

California Interagency Council on Homelessness

HHAP Round 5 Application

Part 1: Regional Identification and Contracting Information

Steps to complete this section:

1. Select the CoC Region.
2. Indicate which of the Eligible Applicants are participating in this HHAP-5 application.
3. For each participating Eligible Applicant, you will also be prompted to indicate whether and how the Eligible Applicant intends to contract with the state (i.e., indicate the Administrative Entity for that eligible applicant's HHAP-5 Allocation).

Please select the Continuum of Care region

Redding/Shasta, Siskiyou, Lassen, Plumas, Del Norte, Modoc, Sierra Counties CoC

Application Participation Guidance:

Cal ICH encourages eligible applicants to apply in collaboration with all eligible applicants in their CoC Region and submit a single Regionally Coordinated Homelessness Action Plan. Applicants may apply together and still receive funds separately.

- *Large Cities **must** apply as part of the regional application with the County and CoC.*
- *Counties **must** apply as part of a regional application with the CoC and any overlapping Large Cities.*
 - *In a multi-county CoC: Counties **are strongly encouraged to** apply in collaboration with other counties that are served by the same CoC.*
- *A CoC that serves a single county **must** apply as part of the regional application with the County and any overlapping Large Cities.*
- *A CoC that serves multiple counties **must either:***

- *Apply as part of a regional application with multiple Counties and any overlapping Large Cities; and/or*
- *Participate in the regional application of **each** overlapping County and the Large Cities therein.*

Contracting Guidance:

Each Eligible Applicant (Large City, County, and CoC) has the discretion to receive their base allocation directly or may designate an Eligible Applicant in their region to serve as their Administrative Entity. This selection will indicate to Cal ICH which Eligible Applicant will enter into contract with the state to receive and administer each Eligible Applicant's HHAP-5 allocation.

The Administrative Entity is responsible for HHAP funds and meeting the terms and conditions of the contract. Broadly speaking, this means administering funds, contracting (when necessary) with sub-recipients, and reporting on HHAP-5 dollars and activities to Cal ICH.

- *If you plan to contract with the state to receive and administer **only** your (single) HHAP-5 allocation, select: "Will enter into contract with the state to receive and administer their HHAP-5 allocation individually" under the contracting selection.*
- *If you **do not plan to contract with the state** and instead plan to identify another participating Eligible Applicant in the region to enter into contract with the state to receive and administer your HHAP-5 allocation, select: "Identify another participating Eligible Applicant in their region to enter into contract with the state to receive and administer their HHAP-5 allocation" under the contracting selection. You will then be prompted to designate the Administrative Entity from a list of eligible applicants in the region.*
- *If you plan to contract with the state to **receive and administer multiple HHAP-5 allocations** within your region, select "Will enter into contract with the state to receive and administer their HHAP-5 allocation and allocation(s) from other Eligible Applicants in the region" under the contracting selection.*

Part 2. Regionally Coordinated Homelessness Action Plan

Participating Jurisdictions' Roles and Responsibilities

Steps to complete this section:

1. Identify and describe the specific roles and responsibilities of **each participating Eligible Applicant** in the region regarding:
 - o Outreach and site coordination;
 - o Siting and use of available land;
 - o Development of interim and permanent housing options; and
 - o Coordination and connection to the delivery of services for individuals experiencing or at

risk of experiencing homelessness within the region.

2. Describe and explain how all Participating Jurisdictions are coordinating in each area.

Optional: You may also include roles and responsibilities of small jurisdictions in the region that elect to engage and collaborate on the plan.

Guidance:

*Each Eligible Applicant must identify and describe their role in the region for **each** table.*

To add additional jurisdictions, click "Add a Participating Jurisdiction" near the bottom of each table.

Outreach & Site Coordination

Participating Jurisdictions	Roles & Responsibilities
NorCal Continuum of Care	Because of the vast size of the geographic area covered by the NorCal CoC (23,115 square miles, nearly the same size as the state of West Virginia) and because of the extremely rural nature of most of the counties in the CoC, the CoC does not play a role in outreach and site coordination for services, this role falls to each County and their non-profit service partners. The CoC does have a role however in the outreach and coordination of sites for the Point in Time survey, although in recent years these duties have fallen to each county who organizes its own local count. The CoC collects the data from all 7 counties and uploads it into HDX. The CoC uses the Counting Us mobile app to collect data during the PIT.
County of Del Norte	The County of Del Norte partners with CBO Del Norte Mission Possible for outreach to encampments and other locations where outreach is focused such as the Del Norte Mission Possible Navigation Center and the showers at the Del Norte Community Health Center and behind the Park City Superette.
County of Lassen	Lassen County Health and Social Services conducts, at minimum, monthly street outreach that has a focus on connecting individuals to needed resources, including health care and permanent housing. The County, through its Housing and Grants Division is working on increasing both street outreach and coordinated entry services.
County of Modoc	Outreach is conducted by T.E.A.C.H., the County CBO and coordinated with the Alturas Police Department and the Modoc County Sheriff's Department as necessary.
County of Plumas	Plumas Crisis Intervention and Resource Center (PCIRC) works in collaboration with all community partners to conduct outreach and support for high-risk individuals and families utilizing multiple funding sources to provide an array of housing services and intensive case management. Plumas County Social Services offers pass-through contracts for CalWorks HSP, Home SAFE,

BFH and HDAP/TSI funding.

County of Shasta

Shasta County HHSA and the Sherriff's Department coordinate with local partners to identify areas for homeless outreach on a monthly basis. Shasta Community Health Center, Medical and Street Hill Country Wellness Center conduct street outreach ½ day per week. Crisis Intervention Response Team (CIRT) conducts street outreach in encampments. Shasta Thrive conducts outreach 2-3 days a week that includes encampments and emergency shelters. Shasta County Office of Education conducts outreach through local schools to offer emergency housing at local Motel 6 for homeless students and their families One Safe Place conducts outreach at Shasta College.

County of Sierra

Sierra County Behavioral Health coordinates with Wellness Center, local Senior Center and Social Services to identify at-risk individuals and coordinate access to services.

County of Siskiyou

Siskiyou County hired a homeless outreach worker who will conduct street outreach throughout the County. Additionally, the County contracted with the Yreka Police Department to oversee a Homeless Liaison Officer who responds to calls related to homelessness by connecting unsheltered individuals to services and resources in the City of Yreka. The Behavioral Health mobile crisis team, once implemented, will also coordinate with homeless outreach efforts throughout the County.

Given the individual roles and responsibilities identified above, describe and explain how all participating jurisdictions are or will begin to coordinate these efforts to ensure comprehensive outreach and site coordination to individuals experiencing and at-risk of experiencing homelessness in the region.

Regional Coordination Narrative - Outreach & Site Coordination

Going forward, the CoC will be implementing a more coordinated approach to the PIT count. The CoC plans to hire a PIT coordinator to work with all of the 7 counties, conduct training, develop forms, provide technical assistance and oversee the entire count. Because of the vast geographic size of the NorCal CoC service area (counties and cities are hundreds of miles apart), the CoC is leaning heavily on the services offered by its HMIS/CES lead, United Way of Northern California. The United Way also serves as the 2-1-1 information service for 5 of the 7 counties in the region. The United Way has implemented a process whereby they share information among service providers in the 7 counties to refer individuals for services who are contacted during outreach and place individuals in housing, including referrals and placement across county lines when that is appropriate.

Land Use & Development

Participating Jurisdictions	Roles & Responsibilities
NorCal Continuum of Care	Not applicable. Land use and development is under the purview of County and City-level planning departments.
County of Del Norte	Del Norte County's Planning Department provides all services and decision making related to land use and development in the County's unincorporated area. County-owned land will be used

for an emergency shelter and micro shelter village. We recently received the approval of the Board of Supervisors for this use.

County of Lassen

Lassen County's Planning Department provides all services and decision making related to land use and development in the County's unincorporated area. This year, the Planning Department and Health and Social Services collaborated to update the County's Housing Element.

County of Modoc

Modoc County's Planning Department provides all services and decision making related to land use and development in the County's unincorporated area. The City of Alturas provides planning services within their jurisdiction.

County of Plumas

Plumas County's Planning Department provides all services and decision making related to land use and development in the County's unincorporated area. PCIRC works closely with Plumas County's Planning Director in the planning and implementation of capital facility projects to provide guidance and support in land use development.

County of Shasta

Shasta County's Planning Department provides all services and decision making related to land use and development in the County's unincorporated area. The Planning staff from the cities of Redding, Shasta Lake and Anderson provide those same services within their incorporated areas.

County of Sierra

Sierra County's Planning Department provides all services and decision making related to land use and development in the County's unincorporated area. Due to its very small size and extremely rural nature, Sierra County partners with Plumas County on developing permanent housing. The Planning staff from the cities of Loyalton (Sierra County) and Portola (Plumas County) partner within this broader geographic region.

County of Siskiyou

Siskiyou County's Community Development/Planning Department provides all services and decision-making related to land use and development in the County unincorporated area. The Planning staff from the local incorporated cities provide those same services within their jurisdictions.

Given the individual roles and responsibilities identified above, describe and explain how all participating jurisdictions are or will begin to coordinate these efforts to use and develop available land to address and end homelessness in the region.

