## HHAP Round 5 Application

### Part 1: Regional Identification and Contracting Information

Steps to complete this section:

1. Select the CoC Region.
2. Indicate which of the Eligible Applicants are participating in this HHAP-5 application.
3. For each participating Eligible Applicant, you will also be prompted to indicate whether and how the Eligible Applicant intends to contract with the state (i.e., indicate the Administrative Entity for that eligible applicant's HHAP-5 Allocation).

#### **Please select the Continuum of Care region**

Chico, Paradise/Butte County CoC

#### *Application Participation Guidance:*

*Cal ICH encourages eligible applicants to apply in collaboration with all eligible applicants in their CoC Region and submit a single Regionally Coordinated Homelessness Action Plan. Applicants may apply together and still receive funds separately.*

- *Large Cities **must** apply as part of the regional application with the County and CoC.*
- *Counties **must** apply as part of a regional application with the CoC and any overlapping Large Cities.*
  - *In a multi-county CoC: Counties **are strongly encouraged to** apply in collaboration with other counties that are served by the same CoC.*
- *A CoC that serves a single county **must** apply as part of the regional application with the County and any overlapping Large Cities.*
- *A CoC that serves multiple counties **must either:***

- *Apply as part of a regional application with multiple Counties and any overlapping Large Cities; and/or*
- *Participate in the regional application of **each** overlapping County and the Large Cities therein.*

**Contracting Guidance:**

*Each Eligible Applicant (Large City, County, and CoC) has the discretion to receive their base allocation directly or may designate an Eligible Applicant in their region to serve as their Administrative Entity. This selection will indicate to Cal ICH which Eligible Applicant will enter into contract with the state to receive and administer each Eligible Applicant's HHAP-5 allocation.*

*The Administrative Entity is responsible for HHAP funds and meeting the terms and conditions of the contract. Broadly speaking, this means administering funds, contracting (when necessary) with sub-recipients, and reporting on HHAP-5 dollars and activities to Cal ICH.*

- *If you plan to contract with the state to receive and administer **only** your (single) HHAP-5 allocation, select: "Will enter into contract with the state to receive and administer their HHAP-5 allocation individually" under the contracting selection.*
- *If you **do not plan to contract with the state** and instead plan to identify another participating Eligible Applicant in the region to enter into contract with the state to receive and administer your HHAP-5 allocation, select: "Identify another participating Eligible Applicant in their region to enter into contract with the state to receive and administer their HHAP-5 allocation" under the contracting selection. You will then be prompted to designate the Administrative Entity from a list of eligible applicants in the region.*
- *If you plan to contract with the state to **receive and administer multiple HHAP-5 allocations** within your region, select "Will enter into contract with the state to receive and administer their HHAP-5 allocation and allocation(s) from other Eligible Applicants in the region" under the contracting selection.*

Steps to complete this section:

1. Identify and describe the specific roles and responsibilities of **each participating Eligible Applicant** in the region regarding:
  - o Outreach and site coordination;
  - o Siting and use of available land;
  - o Development of interim and permanent housing options; and
  - o Coordination and connection to the delivery of services for individuals experiencing or at risk of experiencing homelessness within the region.
2. Describe and explain how all Participating Jurisdictions are coordinating in each area.

Optional: You may also include roles and responsibilities of small jurisdictions in the region that elect to engage and collaborate on the plan.

Guidance:

Each Eligible Applicant must identify and describe their role in the region for **each** table.

To add additional jurisdictions, click "Add a Participating Jurisdiction" near the bottom of each table.

## Outreach & Site Coordination

Participating Jurisdictions	Roles & Responsibilities
Butte County	Butte County, through the Department of Employment and Social Services (DESS), operates the Housing Navigation Center. In addition to being a location in which the public can seek out housing and related services, it is also the hub for Housing Navigators that conduct outreach countywide. DESS coordinates with staff from Butte County Sheriff's Office, Butte County Behavioral Health, Butte County Development Services - Code Enforcement, and local jurisdictions to provide a multi-pronged approach to providing services directly to community members experiencing or at-risk of homelessness.
CA-519 Chico, Paradise/Butte County CoC	Several CoC membership agencies conduct outreach throughout the county. The CoC provides space for resources and best practices to be disseminated. The CoC Policy and Procedure also outlines the Outreach process for all membership agencies including Housing First principals, Progressive Engagement, and Coordinated Entry integration. The CoC continues to provide access to trainings on best practices as well as regularly reviewing and updating the associated Policy and Procedure.

