

California Interagency Council on Homelessness

HHAP Round 5 Application

Part 1: Regional Identification and Contracting Information

Steps to complete this section:

1. Select the CoC Region.
2. Indicate which of the Eligible Applicants are participating in this HHAP-5 application.
3. For each participating Eligible Applicant, you will also be prompted to indicate whether and how the Eligible Applicant intends to contract with the state (i.e., indicate the Administrative Entity for that eligible applicant's HHAP-5 Allocation).

Please select the Continuum of Care region

Alpine, Inyo, Mono Counties CoC

Application Participation Guidance:

Cal ICH encourages eligible applicants to apply in collaboration with all eligible applicants in their CoC Region and submit a single Regionally Coordinated Homelessness Action Plan. Applicants may apply together and still receive funds separately.

- *Large Cities **must** apply as part of the regional application with the County and CoC.*
- *Counties **must** apply as part of a regional application with the CoC and any overlapping Large Cities.*
 - *In a multi-county CoC: Counties **are strongly encouraged to** apply in collaboration with other counties that are served by the same CoC.*
- *A CoC that serves a single county **must** apply as part of the regional application with the County and any overlapping Large Cities.*
- *A CoC that serves multiple counties **must either:***

- *Apply as part of a regional application with multiple Counties and any overlapping Large Cities; and/or*
- *Participate in the regional application of **each** overlapping County and the Large Cities therein.*

Contracting Guidance:

Each Eligible Applicant (Large City, County, and CoC) has the discretion to receive their base allocation directly or may designate an Eligible Applicant in their region to serve as their Administrative Entity. This selection will indicate to Cal ICH which Eligible Applicant will enter into contract with the state to receive and administer each Eligible Applicant's HHAP-5 allocation.

The Administrative Entity is responsible for HHAP funds and meeting the terms and conditions of the contract. Broadly speaking, this means administering funds, contracting (when necessary) with sub-recipients, and reporting on HHAP-5 dollars and activities to Cal ICH.

- *If you plan to contract with the state to receive and administer **only** your (single) HHAP-5 allocation, select: "Will enter into contract with the state to receive and administer their HHAP-5 allocation individually" under the contracting selection.*
- *If you **do not plan to contract with the state** and instead plan to identify another participating Eligible Applicant in the region to enter into contract with the state to receive and administer your HHAP-5 allocation, select: "Identify another participating Eligible Applicant in their region to enter into contract with the state to receive and administer their HHAP-5 allocation" under the contracting selection. You will then be prompted to designate the Administrative Entity from a list of eligible applicants in the region.*
- *If you plan to contract with the state to **receive and administer multiple HHAP-5 allocations** within your region, select "Will enter into contract with the state to receive and administer their HHAP-5 allocation and allocation(s) from other Eligible Applicants in the region" under the contracting selection.*

Part 2. Regionally Coordinated Homelessness Action Plan

Participating Jurisdictions' Roles and Responsibilities

Steps to complete this section:

1. Identify and describe the specific roles and responsibilities of **each participating Eligible Applicant** in the region regarding:
 - Outreach and site coordination;
 - Siting and use of available land;
 - Development of interim and permanent housing options; and
 - Coordination and connection to the delivery of services for individuals experiencing or at risk of experiencing homelessness within the region.
2. Describe and explain how all Participating Jurisdictions are coordinating in each area.

Optional: You may also include roles and responsibilities of small jurisdictions in the region that elect to engage and collaborate on the plan.

Guidance:

*Each Eligible Applicant must identify and describe their role in the region for **each** table.*

To add additional jurisdictions, click "Add a Participating Jurisdiction" near the bottom of each table.

Outreach & Site Coordination

Participating Jurisdictions	Roles & Responsibilities
Inyo County	Coordinate with Mono County, Alpine County, and CoC to evaluate Coordinated Entry and support street outreach services
Mono County	Coordinate with Inyo County, Alpine County, and CoC to evaluate Coordinated Entry and support street outreach services
CA-530	Coordinate with Mono County, Alpine County, and Inyo County to evaluate Coordinated Entry and support street outreach services, strengthen data quality measures in HMIS and increase participation

Given the individual roles and responsibilities identified above, describe and explain how all participating jurisdictions are or will begin to coordinate these efforts to ensure comprehensive outreach and site coordination to individuals experiencing and at-risk of experiencing homelessness in the region.

Regional Coordination Narrative - Outreach & Site Coordination

CA-530 is a CoC that spans 3 rural counties, and close collaboration among the counties is crucial to the success of homeless service programs. All counties will coordinate closely to ensure outreach reaches 100% of the CoC. Additionally, the CoC is currently revising the Coordinated Entry policy and procedure manual to ensure barriers to access the system are lessened. Furthermore, the CoC will work with

homeless service providers to increase utilization of HMIS.

Land Use & Development

Participating Jurisdictions	Roles & Responsibilities
Inyo County	Coordinate with Mono County, Alpine County, CoC and Eastern Sierra Community Housing to identify potential parcels of land for development
Mono County	Coordinate with Inyo County, Alpine County, CoC and Eastern Sierra Community Housing to identify potential parcels of land for development
CA-530	Coordinate with Mono County, Alpine County, Inyo County and Eastern Sierra Community Housing to identify potential parcels of land for development

Given the individual roles and responsibilities identified above, describe and explain how all participating jurisdictions are or will begin to coordinate these efforts to use and develop available land to address and end homelessness in the region.

Regional Coordination Narrative - Land Use & Development

With this CoC set within the Sierra Nevada Mountain range, land appropriate for housing is difficult to identify. However, the Counties and the CoC have assisted Eastern Sierra Community Housing in identifying land for the development of permanent housing using Project Homekey funds. The jurisdictions and the CoC will continue to work with housing developers in identifying potential parcels of land for affordable housing.