Regional Coordination Narrative - Land Use & Development

While land use and entitlement decisions are specific to each County and City/Town (due to individual General Plans and Zoning Codes), the CoC will encourage counties to share at CoC meetings how they are working within their jurisdictions to participate in land use and development decisions which support the development of affordable and permanent supportive housing. Examples include participating in local Housing Element update meetings, and proactively working with developers seeking entitlements for the

development of affordable housing and with shelter operators planning new shelters.

Development of Interim and Permanent Housing Options

Participating Jurisdictions	Roles & Responsibilities
NorCal Continuum of Care	Some CoC member agencies are in the position of owning land that they can develop with housing or they are interested in working with other developers. These opportunities are shared at CoC meetings and they also share their experiences of developing and owning PSH and affordable housing, so that others can learn best practices and pitfalls to avoid.
County of Del Norte	Del Norte County's Department of Health and Human Services in collaboration with the City of Crescent City's Housing Authority and local CBO Del Norte Mission Possible is currently in the process of developing multiple interim and permanent housing solutions for our unhoused populations. We have applied for various grants to support these efforts. Conversion of our Homekey Project to Permanent Supportive Housing (PSH) is expected to begin in the coming months. This will add 30 permanent housing units to the county's housing stock. Each unit will have a project-based voucher. The County will also soon have its first ever year-round emergency shelter and micro shelter village which will provide a supportive environment to help people transition from homelessness to permanent, stable housing.
County of Lassen	Lassen County Health and Social Services (HSS) is responsible for affordable housing development efforts to address homelessness. HSS staff are responsible for applying for funding, issuing RFPs and working with developers and service providers.
County of Modoc	Development of Interim housing currently lies with TEACH, the local CBO
County of Plumas	As the lead social service and housing agency in Plumas County, PCIRC is in the process of developing the North Star Navigation Center (21 beds) & Ohana Village Transitional Housing (26 cabins). PCIRC is at the forefront of housing development at this time. Plumas County Behavioral Health continues to seek development of a Permanent Supportive Housing model for Plumas County.
County of Shasta	The County's affordable housing development efforts to address homelessness are centralized in the Health and Human Services Agency. The staff from this agency is responsible for applying for funding, issuing RFPs/RFQs, and working with developers and service providers. The cities of Redding, Shasta Lake City and Anderson engage in efforts to address affordable housing by applying for funding, issuing RFPs/RFQs, and working with developers and service

providers.

County of Sierra

The County's affordable housing development efforts to address homelessness are centralized in the Health and Human Services Agency. The staff from this agency is responsible for applying for funding, issuing RFPs/RFQs, and working with developers and service providers.

County of Siskiyou

Siskiyou County's PSH development efforts to address homelessness are centralized in the Health and Human Services Agency. Staff from this agency are responsible for applying for funding, issuing RFPs/RFQs, and working with developers and service providers. Cities with larger homeless populations share the responsibility to support the development of affordable housing. For example, the Cities of Yreka and Mt. Shasta have demonstrated political and financial support for affordable housing development.

Given the individual roles and responsibilities identified above, describe and explain how all participating jurisdictions are or will begin to coordinate these efforts to develop adequate interim and permanent housing options to address and end homelessness in the region.

Regional Coordination Narrative - Shelter, Interim, and PH Options

As described above, in most counties in the NorCal CoC region, the responsibility for the development of interim and permanent housing solutions currently resides with the Health and Human Services Departments of each county government. For two of the counties, it is local nonprofits who are assuming this role. In all cases, it is the representatives of all of these agencies who sit on the CoC Executive Board, which guides and directs conversations and coordination about the development of housing solutions. At the meetings, the members and Board members are able to share about their current and planned projects, developers they are working with, and how they are dealing with community opposition to affordable housing. In this way, they are supporting the development of housing throughout the region.

Coordination of & Connection to Service Delivery

Participating Jurisdictions	Roles & Responsibilities
NorCal Continuum of Care	CoC members that are both counties and non-profits attend the meetings to share their services programming at meetings and invite proposals through local NOFAs. The new HMIS lead agency also shares information among county members on services. The HMIS lead agency, United Way of Northern California also operates 2-1-1 resource and information referral services in all of the 7 counties except Del Norte and Sierra. This makes for a coordinated and seamless connection to services in the other 5 counties with one phone call.
County of Del Norte	The County's coordinated entry staff and housing program case managers act as liaisons, connecting unhoused individuals to services. Staff from all branches of Health and Human Services work cooperatively to streamline service connection.
County of Lassen	A variety of staff across the Health and Human Services Agency in Lassen County ensure that individuals are referred to and connected to services. These include eligibility staff who work in

	assistance programs like CalWORKs, case managers in social services, behavioral health and public health, and staff in the Housing and Grants Division, who oversee the Coordinated Entry System.
County of Modoc	Staff from multiple county agencies and TEACH cross refer clients to programs within behavioral health, social services, and community-based organizations
County of Plumas	PCIRC is the Point of Coordinated Entry for homelessness in Plumas County. All county agencies and law enforcement ensure that individuals are referred to PCIRC for homeless and homeless prevention services.
County of Shasta	Shasta Community Health Center, Hill Country Wellness Center, New Life Discovery, Lutheran Social Services offer supportive services, case management to connect individuals to services and programs some programs use Cal AIM Community Supports. United Way of Northern California oversees Coordinated Entry System for the NorCal CoC
County of Sierra	A variety of staff across the Health and Human Services Agency in Sierra County ensure that individuals are referred to and connected to services. These include eligibility staff who work in assistance programs like CalWORKs, case managers in social services, behavioral health and public health, and staff who oversee the Coordinated Entry System.
County of Siskiyou	Siskiyou County Health and Human Services Agency strives to connect individuals to mainstream benefits as well as community resources through social workers and case managers. This responsibility is shared with other County departments when applicable (i.e. the Public Defender Social Worker) and other members of the NorCal CoC Siskiyou Advisory Board. The County contracted with a nonprofit who will run a navigation center in addition to a low-barrier shelter.

Given the individual roles and responsibilities identified above, describe how all participating jurisdictions are or will begin to coordinate to provide the full array of services, shelter, and permanent housing solutions to people experiencing and at-risk of experiencing homelessness in the region.

Regional Coordination Narrative - Coordination & Connection to Service Delivery

The primary mechanism for the counties in this large geographic area to coordinate services is through the use of a single unified Coordinated Entry System. The United Way of Northern California oversees the Coordinated Entry System for the NorCal CoC. This agency also provides 2-1-1 information services (which is a one call process for individuals to be connected to a full array of needed services, including housing resources) for 5 of the 7 member counties in the NorCal CoC. This ensure that individuals are connected to the most appropriate services regardless of where they live in the region and that they are prioritized for housing based upon a consistent set of measures used throughout the CoC.

System Performance Measures & Improvement Plan

Steps to complete this section:

1. Identify the most recent system performance measures for the region.
2. Describe the key action(s) the region intends to take to improve each system performance measure.

Guidance:

Cal ICH shall provide each region with system performance measures by CoC, with the exception of the LA region, which will receive data from all four CoCs within LA County. Applicants must enter that data in the corresponding measures fields in the application. Applicants should not adjust the data provided even if the geographic region of the data does not perfectly align with the participating applicant geography of this application.

*The application must include **at least one** key action for **each** system performance measure. All columns must be filled out for each action.*

For "Funding Type" select one of the options. If you select the blank field, you may type in a unique funding source type.

To add additional actions or racial equity measures, click the appropriate "Add" buttons near the bottom of each table.

Note: While Cal ICH expects most of the disparities listed to be based on race or ethnicity, applicants may identify other populations that are also overrepresented among people experiencing homelessness in the region.

Definitions:

- **Key Actions** may include a brief description of a strategic initiative or step identified to address or improve the specific system performance measure. This can be a policy, program, partnership, target measure, or any other approach which reflects an improvement and delivers positive impact. Provide a clear description of the action and its intended outcome.
- **Lead Entity** should include the name of the regional Eligible Applicant responsible for managing the key action.
- **Collaborating Entity/ies** may include a group, organization, or jurisdiction within your region working to address or improve the system performance measure. This can be another participating jurisdiction, a system partner, or any organization actively participating in the key action.
- **Timeframe** should include a target date for completion of the key action.
- **Success Measurement Methods** may include a systematic approach or tool used to assess the effectiveness and impact of the key action on the system performance measure. This can be quantitative measures, qualitative feedback, or any combination that provides insight into the progress and outcomes pertaining to the key action. Provide a clear description of how you plan to track and report on the success of your key action.

Equity Improvement Plan

Steps to Complete this Section:

1. Identify and describe the key actions the region will take to ensure racial and gender equity in:

- Service delivery;
- Housing placements;
- Housing retention; and
- Identify any changes to procurement or other means to affirm equitable access to housing and services for groups overrepresented among residents experiencing homelessness.

2. Identify if place-based encampment resolution is occurring in the region and if so, the CoC must describe and provide evidence of collaboration with the cities or counties providing encampment resolution services that addresses how people served through encampment resolution have or will be prioritized for permanent housing within the Coordinated Entry System.

Optional: upload any evidence the region would like to provide regarding collaboration and/or prioritization as it relates to question 2.

Guidance:

Of the four tables below, the first three must include at a minimum one key action to address racial equity and one key action to address gender equity. The fourth and final table must include at least one key action.