Given the individual roles and responsibilities identified above, describe and explain how all participating jurisdictions are or will begin to coordinate these efforts to ensure comprehensive outreach and site coordination to individuals experiencing and at-risk of experiencing homelessness in the region.

### Regional Coordination Narrative - Outreach & Site Coordination

Butte County serves as the Administrative Entity, Lead Agency, and Homeless Management Information Systems Lead for the local Continuum of Care. Monthly CoC meetings are held virtually and provide a centralized forum for local jurisdictions, government entities, service providers, and community members to coordinate efforts to provide services for individuals and families at risk of or experiencing homelessness. Outreach services are provided by the DESS Housing and Homeless team, as well as by various local service providers and jurisdictions. Within Butte County there are several emergency shelters in the local jurisdictions. Outreach teams coordinate throughout the county and CoC to ensure appropriate services are provided based on individual need. Service providers include agencies with experience in assisting youth, veterans, and individuals with behavioral health barriers, among others.

As many of the CoC membership agencies have specific areas of expertise, the CoC provides a place to share best practices, coordinate approaches to providing services, as well as refers and disseminates available resources.

## Land Use & Development

Participating Jurisdictions	Roles & Responsibilities
-----------------------------	--------------------------

Butte County	Butte County coordinates efforts to develop available land for housing.
--------------	---

CA-519 Chico, Paradise/Butte County CoC	The CoC provides a forum for cross jurisdiction coordination as well as for stakeholders to be involved in the conversation around land use and development.
---	--

Given the individual roles and responsibilities identified above, describe and explain how all participating jurisdictions are or will begin to coordinate these efforts to use and develop available land to address and end homelessness in the region.

**Regional Coordination Narrative - Land Use & Development**

Butte County, as the Administrative Entity and Lead Agency to the CoC, facilitates CoC meetings and collaborative conversation amongst stakeholders regarding the community’s need for housing. Both through the CoC and through County process, Butte County regularly meets to discuss housing and homeless related projects, often alongside local city and town jurisdictions to coordinate land use and development. Both Butte County and the cities have had their Housing Elements approved by the California Department of Housing and Community Development, except the City of Gridley which is under review.

**Development of Interim and Permanent Housing Options**

Participating Jurisdictions	Roles & Responsibilities
Butte County	The County, local jurisdictions, and local service providers provide emergency shelter, interim housing, and permanent housing options within the region.
CA-519 Chico, Paradise/Butte County CoC	Assists with funding housing through grant administration and coordination.

Given the individual roles and responsibilities identified above, describe and explain how all participating jurisdictions are or will begin to coordinate these efforts to develop adequate interim and permanent housing options to address and end homelessness in the region.

**Regional Coordination Narrative - Shelter, Interim, and PH Options**

Interim housing is provided by local service providers within the larger jurisdictions in the community. The City of Chico has numerous shelters that fall within its jurisdiction, including a non-congregate pallet shelter, operated jointly by service providers and the City. These shelters assist individuals and families experiencing homelessness, including aged and disabled, domestic violence survivors, and youth. Within these shelters are programs that help transition individuals experiencing homelessness into transitional and/or permanent housing, depending on the individual need. The City of Oroville also has a homeless shelter which is administered by a local service provider. Through collaboration with the City of Oroville, the service provider is currently constructing a non-congregate pallet shelter.

The County, city jurisdictions, and CoC work collaboratively to obtain available local, state, and federal funds, locate available land and existing infrastructure, as well as coordinate non-traditional opportunities for housing interventions. Through this collaboration, the community has found success in master leasing and shared housing.

## Coordination of & Connection to Service Delivery

Participating Jurisdictions	Roles & Responsibilities
Butte County	Operates a Housing Navigation Center that coordinates with partner agencies. The County is the Administrative Entity, Lead Agency & HMIS Lead for the CoC.
CA-519 Chico, Paradise/Butte County CoC	Assist in coordination and connection through CoC meetings and cross agency collaboration.

Given the individual roles and responsibilities identified above, describe how all participating jurisdictions are or will begin to coordinate to provide the full array of services, shelter, and permanent housing solutions to people experiencing and at-risk of experiencing homelessness in the region.