Development of Interim and Permanent Housing Options

Participating Jurisdictions	Roles & Responsibilities
Inyo County	Coordinate with Mono County, Alpine County, and the CoC in identifying funding for the development of permanent housing
Mono County	Coordinate with Inyo County, Alpine County, and the CoC in identifying funding for the development of permanent housing
CA-530	Coordinate with Mono County, Alpine County, and Inyo County in identifying funding for the development of permanent housing

Given the individual roles and responsibilities identified above, describe and explain how all participating jurisdictions are or will begin to coordinate these efforts to develop adequate interim and permanent housing options to address and end homelessness in the region.

Regional Coordination Narrative - Shelter, Interim, and PH Options

Funding for affordable housing within this region is scarce. However, the close collaboration amongst the counties and the CoC has helped in the recent development of a number of affordable housing units through Eastern Sierra Community Housing. Additionally, Mono County is in the planning process of adding additional transitional housing beds. Alpine, Inyo and Mono Counties do not have any year-round emergency shelter programs, only utilizing hotel/motel vouchers. With limited funding available, the

Counties and the CoC are investing in RRH to permanently house individuals, as well as homeless prevention to keep at-risk individuals and families permanently housed.

Coordination of & Connection to Service Delivery

Participating Jurisdictions	Roles & Responsibilities
Inyo County	Coordinate with Mono County, Alpine County, and the CoC in evaluating the coordinated entry system and improving HMIS access
Mono County	Coordinate with Inyo County, Alpine County, and the CoC in evaluating the coordinated entry system and improving HMIS access
CA-530	Coordinate with Mono County, Alpine County, and Inyo County in evaluating the coordinated entry system and improving HMIS access

Given the individual roles and responsibilities identified above, describe how all participating jurisdictions are or will begin to coordinate to provide the full array of services, shelter, and permanent housing solutions to people experiencing and at-risk of experiencing homelessness in the region.

Regional Coordination Narrative - Coordination & Connection to Service Delivery

Currently, the CoC utilizes a "No Wrong Door" approach for the Coordinated Entry System. The CoC and the Counties are currently revising the coordinated entry policies and procedures to help remove any barriers to services within the region. Additionally, the CoC is reviewing the HMIS policies and procedures to ensure all homeless services providers are able to begin entering data into HMIS. As agencies begin entering into HMIS, the CoC will be able to begin analyzing the number of service referrals.

System Performance Measures & Improvement Plan

Steps to complete this section:

1. Identify the most recent system performance measures for the region.
2. Describe the key action(s) the region intends to take to improve each system performance measure.

Guidance:

Cal ICH shall provide each region with system performance measures by CoC, with the exception of the LA region, which will receive data from all four CoCs within LA County. Applicants must enter that data in the corresponding measures fields in the application. Applicants should not adjust the data provided even if the geographic region of the data does not perfectly align with the participating applicant geography of this application.

*The application must include **at least one** key action for **each** system performance measure. All columns*

must be filled out for each action.

For "Funding Type" select one of the options. If you select the blank field, you may type in a unique funding source type.

To add additional actions or racial equity measures, click the appropriate "Add" buttons near the bottom of each table.

Note: While Cal ICH expects most of the disparities listed to be based on race or ethnicity, applicants may identify other populations that are also overrepresented among people experiencing homelessness in the region.

Definitions:

- **Key Actions** may include a brief description of a strategic initiative or step identified to address or improve the specific system performance measure. This can be a policy, program, partnership, target measure, or any other approach which reflects an improvement and delivers positive impact. Provide a clear description of the action and its intended outcome.
- **Lead Entity** should include the name of the regional Eligible Applicant responsible for managing the key action.
- **Collaborating Entity/ies** may include a group, organization, or jurisdiction within your region working to address or improve the system performance measure. This can be another participating jurisdiction, a system partner, or any organization actively participating in the key action.
- **Timeframe** should include a target date for completion of the key action.
- **Success Measurement Methods** may include a systematic approach or tool used to assess the effectiveness and impact of the key action on the system performance measure. This can be quantitative measures, qualitative feedback, or any combination that provides insight into the progress and outcomes pertaining to the key action. Provide a clear description of how you plan to track and report on the success of your key action.

Equity Improvement Plan

Steps to Complete this Section:

1. Identify and describe the key actions the region will take to ensure racial and gender equity in:

- Service delivery;
- Housing placements;
- Housing retention; and
- Identify any changes to procurement or other means to affirm equitable access to housing and services for groups overrepresented among residents experiencing homelessness.

2. Identify if place-based encampment resolution is occurring in the region and if so, the CoC must describe and provide evidence of collaboration with the cities or counties providing encampment resolution services that addresses how people served through encampment resolution have or will be prioritized for permanent housing within the Coordinated Entry System.

Optional: upload any evidence the region would like to provide regarding collaboration and/or prioritization as it relates to question 2.

Guidance:

Of the four tables below, the first three must include at a minimum one key action to address racial equity and one key action to address gender equity. The fourth and final table must include at least one key action.

To add additional actions, click "Add an Action" at the bottom of the table.

Definitions:

- **Key Actions** may include a brief description of a strategic initiative or step identified to address or improve the inequity. This can be a policy, program, partnership, target metric, or any other approach which reflects an improvement and delivers positive impact. Provide a clear description of the action and its intended outcome.
- **Lead Entity** should include the name of the regional Eligible Applicant responsible for managing the key action.
- **Collaborating Entity/ies** may include a group, organization, or jurisdiction within your region working to address or improve the inequity. This can be another participating jurisdiction, a system

partner, or any organization actively participating in the key action.