To add additional actions, click "Add an Action" at the bottom of the table.

Definitions:

- **Key Actions** may include a brief description of a strategic initiative or step identified to address or improve the inequity. This can be a policy, program, partnership, target metric, or any other approach which reflects an improvement and delivers positive impact. Provide a clear description of the action and its intended outcome.
- **Lead Entity** should include the name of the regional Eligible Applicant responsible for managing the key action.
- **Collaborating Entity/ies** may include a group, organization, or jurisdiction within your region working to address or improve the inequity. This can be another participating jurisdiction, a system partner, or any organization actively participating in the key action.

Key Actions the Region Will Take to Ensure Racial and Gender Equity in Service Delivery

Key Action	Lead Entity	Collaborating Entity/ies
The CoC will develop an Equity Policy	CoC	Counties
The CoC will establish an Equity Advisory Committee	CoC	Counties
Each county will promote diversity in recruitment of staff to include people with lived experience of homelessness from overrepresented and underserved populations	Counties of Del Norte, Lassen, Modoc, Plumas, Shasta, Sierra and Siskiyou	Local tribal entities and other advocacy groups that represent BIPOC and LGBTQ+ individuals
Del Norte County will collaborate and convene with a diverse group of Native American tribal organizations, governments, leaders, and people with lived experience of homelessness to create a homelessness response system that addresses the unique needs of the Native American homeless population.	Del Norte County Health and Human Services	Local tribal partners, Crescent City Housing Authority, Del Norte Unified School District Foster and Homeless Youth Services, Del Norte Mission Possible, local faith-based organizations
Lassen County will partner with an organization to provide a training for County Housing staff and the CoC regarding supporting Lesbian, Gay, Bisexual, Transgender, and Queer (LGBTQ+) community members in housing and homelessness services. Is place-based encampment resolution occurring within the region?

Yes

The CoC must describe and provide evidence of collaboration with the cities or counties providing encampment resolution services that addresses how people

served through encampment resolution have or will be prioritized for permanent housing within the Coordinated Entry System.

Narrative for place-based encampment resolution

Del Norte County: Del Norte County, in collaboration with CBO Del Norte Mission Possible, has received an ERF grant from the State, and will enter all willing encampment residents into HMIS as part of our Coordinated Entry intake process. Encampment residents entered into HMIS will appear on the prioritized list for housing placement.

Shasta County: Shasta County utilizes the CoC's Coordinated Entry System and as part of the encampment project all individuals contacted at the encampment site are encouraged to have their information entered into CES so that they can be prioritized for housing placement.

Optional Upload: Evidence of Collaboration and/or Prioritization

Plan to Utilize Local, State, and Federal Funds to End Homelessness

Steps to Complete this Section:

1. The plan must include the total amount of available funding, the amount prioritized for permanent housing solutions, and an explanation of how **each participating applicant** is utilizing local, state, and federal funding programs to end homelessness. These programs must include, but are not limited to:
 - o The Homekey Program,
 - o The No Place Like Home Program
 - o The Multifamily Housing Program
 - o The Housing for a Healthy California Program

- The Homeless Housing, Assistance, and Prevention Program
- Building Homes and Jobs Act
- The California Emergency Solutions Grants Program
- The National Housing Trust Fund established pursuant to the Housing and Economic Recovery Act of 2008
- HOME Investment Partnerships Act
- Parolee or probation programs that are intended to prevent homelessness upon release.

Guidance:

*All of the above programs **must** be included and fully explained in the table. Where the region has multiple awards for the same program that are administered by different entities, those may be listed on separate lines. For example, in a region with one county and one CoC who receive their HHAP awards separately, each Eligible Applicant may enter their HHAP awards in separate lines. Simply click "Add Funding Program, then select the program from the drop down list.*

If one of the ten required programs is not present in a region, type N/A under Local Fund Administrator.

In addition to the listed programs, participating Eligible Applicants should add any other funds and programs that are being utilized to address and end homelessness in the region. Simply click "Add Funding Program" then select the blank field and you may type in the name of the funding program.

To add additional funding programs, click "Add Funding Program" at the bottom of the table.

Definitions:

1. **Local Fund Administrator:** The entity responsible for administering the given funding source.
2. **Description of How Funds are/will be Utilized to End Homelessness in the Region:** Comprehensive summary of how the funding program will be utilized in the region. Applicants should highlight whether, how, and to what extent the funds are being used for permanent housing.
3. **Funding Amount:** Amount of known dollars secured or available to spend within the HHAP-5 grant timeframe (FY 23-24 through FY 27-28)
4. **Timeframe of Use:** The date range the local fund administrator anticipates expending the identified program funds.

Plan to Connect People Experiencing Homelessness to All Eligible Benefit Programs

Steps to Complete this Section:

1. Explain how the region is connecting, or will connect, individuals to wrap-around services from all eligible federal, state, and local benefit programs, including, but not limited to, housing and homelessness services and supports that are integrated with the broader social services systems and supports. Benefit Programs include, but are not limited to:
 - o CalWORKs
 - o CalFresh
 - o Supplemental Security Income/State Supplemental Program (SSI/SSP) and disability benefits advocacy;
 - o In-home supportive services;
 - o Adult protective services;
 - o Child welfare;
 - o Child care; and
 - o Medi-Cal benefits through Managed Care Plans

Guidance:

*All of the above benefit programs **must** be included and fully explained in the table. In addition to these benefit programs, participating eligible applicants should add other benefit programs that provide wrap-around services in the region.*

To add additional benefit programs, click "Add Benefit Program" at the bottom of the table. If you select the blank field and you may type in the name of the benefit program.

Definitions:

- **Connection Strategy/ies means methods and actions that support client access and/or**

enrollment in eligible benefit programs. This may be a method or action that supports connection between a benefit program and clients, between benefits programs, and/or between benefits programs and the homeless services system, so long as the method or action **supports client access and/or enrollment in the eligible benefit program.**

- **Lead Entity** should include the name of the regional Eligible Applicant responsible for managing the benefit program.

Stakeholders

Description of how Stakeholders were invited and encouraged to engage in the public stakeholder process

People with lived experience of homelessness

Each county within the CoC was provided with a flyer to advertise the public meetings and 4 of the counties (Del Norte, Siskiyou, Shasta and Lassen) held “watch parties” so that people could attend in person and participate in the Zoom meetings from the comfort of a community space with the proper technology. Counties reached out to homelessness service providers, and local Wellness Centers. In particular:
Shasta County reached out to Sunrise Mountain Wellness Center, the community advisory board through Shasta Health Center, and the Shasta County Peer Support team to engage persons with lived experience.

Youth with lived experience of homelessness

Each county within the CoC was provided with a flyer to advertise the public meetings and 4 of the counties (Del Norte, Siskiyou, Shasta and Lassen) held “watch parties” so that people could attend in person and participate in the Zoom meetings from the comfort of a community space with the proper technology. Counties reached out to homelessness service providers, and local Wellness Centers. In particular:
Shasta County invited Sunrise Mountain Wellness Center and the community advisory board through Shasta Health Center to engage persons with lived experience.
Siskiyou County invited Youth Empowerment Siskiyou whose mission to be able to serve any youth age 0-25 who has been exposed to trauma, is in the foster care system or is at-risk.

Persons of populations overrepresented in homelessness

In general, Indigenous/Native Americans are the most overrepresented populations experiencing homelessness within the NorCal CoC geographic area. Each county directly invited local tribal entities and representatives to attend the meetings. Tribal representatives who attended all of the meetings were from the Karuk Tribe (Siskiyou County) and the Tolowa Dee-Ni' Nation (Del Norte County)

Local department leaders and staff from qualifying smaller jurisdictions, including child welfare, health care, behavioral health, justice, and education system leaders

Each county sent direct emails and a copy of the meeting flyer to each of their local department leaders and staff in the noted areas.

Homeless service and housing providers operating within the region

A general press release was sent to the television station that serves the geographic area, who aired the meetings announcement during the evening news. Each county sent direct emails and a copy of the meeting flyer to members of their local county-level CoC Advisory Boards, which are made up of

	homeless services and housing providers working in each region.
Medi-Cal Managed Care Plans contracted with the State Department of Health Care Services in the region	Partnership Health was directly invited to attend the meetings.
Street medicine providers and other service providers directly assisting people experiencing homelessness or at risk of homelessness	All local FQHCs, respite medical providers and providers that conduct street outreach were directly invited to the meetings by the counties.

Part 3: Funding Plan

Steps to complete this section:

1. Identify all Eligible Use Categories the Administrative Entity anticipates using.
2. Provide the **dollar amount** budgeted per eligible use category. Again, this must account for 100 percent of the HHAP-5 Allocation(s) the Administrative Entity will be responsible for administering.
3. Where applicable, provide the **dollar amount** that will be designated under the Youth Set-Aside from the selected eligible use categories. **Reminder: the youth set-aside must total at least 10% of all monies received.**
4. Provide a brief description of activities HHAP-5 funds will support in each selected eligible use category.
5. Provide an explanation of how the activities therein align with the state's HHAP-5 priorities to:
 - sustain existing investments towards long-term housing stability and supportive services and
 - prioritize permanent housing solutions.
6. Indicate whether the budget proposes to support **ANY** new interim housing solutions outside of the youth set-aside.
7. Indicate whether the budget proposes to support new interim housing solutions for youth in excess of 10% of the total HHAP-5 Dollars budgeted
 - If the Administrative Entity answers “yes” to either 6 or 7, they will be asked to demonstrate dedicated, sufficient resources from other funding sources for long-term housing stability and permanent housing solutions. This entails summarizing total available dollars for preventing and ending homelessness in the region, including the percentage of these resources dedicated to permanent and interim housing solutions, providing the status of five policy actions for each eligible applicant in the region, and demonstrating the need for additional shelter.