### Regional Coordination Narrative - Coordination & Connection to Service Delivery

Butte County DESS, in coordination with other departments including Behavioral Health, Sheriff's Office, and Development Services, provides outreach services throughout the county and acts as a resource for local jurisdictions within the area. DESS provides housing related resources and referrals to individuals and families experiencing or at risk of homelessness through its Housing Navigation Center. The Housing Navigation Center also provides access to public assistance, such as CalFresh, Medi-Cal, and CalWORKs, as well as access to Adults Services and Children's Services. The emergency shelters also provide direct access to services internally and through partner agencies such as the County. In addition to that, through the CoC, the membership agencies coordinate access to services. These Services include: Housing Navigation, Rapid Rehousing, Street Outreach, Interim Shelters, Domestic Violence and Youth services and shelter, employment services, assistance with medical needs, and access to hygiene services.

## System Performance Measures & Improvement Plan

Steps to complete this section:

1. Identify the most recent system performance measures for the region.
2. Describe the key action(s) the region intends to take to improve each system performance measure.

*Guidance:*

*Cal ICH shall provide each region with system performance measures by CoC, with the exception of the LA region, which will receive data from all four CoCs within LA County. Applicants must enter that data in the corresponding measures fields in the application. Applicants should not adjust the data provided even if the geographic region of the data does not perfectly align with the participating applicant geography of this application.*

*The application must include **at least one** key action for **each** system performance measure. All columns must be filled out for each action.*

For "Funding Type" select one of the options. If you select the blank field, you may type in a unique funding source type.

To add additional actions or racial equity measures, click the appropriate "Add" buttons near the bottom of each table.

Note: While Cal ICH expects most of the disparities listed to be based on race or ethnicity, applicants may identify other populations that are also overrepresented among people experiencing homelessness in the region.

**Definitions:**

- **Key Actions** may include a brief description of a strategic initiative or step identified to address or improve the specific system performance measure. This can be a policy, program, partnership, target measure, or any other approach which reflects an improvement and delivers positive impact. Provide a clear description of the action and its intended outcome.
- **Lead Entity** should include the name of the regional Eligible Applicant responsible for managing the key action.
- **Collaborating Entity/ies** may include a group, organization, or jurisdiction within your region working to address or improve the system performance measure. This can be another participating jurisdiction, a system partner, or any organization actively participating in the key action.
- **Timeframe** should include a target date for completion of the key action.
- **Success Measurement Methods** may include a systematic approach or tool used to assess the effectiveness and impact of the key action on the system performance measure. This can be quantitative measures, qualitative feedback, or any combination that provides insight into the progress and outcomes pertaining to the key action. Provide a clear description of how you plan to track and report on the success of your key action.

Yes

**The CoC must describe and provide evidence of collaboration with the cities or counties providing encampment resolution services that addresses how people served through encampment resolution have or will be prioritized for permanent housing within the Coordinated Entry System.**

**Narrative for place-based encampment resolution**

In April of 2023, Butte County DESS was awarded Encampment Resolution Funds (ERF) through ERF Round 2, Second Disbursement. ERF funds have been utilized to provide services to encampments in the unincorporated area. Through ERF, DESS has worked alongside Butte County Department of Development Services (Code Enforcement Division), the Butte County Sheriff's Office, and Butte County Behavioral Health. DESS has also been coordinating with the City of Oroville as the program provided funds to obtain permanent housing with city limits. The program has permanently housed 35 individuals thus far.

Respite Care Program - DESS has established a Respite Care Program in coordination with both medical and homeless service providers. As a rural community Butte County has only three private hospitals. This program aims to reduce reentry into emergency rooms and rehospitalizations by providing a place for recently hospitalized individuals to recover and have direct access to housing related services. This program is funded through the County Medical Services Program Local Indigent Care Needs Implementation Grant.	Butte County	Local Jurisdictions and Service Providers

Steps to complete this section:

1. Identify all Eligible Use Categories the Administrative Entity anticipates using.
2. Provide the **dollar amount** budgeted per eligible use category. Again, this must account for 100 percent of the HHAP-5 Allocation(s) the Administrative Entity will be responsible for administering.
3. Where applicable, provide the **dollar amount** that will be designated under the Youth Set-Aside from the selected eligible use categories. **Reminder: the youth set-aside must total at least 10% of all monies received.**
4. Provide a brief description of activities HHAP-5 funds will support in each selected eligible use category.
