHNA) for an income category is considered insufficient progress. The next SB 35 Determination for these jurisdictions will be conducted at the First Half Reporting Period, including 4 years of an 8-year planning period, at which point they will need to demonstrate 50% permitting progress toward the 6th Cycle RHNA.

Jurisdictions with insufficient progress toward Above-Moderate RHNA are subject to SB 35 streamlining for developments with 10% affordability or above. Jurisdictions with insufficient progress toward Lower RHNA (Very Low and Low) are subject to SB 35 streamlining for developments with 50% affordability or above.

As the definition of low-income is inclusive of very-low income, units permitted in excess of the very-low income need can be applied to demonstrate progress towards the Lower-income need.

SB 35 Determination for the Counties of Alpine, Amador, Calaveras, Colusa, Del Norte, Glenn, Humboldt, Inyo, Lake, Lassen, Mariposa, Mendocino, Modoc, Mono, Nevada, Plumas, San Luis Obispo, Shasta, Sierra, Siskiyou, Tehama, Trinity, Tuolumne; and all cities within each county

These jurisdictions are in the Last Half Reporting Period, including 5 years (2014-2018 APRs) of an 5-year planning period. Less than 100% permitting progress toward 5th Cycle regional housing needs assessment (RHNA) for an income category is considered insufficient progress. The next SB 35 Determination for these jurisdictions will be conducted at the First Half Reporting Period, including 3 years of an 5-year planning period or 4 years of an 8-year planning period, at which point they will need to demonstrate 50% permitting progress toward the 6th Cycle RHNA.

Jurisdictions with insufficient progress toward Above-Moderate RHNA are subject to SB 35 streamlining for developments with 10% affordability or above. Jurisdictions with insufficient progress toward Lower RHNA (Very Low and Low) are subject to SB 35 streamlining for developments with 50% affordability or above.

As the definition of low-income is inclusive of very-low income, units permitted in excess of the very-low income need can be applied to demonstrate progress towards the Lower-income need.

(Note: Jurisdictions are automatically subject to SB 35 streamlining provisions when latest Annual Progress Report (2020) Not Submitted)