Guidance:

*Each Administrative Entity must submit a **single** Funding Plan that accounts for the entire HHAP-5*

Allocation(s) which the Administrative Entity will be responsible for administering. This includes:

- 100 percent of the HHAP-5 Base allocation(s);
- 100 percent of the HHAP-5 Planning allocation(s); and
- 100 percent of the Initial Supplemental Funding allocation(s).

The youth set-aside must total at least 10% of all monies received.

Administrative costs **may not exceed 7%** of all monies received.

Up to 1% of all monies received may be budgeted for costs related to the Homeless Management Information System (HMIS). Related costs include HMIS licenses, training, system operating costs, and costs associated with carrying out related activities. Upon agreement between the grantee and the Homeless Management Information System lead entity, the grantee shall transfer the authorized amount of funds directly to the HMIS lead entity.

To add another funding plan for an additional Administrative Entity, click "Add Funding Plan" near the bottom of the page. You will be prompted to provide a specific number of funding plans (1 per Administrative Entity) based on the participation and contracting selections from Part 1: Regional Identification and Contracting Information.

**HOMELESS HOUSING, ASSISTANCE AND PREVENTION PROGRAM, ROUND 5
JOINT APPLICATION AND REGIONAL COORDINATION MEMORANDUM OF
UNDERSTANDING**

Between the County of Del Norte, the County of Lassen, the County of Modoc, the County of Plumas, the County of Shasta, the County of Sierra, the County of Siskiyou, the NorCal Continuum of Care, and The City of Redding (as the Administrative Entity for the NorCal Continuum of Care)

A. BACKGROUND

The State of California Interagency Council on Homelessness ("Council") issued the Homeless Housing, Assistance and Prevention Round 5 ("HHAP-5") Notice of Funding Availability ("NOFA") dated September 29, 2023 as authorized by Assembly Bill 129 which was signed into law by Governor Gavin Newsom on July 10, 2023. Through this NOFA, block grants have been made available to all California Counties and all California Continuums of Care (hereinafter referred to collectively as "jurisdictions") for the purpose of addressing homelessness within their geographic coverage areas.

B. PURPOSE OF THE AGREEMENT

Geographic coverage areas or regions, defined by Council as a county and the Continuum of Care within it, are required to apply together for HHAP-5 and jointly complete a Regionally Coordinated Homelessness Action Plan ("the Plan"). Each of the Counties of Del Norte, Lassen, Modoc, Plumas, Shasta, Sierra, Siskiyou (collectively as "Counties", individually as "County") and the NorCal Continuum of Care ("Continuum of Care" or "CoC") are the eligible applicants and are defined as one region. Each eligible applicant may receive their allocation directly from Council and serve as their own Administrative Entity ("AE") to receive and expend funding for the jurisdiction, or they may designate an eligible applicant in their region to serve as their AE. This indicates to the Council which eligible applicant will enter into a contract with the State to receive and administer allocations.

Through this agreement, the Counties and the Continuum of Care agree:

1. to submit a joint application for HHAP-5 funds through the Plan.
2. to administer the Continuum of Care's allocation of HHAP-5 funds, and the County allocations of HHAP-5 funds for Modoc, Plumas and Sierra Counties through the City of Redding, the AE for the Continuum of Care.
3. that County allocations of HHAP-5 funds for Del Norte, Lassen, Shasta and Siskiyou Counties will be individually administered by each of these counties.

This agreement sets forth roles and responsibilities of the Counties, the Continuum of Care, and The City of Redding as the AE for the submission of the Plan, local administration of funds, oversight of fiscal and programmatic aspects of use of HHAP-5 funds and local collaboration on the implementation of the Plan.

Approved 3/19/2024

C-10305

C. DECLARATIONS

1. The Counties and the Continuum of Care have a shared interest in addressing and remediating homelessness within the seven-county geographic area served by the Continuum of Care.
2. The Counties and the Continuum of Care have a longstanding history of collaborating on development and implementation of plans and strategies for addressing homelessness.
3. The Continuum of Care serves as the regional collaborative entity that makes funding determinations for many homeless assistance programs and supports the homeless service system of care in the seven-county region.
4. The intent of HHAP-5 funding is to support local jurisdictions in their unified response to reduce and address homelessness.
5. Counties and the Continuum of Care are each eligible to apply for allocations of HHAP-5 funding collectively.
6. The Counties and the Continuum of Care are required to submit a joint application for HHAP-5 funds.
7. The Plan has been developed collaboratively by the Counties and the Continuum of Care.
8. The Continuum of Care has designated The City of Redding to serve as the AE for HHAP-5 funds received by the Continuum of Care.
9. The Counties of Modoc, Plumas and Sierra have designated The City of Redding to serve as the AE for their respective County allocations of HHAP-5 funds.
10. The Counties of Del Norte, Lassen, Shasta and Siskiyou have chosen to serve as the individual AEs for their respective County allocations of HHAP-5 funds.

D. STATUTORY REQUIREMENTS

The Plan shall be reflected in a Memorandum of Understanding ("MOU") committing each signatory to participation in, and to comply with, the Plan. This MOU is intended to fulfill these statutory requirements.

E. COUNCIL MOU GUIDANCE

This MOU commits each signatory to uphold, participate in, and comply with the actions, roles, and responsibilities of each eligible applicant in the region as described in the HHAP-5 Regionally Coordinated Homelessness Action Plan and summarized below.

1. Commitments to the roles and responsibilities of each eligible applicant within the region as they pertain to outreach and site coordination, siting and use of available public land, the development of interim and permanent housing options, and coordinating, connecting, and delivering services to individuals

experiencing homelessness or at risk of experiencing homelessness, within the seven-county region. See Section 2.1 in the HHAP-5 the Plan.

2. Commitments to Key Actions each eligible applicant will take to improve the system performance measures. See Section 2.2 in the HHAP-5 the Plan.
3. Commitments to Key Actions each eligible applicant will take to ensure racial and gender equity in service delivery, housing placements, housing retention, and any other means to affirm equitable access to housing and services for racial and ethnic groups overrepresented among residents experiencing homelessness. See Section 2.3 in the HHAP-5 Regionally Coordinated Homelessness Action Plan.
4. Commitments to actions each eligible applicant will take to reduce homelessness among individuals exiting institutional settings, including but not limited to jails, prisons, hospitals, and any other institutions such as foster care, behavioral health facilities, etc. as applicable in the region. See Section 2.4 in the HHAP-5 Regionally Coordinated Homelessness Action Plan.
5. Commitments to roles of each eligible applicant in the utilization of local, state, and federal funding programs to end homelessness. See Section 2.5 in the HHAP-5 Regionally Coordinated Homelessness Action Plan.
6. Commitments to the roles and responsibilities of each eligible applicant to connect individuals to wrap-around services from all eligible federal, state, and local benefit programs. See Section 2.6 in the HHAP-5 Regionally Coordinated Homelessness Action Plan.

(h) The Continuum of Care hereby agrees to:

1. Uphold, participate in, and comply with the actions, roles, and responsibilities of each eligible applicant and jurisdiction in the region as described in the Plan. The Plan is attached to this MOU as Exhibit A.
2. Publish and maintain the proposed, approved, and amended versions of the Plan on its internet website.
3. Collaborate with the Counties and local stakeholders on planning and implementation of efforts to address homelessness within the seven-county region through continued staff participation on Continuum of Care committees, including the Continuum of Care Executive Board, and the Continuum of Care General Membership.

4. Provide ongoing oversight of fiscal and programmatic management of HHAP-5 funds administered through The City of Redding as the AE.

(i) The City of Redding hereby agrees to:

1. Uphold, participate in, and comply with the actions, roles, and responsibilities of each eligible applicant and jurisdiction in the region as described in the Plan. The Plan is attached to this MOU as Exhibit A.
2. Coordinate activities necessary to applying for and receiving HHAP-5 funds, including coordinating and submitting the RCHAP.
3. Accept disbursement of and administer the CoC's HHAP-5 allocation totaling \$3,625,173.51.
4. Accept disbursement of and administer the county HHAP-5 allocations for Modoc, Plumas and Sierra Counties totaling \$238,675.07
5. Verify and retain documentation of HHAP-5 uses and expenditures as required by the State of California and the HHAP-5 program.
6. Respond appropriately to any program-specific audit or monitoring requests from the HHAP-5 program, the Counties or any other relevant authority.
7. Generate and submit all fiscal and programmatic reports required by the HHAP-5 program, submitting these to the Continuum of Care Executive Board for review prior to submission to the State of California.

This agreement shall commence upon the date signed and shall terminate on October 1, 2028 or until all obligations to the HHAP-5 program have been fulfilled.

California Interagency Council on Homelessness

In partnership with the Department of Housing and Community Development

REGIONALLY COORDINATED HOMELESSNESS ACTION PLAN AND APPLICATION TEMPLATE

HOMELESS HOUSING, ASSISTANCE AND PREVENTION PROGRAM
ROUND 5 (HHAP-5)

Purpose of this Template

The California Interagency Council on Homelessness (Cal ICH) in partnership with the Department of Housing and Community Development (HCD) is providing this optional application template, inclusive of the Regionally Coordinated Homelessness Action Plan, for use by jurisdictions seeking funding under Round 5 of the Homeless Housing, Assistance and Prevention Program (HHAP-5).

This template closely mirrors the online application portal and is intended to support the regional development and submission of information required for approval by Cal ICH as required in AB 129 (Health & Safety Code § 50230, et seq.).

This template will not be collected by Cal ICH nor reviewed in lieu of an official application submission. Applicants are responsible for inputting the required information into the [online application portal](#) and submitting the official application through the portal no later than 5:00 p.m. on March 27, 2024.

- **PART I: REGIONAL IDENTIFICATION AND CONTRACTING INFORMATION**

- **PART II: REGIONALLY COORDINATED HOMELESSNESS ACTION PLAN**

- 2.1: Participating Jurisdictions' Roles and Responsibilities

- 2.2 Performance Measures and Improvement Plan

- 2.3 Equity Improvement Plan

- 2.4 Plan to Reduce the Number of People Experiencing Homelessness Upon Exiting an Institutional Setting

- 2.5 Plan to Utilize Local, State, and Federal Funds to End Homelessness

- 2.6 Plan to Connect People Experiencing Homelessness to All Eligible Benefit Programs

- 2.7 Memorandum of Understanding

- 2.8 Application Development Process Certification

- **PART III: FUNDING PLAN(S)**

Part I: Regional Identification and Contracting Information

1. Select the CoC Region.
2. Indicate which of the eligible applicants are participating in this HHAP-5 application.

Guidance

*All overlapping jurisdictions within a region must complete a Regionally Coordinated Homelessness Action Plan and submit a single regional HHAP-5 application. For purposes of HHAP-5, the term “region” refers to the geographic area served by a **county**, including all large cities and the CoC or CoCs within it. When multiple counties are served by the same CoC, those counties may choose to apply together or as separate county regions; however, multi-county regions that are served by the same CoC are encouraged to apply as one region and submit a single Regionally Coordinated Homelessness Action Plan.*

Applicants may apply together and still receive and administer funds separately.

- **Large Cities must** apply as part of the regional application with the County and CoC.
- **Counties must** apply as part of a regional application with the CoC and any overlapping Large Cities.
 - *In a multi-county CoC: Counties are strongly encouraged to apply in collaboration with other counties that are served by the same CoC.*
- **A CoC that serves a single county must** apply as part of the regional application with the County and any overlapping Large Cities.
- **A CoC that serves multiple counties must either:**
 - *Apply as part of the regional application with multiple Counties and any overlapping Large Cities; and/or*
 - *Participate in the regional application of **each** overlapping County and the Large Cities therein.*

3. Indicate the Administrative Entity and provide contact information for each Eligible Applicant.

Guidance

Each eligible applicant (Large City, County, and CoC) has the discretion to receive their base allocation directly or may designate an eligible applicant in their region to serve as their Administrative Entity. This selection will indicate to Cal ICH which eligible applicant will enter into contract with the state to receive and administer each eligible applicant’s HHAP-5 allocation.

The Administrative Entity is responsible for HHAP funds and meeting the terms and conditions of the contract. Broadly speaking, this means administering funds, contracting (when necessary) with sub-recipients, and reporting on HHAP-5 dollars and activities to Cal ICH.

- *If you plan to contract with the state to receive and administer **only** your (single) HHAP-5 allocation, select: “Will enter into contract with the state to receive and administer their HHAP-5 allocation individually” under the contracting selection in the application.*
- *If you **do not plan to contract with the state** and instead plan to identify another participating eligible applicant in the region to enter into contract with the state to receive and administer your HHAP-5 allocation, select: “Identify another participating eligible applicant in their region to enter into contract with the state to receive and administer their HHAP-5 allocation” under the contracting selection in the application. You will then be prompted to designate the Administrative Entity from a list of eligible applicants in the region.*
- *If you plan to contract with the state to **receive and administer multiple HHAP-5 allocations** within your region, select “Will enter into contract with the state to receive and administer their HHAP-5 allocation and allocation(s) from other eligible applicants in the region” under the contracting selection in the application.*

Part II: Regionally Coordinated Homelessness Action Plan

2.1 Participating Jurisdictions' Roles and Responsibilities

1. **First** identify and describe the specific roles and responsibilities of **each participating Eligible Applicant** in the region regarding:
 - a. Outreach and site coordination;
 - b. Siting and use of available land;
 - c. Development of interim and permanent housing options; and
 - d. Coordination and connection to the delivery of services for individuals experiencing or at risk of experiencing homelessness within the region.
2. **Then** describe and explain how all collaborating Eligible Applicants in the region are coordinating in each area.

Optional: You may also include roles and responsibilities of small jurisdictions in the region that elect to engage and collaborate on the plan.

Guidance

Each jurisdiction must identify and describe their role in the region for each table.

To add additional Jurisdictions, add rows to the bottom of each table.

Outreach and Site Coordination

Participating Jurisdictions	Role(s) and Responsibilities in Outreach and Site Coordination
NorCal Continuum of Care	Due to the vast size of the geographic area covered by the NorCal CoC (23,115 square miles, nearly the same size as the state of West Virginia) and because of the extremely rural nature of most of the counties in the CoC, the CoC does not play a role in outreach and site coordination for services, this role falls to each County and their non-profit service partners. The CoC does have a role however in the outreach and coordination of sites for the Point in Time survey, although in recent years these duties have fallen to each county who organizes its own local count. The CoC collects the data from all 7 counties and uploads it into HDX. The CoC uses the Counting Us mobile app to collect data during the PIT.
County of Del Norte	The County of Del Norte partners with CBO Del Norte Mission Possible for outreach to encampments and other locations where outreach is focused such as the Del Norte Mission Possible Navigation Center and the showers at the Del Norte Community Health Center and behind the Park City Superette.
County of Lassen	Lassen County Health and Social Services Agency conducts, at minimum, monthly street outreach that has a focus on connecting individuals to needed resources, including health care and permanent housing. The County, through its Housing and Grants Division is working on increasing both street outreach and coordinated entry services.

County of Modoc	Outreach is conducted by T.E.A.C.H., the County CBO and coordinated with the Alturas Police Department and the Modoc County Sheriff's Department as necessary.
County of Plumas	Plumas Crisis Intervention and Resource Center (PCIRC) works in collaboration with all community partners to conduct outreach and support for high-risk individuals and families utilizing multiple funding sources to provide an array of housing services and intensive case management. Plumas County Social Services offers pass-through contracts for CalWorks HSP, Home SAFE, BFH and HDAP/TSI funding.
County of Shasta	Shasta County Health and Human Services Agency and the Sherriff's Department coordinate with local partners to identify areas for homeless outreach on a monthly basis. Shasta Community Health Center's Medical and Street Outreach team as well as Hill Country Wellness Center conduct street outreach 1 day per week. Crisis Intervention Response Team (CIRT) conducts street outreach in encampments. Shasta Thrive conducts outreach 2-3 days a week that includes encampments and emergency shelters. Shasta County Office of Education conducts outreach through local schools to offer emergency housing at local Motel 6 for homeless students and their families. One Safe Place conducts outreach at Shasta College.
County of Sierra	Sierra County Behavioral Health coordinates with the Wellness Center, local Senior Center and Social Services to identify at-risk individuals and coordinate access to services.
County of Siskiyou	Siskiyou County Health and Human Services Agency hired a homeless outreach worker who will conduct street outreach throughout the County. Additionally, the County contracted with the Yreka Police Department to oversee a Homeless Liaison Officer who responds to calls related to homelessness by connecting unsheltered individuals to services and resources in the City of Yreka. The Behavioral Health mobile crisis team, once implemented, will also coordinate with homeless outreach efforts throughout the County.

Given the individual roles and responsibilities identified above, describe and explain how all participating jurisdictions are or will begin to coordinate these efforts to ensure comprehensive outreach and site coordination to individuals experiencing and at-risk of experiencing homelessness in the region.

Going forward, the CoC will be implementing a more coordinated approach to the PIT count. The CoC plans to hire a PIT coordinator to work with all of the 7 counties, conduct training, develop forms, provide technical assistance and oversee the entire count. Because of the vast geographic size of the NorCal CoC service area (counties and cities are hundreds of miles apart), the CoC is leaning heavily on the services offered by its HMIS/CES lead, United Way of Northern California. The United Way also serves as the 2-1-1 information service for 5 of the 7 counties in the region. The United Way has implemented a process whereby they share information among service providers in the 7 counties to refer individuals for services who are contacted during outreach and place individuals in housing, including referrals and placement across county lines when that is appropriate.

Land Use and Development

Participating Jurisdictions	Role(s) and Responsibilities in land use and development
NorCal Continuum of Care	Not applicable. Land use and development is under the purview of County and City-level planning departments.
County of Del Norte	Del Norte County's Planning Department provides all services and decision making related to land use and development in the County's unincorporated area. County-owned land will be used for an emergency shelter and micro shelter village. We recently received the approval of the Board of Supervisors for this use.
County of Lassen	Lassen County's Planning Department provides all services and decision making related to land use and development in the County's unincorporated area. This year, the Planning Department and Health and Social Services collaborated to update the County's Housing Element.
County of Modoc	Modoc County's Planning Department provides all services and decision making related to land use and development in the County's unincorporated area. The City of Alturas provides planning services within their jurisdiction.
County of Plumas	Plumas County's Planning Department provides all services and decision making related to land use and development in the County's unincorporated area. PCIRC works closely with Plumas County's Planning Director in the planning and implementation of capital facility projects to provide guidance and support in land use development.
County of Shasta	Shasta County's Planning Department provides all services and decision making related to land use and development in the County's unincorporated area. The Planning staff from the cities of Redding, Shasta Lake and Anderson provide those same services within their incorporated areas.
County of Sierra	Sierra County's Planning Department provides all services and decision making related to land use and development in the County's unincorporated area. Due to its very small size and extremely rural nature, Sierra County partners with Plumas County on developing permanent housing. The Planning staff from the cities of Loyalton (Sierra County) and Portola (Plumas County) partner within this broader geographic region.
County of Siskiyou	Siskiyou County's Community Development/Planning Department provides all services and decision-making related to land use and development in the County unincorporated area. The Planning staff from the local incorporated cities provide those same services within their jurisdictions.

Given the individual roles and responsibilities identified above, describe and explain how all participating jurisdictions are or will begin to coordinate these efforts to use and develop available land to address and end homelessness in the region.

While land use and entitlement decisions are specific to each County and City/Town (due to individual General Plans and Zoning Codes), the CoC will encourage counties to share at CoC meetings how they are working within their jurisdictions to participate in land use and development decisions which support the development of affordable and permanent supportive housing. Examples include participating in local Housing Element update meetings, and proactively working with developers seeking entitlements for the development of affordable housing and with shelter operators planning new shelters.

Development of Interim and Permanent Housing Options

Participating Jurisdictions	Role(s) and Responsibilities in development of interim and permanent housing options
NorCal Continuum of Care	Some CoC member agencies are in the position of owning land that they can develop with housing or they are interested in working with other developers. These opportunities are shared at CoC meetings and they also share their experiences of developing and owning PSH and affordable housing, so that others can learn best practices and pitfalls to avoid.
County of Del Norte	Del Norte County's Department of Health and Human Services in collaboration with the City of Crescent City's Housing Authority and local CBO Del Norte Mission Possible is currently in the process of developing multiple interim and permanent housing solutions for our unhoused populations. We have applied for various grants to support these efforts. Conversion of our Homekey Project to Permanent Supportive Housing (PSH) is expected to begin in the coming months. This will add 30 permanent housing units to the county's housing stock. Each unit will have a project-based voucher. The County will also soon have its first ever year-round emergency shelter and micro shelter village which will provide a supportive environment to help people transition from homelessness to permanent, stable housing.
County of Lassen	Lassen County Health and Social Services Agency is responsible for affordable housing development efforts to address homelessness. HSS staff are responsible for applying for funding, issuing RFPs and working with developers and service providers.
County of Modoc	Development of Interim housing currently lies with TEACH, the local CBO
County of Plumas	As the lead social service and housing agency in Plumas County, PCIRC is in the process of developing the North Star Navigation Center (21 beds) & Ohana Village Transitional Housing (26 cabins). PCIRC is at the forefront of housing development at this time. Plumas County Behavioral Health continues to seek development of a Permanent Supportive Housing model for Plumas County.

County of Shasta	The County's affordable housing development efforts to address homelessness are centralized in the Health and Human Services Agency. The staff from this agency is responsible for applying for funding, issuing RFPs/RFQs, and working with developers and service providers. The cities of Redding, Shasta Lake City and Anderson engage in efforts to address affordable housing by applying for funding, issuing RFPs/RFQs, and working with developers and service providers.
County of Sierra	The County's affordable housing development efforts to address homelessness are centralized in the Health and Human Services Agency. The staff from this agency is responsible for applying for funding, issuing RFPs/RFQs, and working with developers and service providers.
County of Siskiyou	Siskiyou County's PSH development efforts to address homelessness are centralized in the Health and Human Services Agency. Staff from this agency are responsible for applying for funding, issuing RFPs/RFQs, and working with developers and service providers. Cities with larger homeless populations share the responsibility to support the development of affordable housing. For example, the Cities of Yreka and Mt. Shasta have demonstrated political and financial support for affordable housing development.

Given the individual roles and responsibilities identified above, describe and explain how all participating jurisdictions are or will begin to coordinate these efforts to develop adequate interim and permanent housing options to address and end homelessness in the region.

As described above, in most counties in the NorCal CoC region, the responsibility for the development of interim and permanent housing solutions currently resides with the Health and Human Services Departments of each county government. For two of the counties, it is local nonprofits who are assuming this role. In all cases, it is the representatives of all of these agencies who sit on the CoC Executive Board, which guides and directs conversations and coordination about the development of housing solutions. At the meetings, the members and Board members are able to share about their current and planned projects, developers they are working with, and how they are dealing with community opposition to affordable housing. In this way, they are supporting the development of housing throughout the region.

Coordination of and Connection to Service Delivery

Participating Jurisdictions	Role(s) and Responsibilities in connection to service Delivery
NorCal Continuum of Care	CoC members that are both counties and non-profits attend the meetings to share their services programming at meetings and invite proposals through local NOFAs. The new HMIS lead agency also shares information among county members on services. The HMIS lead agency, United Way of Northern California also operates 2-1-1 resource and information referral services in all of the 7 counties except Del Norte and Sierra. This makes for a coordinated and seamless connection to services in the other 5 counties with one phone call.
County of Del Norte	The County's coordinated entry staff and housing program case managers act as liaisons, connecting unhoused individuals to services. Staff from all branches of Health and Human Services work cooperatively to streamline service connection.

County of Lassen	A variety of staff across Lassen County Health and Social Services Agency ensure that individuals are referred to and connected to services. These include eligibility staff who work in assistance programs like CalWORKs, case managers in social services, behavioral health and public health, and staff in the Housing and Grants Division, who oversee the Coordinated Entry System.
County of Modoc	Staff from multiple county agencies and TEACH cross refer clients to programs within behavioral health, social services, and community-based organizations
County of Plumas	PCIRC is the Point of Coordinated Entry for homelessness in Plumas County. All county agencies and law enforcement ensure that individuals are referred to PCIRC for homeless and homeless prevention services.
County of Shasta	Shasta Community Health Center, Hill Country Wellness Center, New Life Discovery, Lutheran Social Services offer supportive services, case management to connect individuals to services and programs some programs use Cal AIM Community Supports. United Way of Northern California oversees Coordinated Entry System for the NorCal CoC
County of Sierra	A variety of staff across the Health and Human Services Agency in Sierra County ensure that individuals are referred to and connected to services. These include eligibility staff who work in assistance programs like CalWORKs, case managers in social services, behavioral health and public health, and staff who oversee the Coordinated Entry System.
County of Siskiyou	Siskiyou County Health and Human Services Agency strives to connect individuals to mainstream benefits as well as community resources through social workers and case managers. This responsibility is shared with other County departments when applicable (i.e. the Public Defender Social Worker) and other members of the NorCal CoC Siskiyou Advisory Board. The County contracted with a nonprofit who will run a navigation center in addition to a low-barrier shelter.

Given the individual roles and responsibilities identified above, describe how all participating jurisdictions are or will begin to coordinate to provide the full array of services, including interim and permanent housing solutions to people experiencing and at-risk of experiencing homelessness in the region.

The primary mechanism for the counties in this large geographic area to coordinate services is through the use of a single unified Coordinated Entry System. The United Way of Northern California oversees the Coordinated Entry System for the NorCal CoC. This agency also provides 2-1-1 information services (which is a one call process for individuals to be connected to a full array of needed services, including housing resources) for 5 of the 7 member counties in the NorCal CoC. This ensure that individuals are connected to the most appropriate services regardless of where they live in the region and that they are prioritized for housing based upon a consistent set of measures used throughout the CoC.

2.2 System Performance Measures and Improvement Plan

1. **First** identify the most recent system performance measures for the region.
2. **Then** describe the key action(s) the region intends to take to improve each system performance measure.

Guidance

Cal ICH shall provide each region with system performance measures by CoC, with the exception of the LA region, which will receive data from all four CoCs within LA County. Applicants must enter that data in the corresponding metrics fields in the application. Applicants should not adjust the data provided even if the geographic region of the data does not perfectly align with the participating applicant geography of this application.

*Regions must have **at least one** key action for **each** system performance measure. All columns must be filled out for each action.*

For "Funding Type" enter Federal, State, Local, or the unique funding source type.

To add additional actions or racial equity measures, add rows to the bottom of each table.

Note: While Cal ICH expects most of the disparities listed to be based on race or ethnicity, applicants may identify other populations that are also overrepresented among people experiencing homelessness in the region.

Definitions:

- **Key Action(s)** may include a brief description of a strategic initiative or step identified to address or improve the specific system performance measure. This can be a policy, program, partnership, target metric, or any other approach which reflects an improvement and delivers positive impact. Provide a clear description of the action and its intended outcome.
- **Lead Entity** should include the name of the regional Eligible Applicant responsible for managing the key action.
- **Collaborating Entity/ies** may include a group, organization, or jurisdiction within your region working to address or improve the system performance measure. This can be another participating jurisdiction, a system partner, or any organization actively participating in the key action.
- **Timeframe** should include a target date for completion of the key action.
- **Success Measurement Method** may include a systematic approach or tool used to assess the effectiveness and impact of the key action on the performance measure. This can be quantitative measures, qualitative feedback, or any combination that provides insight into the progress and outcomes pertaining to the key action. Provide a clear description of how you plan to track and report on the success of your key action.

2.3 Equity Improvement Plan

1. Identify and describe the key action(s) the region will take to ensure racial and gender equity in 1) service delivery; 2) housing placements; and 3) housing retention; and 4) identify any changes to procurement or other means to affirm equitable access to housing and services for groups overrepresented among residents experiencing homelessness.
2. Identify if place-based encampment resolution is occurring in the region and if so, CoC must describe and provide evidence of collaboration with the cities or counties providing encampment resolution services that addresses how people served through encampment resolution have or will be prioritized for permanent housing within the Coordinated Entry System.
OPTIONAL: upload any evidence the region would like to provide regarding collaboration and/or prioritization as it relates to question 2.

Guidance

*Of the four tables below, the first three must include at a minimum one key action to address racial equity **and** one key action to address gender equity. The fourth and final table must include at least one key action.*

To add additional actions, add rows to the bottom of the table.

Definitions:

- **Key Action(s)** may include a brief description of a strategic initiative or step identified to address or improve the inequity. This can be a policy, program, partnership, target metric, or any other approach which reflects an improvement and delivers positive impact. Provide a clear description of the action and its intended outcome.
- **Lead Entity** should include the name of the regional Eligible Applicant responsible for managing the key action.
- **Collaborating Entity/ies** may include a group, organization, or jurisdiction within your region working to address or improve the inequity. This can be another participating jurisdiction, a system partner, or any organization actively participating in the key action.

Key Action(s) the Region Will Take to Ensure Racial and Gender Equity in Service Delivery

This training will assist organization to become more culturally competent in serving the community.	CoC	Counties of Del Norte, Lassen, Modoc, Plumas, Shasta, Sierra and Siskiyou

Key Action(s) the Region Will Take to Change Procurement or Other Means to Affirm Equitable Access to Housing and Services for Overrepresented Groups Among People Experiencing Homelessness in the Region

Key Action(s)	Lead Entity	Collaborating Entity/ies
The CoC and counties will, whenever possible, encourage the participation of minority and women-owned businesses (MBE/WBE) in any solicitations. Local tribal entities will be directly invited to submit proposals for any funding opportunities where they are an eligible applicant.	CoC	Counties of Del Norte, Lassen, Modoc, Plumas, Shasta, Sierra and Siskiyou
Provide education and training to housing providers on the unique challenges of overrepresented groups while also providing comprehensive case management and support to potential tenants that addresses their unique challenges. Provide incentives to landlords to promote collaboration in the provision of housing to underserved groups.	Counties of Del Norte, Lassen, Modoc, Plumas, Shasta, Sierra and Siskiyou	CoC
Collaborate with community partners and stakeholders to make County training opportunities available to educate the community about equitable access to affordable housing.	CoC	Counties of Del Norte, Lassen, Modoc, Plumas, Shasta, Sierra and Siskiyou

Coordinated Entry Prioritization for Place-Based Encampment Resolution

Guidance

Answer the following question(s)

In the online application portal applicants may upload any evidence the region would like to provide regarding collaboration and/or prioritization.

Is place-based encampment resolution occurring within the region?

Yes

If yes, then the CoC must describe and provide evidence of collaboration with the cities or counties providing encampment resolution services that addresses how people served through encampment resolution have or will be prioritized for permanent housing within the Coordinated Entry System.

Del Norte County: Del Norte County, in collaboration with CBO Del Norte Mission Possible, has received an ERF grant from the State, and will enter all willing encampment residents into HMIS as part of our Coordinated Entry intake process. Encampment residents entered into HMIS will appear on the prioritized list for housing placement.

Shasta County: Shasta County utilizes the CoC's Coordinated Entry System and as part of the encampment project all individuals contacted at the encampment site are encouraged to have their information entered into CES so that they can be prioritized for housing placement.

2.4 Plan to Reduce the Number of People Experiencing Homelessness Upon Exiting an Institutional Setting

1. Identify and describe the Key Action(s) **each participating Eligible Applicant** will take to reduce the number of people falling into homelessness as they exit institutional settings including but not limited to jails, prisons, and hospitals.

Guidance

At a minimum, if an institutional setting is present in a jurisdiction, the jurisdiction must identify their role.

To add additional actions, add rows to the bottom of the table.

If an institution is not present in a jurisdiction, type N/A.

Definitions:

- **Key Action(s)** may include a brief description of a strategic initiative or step identified to address or improve the specific performance metric. This can be a policy, program, partnership, target metric, or any other approach which reflects an improvement and delivers positive impact. Provide a clear description of the action and its intended outcome.
- **Lead Entity** should include the name of the regional Eligible Applicant responsible for managing the key action.
- **Collaborating Entity/ies** may include a group, organization, or jurisdiction within your region working to address or improve the performance metric. This can be another participating jurisdiction, a system partner, or any organization actively participating in the key action.

Key Action(s) to Reduce the Number of People Experiencing Homelessness Upon Exiting a Jail

Key Action(s)	Lead Entity	Collaborating Entity/ies

2.7 Memorandum of Understanding

1. Upload the Region's Memorandum of Understanding (MOU).
 - a. Optional: upload any additional supporting documentation the region would like to provide.

Guidance

A Memorandum of Understanding (MOU) must be submitted along with the application. This MOU must reflect the actions in the Regionally Coordinated Homelessness Action Plan submitted under this application, be signed by each participating eligible applicant, and commit each signatory to participate in and comply with the Regionally Coordinated Homelessness Action Plan. Smaller cities that choose to participate in the Regionally Coordinated Homelessness Action Plan may also be signatories to this MOU.

2.8 Application Development Process Certification

1. Provide the dates of the three public meetings that were conducted with stakeholders before the Regionally Coordinated Homelessness Action Plan was completed.

Guidance

No less than three public meetings must be held for each Regionally Coordinated Homelessness Action Plan. Applicants should retain documentation of the meetings in alignment with Cal ICH's records retention requirement outlined in the NOFA.

To add additional meetings, add rows to the bottom of the table.

Meeting	Date
1	January 31, 2024
2	February 8, 2024
3	February 22, 2024

2. Describe how specific stakeholder groups were invited and encouraged to engage in the public stakeholder process.

Guidance

A description is required for each stakeholder group for each Regionally Coordinated Homelessness Action Plan. Applicants should retain documentation of these efforts in alignment with Cal ICH's records retention requirement outlined in the NOFA.

Stakeholders	Description of how Stakeholders were invited and encouraged to engage in the public stakeholder process
People with lived experience of homelessness	Each county within the CoC was provided with a flyer to advertise the public meetings and 4 of the counties (Del Norte, Siskiyou, Shasta and Lassen) held "watch parties" so that people could attend in person and participate in the Zoom meetings from the comfort of a community space with the proper technology. Counties reached out to homelessness service providers, and local Wellness Centers. In particular: Shasta County reached out to Sunrise Mountain Wellness Center and the community advisory board through Shasta Health Center to engage persons with lived experience.

<p>Youth with lived experience of homelessness</p>	<p>Each county within the CoC was provided with a flyer to advertise the public meetings and 4 of the counties (Del Norte, Siskiyou, Shasta and Lassen) held “watch parties” so that people could attend in person and participate in the Zoom meetings from the comfort of a community space with the proper technology. Counties reached out to homelessness service providers, and local Wellness Centers. In particular: Shasta County invited Sunrise Mountain Wellness Center and the community advisory board through Shasta Health Center to engage persons with lived experience. Siskiyou County invited Youth Empowerment Siskiyou whose mission to be able to serve any youth age 0-25 who has been exposed to trauma, is in the foster care system or is at-risk.</p>
<p>Persons of populations overrepresented in homelessness</p>	<p>In general, Indigenous/Native Americans are the most overrepresented populations experiencing homelessness within the NorCal CoC geographic area. Each county directly invited local tribal entities and representatives to attend the meetings. Tribal representatives who attended all of the meetings were from the Karuk Tribe (Siskiyou County) and the Tolowa Dee-Ni' Nation (Del Norte County)</p>
<p>Local department leaders and staff of qualifying small jurisdictions, including child welfare, health care, behavioral health, justice, and education system leaders</p>	<p>Each county sent direct emails and a copy of the meeting flyer to each of their local department leaders and staff in the noted areas.</p>
<p>Homeless service and housing providers working in that region</p>	<p>A general press release was sent to the television station that serves the geographic area, who aired the meetings announcement during the evening news. Each county sent direct emails and a copy of the meeting flyer to members of their local county-level CoC Advisory Boards, which are made up of homeless services and housing providers working in each region.</p>
<p>Each Medi-Cal Managed Care Plan contracted with the State Department of Health Care Services in the region</p>	<p>Partnership Health was directly invited to attend the meetings.</p>
<p>Street medicine providers and other providers directly serving people experiencing homelessness or at risk of homelessness</p>	<p>All local FQHCs, respite medical providers and providers that conduct street outreach were directly invited to the meetings by the counties.</p>

3. Certify under penalty of perjury that all participating eligible applicants met the statutory public meeting process requirements in developing the Regionally Coordinated Homelessness Action Plan.

Part III: Funding Plan

Each **Administrative Entity** is required to submit a funding plan as part of the HHAP-5 Application. The funding plan must account for 100 percent of the HHAP-5 Base allocation(s), 100 percent of the HHAP-5 Planning allocation(s), and 100 percent of the Initial Supplemental Funding allocation(s) which the Administrative Entity will be responsible for administering.

For both the HHAP-5 base allocation and the initial \$100 million supplemental funding, individual allocations for each eligible applicant will be based on their proportionate share of the state's homeless population as reported by HUD in the 2023 PIT count. Allocation amounts will be calculated and released to all applicants once HUD publishes their 2023 Annual Homeless Assessment Report (AHAR).

Cal ICH currently anticipates providing eligible applicants with their calculated allocations by the end of January 2024. This will give applicants at least two months to finalize their HHAP-5 budgets before applications are due at the end of March. Until HHAP-5 final allocations are released, applicants should use their HHAP-4 base allocation as an approximation of their HHAP-5 allocation amount, for planning purposes.

1. Complete a Funding Plan for each Administrative Entity participating in this application.
 - a. Identify all Eligible Use Categories the Administrative Entity anticipates using.
 - b. Provide the **dollar amount** budgeted per eligible use category. Again, this must account for 100 percent of the HHAP-5 Allocation(s) the Administrative Entity will be responsible for administering.
 - c. Where applicable, provide the **dollar amount** that will be designated under the Youth Set-Aside from the selected eligible use categories. **Reminder: the youth set-aside must total at least 10% of all monies received.**
 - d. Provide a brief description of activities HHAP-5 funds will support in each selected eligible use category.
 - e. Provide an explanation of how the activities therein align with the state's HHAP-5 priorities to prioritize permanent housing solutions and sustain existing investments towards long-term sustainability of housing and supportive services.
2. Complete the New Interim Housing Certification
 - a. Indicate whether the budget proposes to support **ANY** new interim housing solutions outside of the youth set-aside.
 - b. Indicate whether the budget proposes to support new interim housing solutions for youth in excess of 10% of the total HHAP-5 Dollars budgeted.
 - c. If the Administrative Entity answers "yes" to either of the above, they will be asked to demonstrate dedicated, sufficient resources from other funding sources for long-term permanent housing solutions. This entails summarizing total available dollars for preventing and ending homelessness in the region, including the percentage of these resources dedicated to permanent and interim housing solutions, providing the status of five policy actions for each eligible applicant in the region, and demonstrating the need for additional shelter.

Guidance

Each Administrative Entity must submit a **single** Funding Plan that accounts for the entire HHAP-5 Allocation(s) which the Administrative Entity will be responsible for administering. This includes:

- 100 percent of the HHAP-5 Base allocation(s);
- 100 percent of the HHAP-5 Planning allocation(s); and
- 100 percent of the Initial Supplemental Funding allocation(s).

The youth set-aside must total at least 10% of all monies received.

Administrative costs **may not exceed 7%** of all monies received.

Up to 1% of all monies received may be budgeted for costs related to the Homeless Management Information System (HMIS). Related costs include HMIS licenses, training, system operating costs, and costs associated with carrying out related activities. Upon agreement between Cal ICH, the grantee, and the Homeless Management Information System lead entity, the grantee shall transfer the authorized amount of funds directly to the HMIS lead entity.

Each funding plan must include:

- Identification of all Eligible Use Categories the Administrative Entity anticipates using
- **Dollar amount** budgeted per eligible use category. Again, this must account for 100 percent of the HHAP-5 Base allocation(s) and 100 percent of the Initial Supplemental Funding allocation(s) which the Administrative Entity will be responsible for administering.
 - If applicable, **dollar amount** from the selected eligible use category that will be designated under the Youth Set-Aside. **Reminder: the youth set-aside must total at least 10% of all monies received.**
 - Administrative costs **may not exceed 7%** of all monies received.
 - Applicants may budget **up to 1%** for costs related to the Homeless Management Information System (HMIS). Related costs include HMIS licenses, training, system operating costs, and costs associated with carrying out related activities. Upon agreement between Cal ICH, the grantee, and the Homeless Management Information System lead entity, the grantee shall transfer the authorized amount of funds directly to the HMIS lead entity.
- A brief description of activities HHAP-5 funds will support in each selected eligible use category.
- An explanation of how the activities therein align with the state's HHAP-5 priority to sustain existing investments towards long-term sustainability of housing and supportive services and prioritize permanent housing solutions.
- Certification that the Administrative Entity does not intend to support new interim housing solutions using HHAP-5 funds.
 - If an Administrative Entity proposes to use HHAP-5 funds to support any new interim housing solutions outside of the youth set-aside and/or interim housing for youth in excess of 10% of the total HHAP-5 allocation, **the region** will be asked to demonstrate how it has dedicated sufficient resources from other funding sources to long-term permanent housing solutions and the need for new interim housing.
 - Reminder: per HSC section 50230(v) "region" means the geographic area served by a county, including all cities and CoCs within it. For the LA region, this means all eligible applicants within the County of LA.

To add another funding plan for an additional Administrative Entity, copy the entire funding plan section (including the "New Interim Housing Certification" and "Demonstrated Need" Subsections) and paste at the bottom of the template.

New Interim Housing Certification

Does this budget propose to support any new interim housing solutions outside of the youth set-aside?

No

Does this budget propose to support new interim housing solutions for youth in excess of 10% of the total HHAP-5 Dollars budgeted?

No

If yes to **either** of the above questions, identify **the region and Eligible Applicants in the region**. Then, respond to all of the below prompts under Demonstration of Dedicated, Sufficient Resources for Permanent Housing. In reviewing whether a region has dedicated sufficient resources from other sources to long term permanent housing solutions, Cal ICH will evaluate financial resources and policy actions related to reducing and ending homelessness, as well as demonstrated need for additional interim housing.

Demonstration of Dedicated, Sufficient Resources for Permanent Housing

Applicants must respond to this section **when** they have responded "Yes" to either of the questions under "New interim Housing Certification". At a minimum, this section must reflect all eligible applicants in the region where the eligible applicant is proposing to fund new interim housing.

1. Identify Region and all eligible applicants in the Region.
2. Provide required metrics and narrative under "Status of Financial Resources"
3. Complete the 5 tables under "Status of Policy Actions"
4. Provide required metrics and narrative under "Demonstrated Need"

Guidance

Per HSC section 50230(v) "region" means the geographic area served by a county, including all Cities and Continuums of Care within it. For the LA region this means all eligible applicants (Large Cities, CoCs, and the County) within the County of LA.

Region

Eligible Applicants in the Region

Status of Financial Resources

Provide the following financial resource metrics for the region.

Guidance

Per HSC section 50230(v) "region" means the geographic area served by a county, including all Cities and Continuums of Care within it. For the LA region this means all eligible applicants (Large Cities, CoCs, and the County) within the County of LA.

- For Single County CoCs and the LA region: the application is already aligned with the "region" definition. Therefore, the first two metrics must exactly reflect the information in "[Plan to Utilize Local, State, and Federal Funds to End Homelessness](#)" above. In the Cognito Form, the first two metrics will automatically populate from the information provided. The applicant will need to provide the "Percent dedicated to interim housing solutions".
- For multi-county CoCs: because the participating eligible applicants may or may not exclusively align with the "region" definition, the applicant will need to assess and summarize the relevant information from the in "[Plan to Utilize Local, State, and Federal Funds to End Homelessness](#)" above. Here relevant information refers to the aggregate dollars available to the [Eligible Applicants](#) listed the tables directly above, in alignment with the "region" definition.

Provide the following financial resource metrics for the region.

Guidance

Per HSC section 50230(v) “region” means the geographic area served by a county, including all Cities and Continuums of Care within it. For the LA region this means all eligible applicants (Large Cities, CoCs, and the County) within the County of LA.

- For Single County CoCs and the LA region: the application is already aligned with the “region” definition. Therefore, the first two metrics must exactly reflect the information in [“Plan to Utilize Local, State, and Federal Funds to End Homelessness”](#) above. In the Cognito Form, the first two metrics will automatically populate from the information provided. The applicant will need to provide the “Percent dedicated to interim housing solutions”.*
- For multi-county CoCs: because the participating eligible applicants may or may not exclusively align with the “region” definition, the applicant will need to assess and summarize the relevant information from the in [“Plan to Utilize Local, State, and Federal Funds to End Homelessness”](#) above. Here relevant information refers to the aggregate dollars available to the [Eligible Applicants](#) listed the tables directly above, in alignment with the “region” definition.*

Total amount of funds the region is using from its available federal, state, and local dollars to prevent and end homelessness as described in the Action Plan Section: Utilization of Local, State and Federal Funds to End Homelessness
