

# **HHAP Round 5 Application**

### Part 1: Regional Identification and Contracting Information

Steps to complete this section:

- 1. Select the CoC Region.
- 2. Indicate which of the Eligible Applicants are participating in this HHAP-5 application.
- 3. For each participating Eligible Applicant, you will also be prompted to indicate whether and how the Eligible Applicant intends to contract with the state (i.e., indicate the Administrative Entity for that eligible applicant's HHAP-5 Allocation).

Please select the Continuum of Care region Merced City & County CoC

Application Participation Guidance:

Cal ICH encourages eligible applicants to apply in collaboration with all eligible applicants in their CoC Region and submit a single Regionally Coordinated Homelessness Action Plan. Applicants may apply together and still receive funds separately.

- Large Cities must apply as part of the regional application with the County and CoC.
- Counties **must** apply as part of a regional application with the CoC and any overlapping Large Cities.
  - In a multi-county CoC: Counties **are strongly encouraged to** apply in collaboration with other counties that are served by the same CoC.
- A CoC that serves a single county **must** apply as part of the regional application with the County and any overlapping Large Cities.
- A CoC that serves multiple counties must either:

- Apply as part of a regional application with multiple Counties and any overlapping Large Cities; and/or
- Participate in the regional application of **each** overlapping County and the Large Cities therein.

#### Contracting Guidance:

Each Eligible Applicant (Large City, County, and CoC) has the discretion to receive their base allocation directly or may designate an Eligible Applicant in their region to serve as their Administrative Entity. This selection will indicate to Cal ICH which Eligible Applicant will enter into contract with the state to receive and administer each Eligible Applicant's HHAP-5 allocation.

The Administrative Entity is responsible for HHAP funds and meeting the terms and conditions of the contract. Broadly speaking, this means administering funds, contracting (when necessary) with sub-recipients, and reporting on HHAP-5 dollars and activities to Cal ICH.

- If you plan to contract with the state to receive and administer **only** your (single) HHAP-5 allocation, select: "Will enter into contract with the state to receive and administer their HHAP-5 allocation individually" under the contracting selection.
- If you **do not plan to contract with the state** and instead plan to identify another participating Eligible Applicant in the region to enter into contract with the state to receive and administer your HHAP-5 allocation, select: "Identify another participating Eligible Applicant in their region to enter into contract with the state to receive and administer their HHAP-5 allocation" under the contracting selection. You will then be prompted to designate the Administrative Entity from a list of eligible applicants in the region.
- If you plan to contract with the state to **receive and administer multiple HHAP-5 allocations** within your region, select "Will enter into contract with the state to receive and administer their HHAP-5 allocation and allocation(s) from other Eligible Applicants in the region" under the contracting selection.

Is place-based encampment resolution occuring within the region? Yes

The CoC must describe and provide evidence of collaboration with the cities or counties providing encampment resolution services that addresses how people served through encampment resolution have or will be prioritized for permanent housing within the Coordinated Entry System.

#### Narrative for place-based encampment resolution

Merced CoC applied for the Encampment Resolution Funding Round 2 to address encampments within the City of Atwater. This proposal resulted in the collaboration between the City of Atwater, Merced CoC,

Merced County, and Caltrans. This proposal sought to prioritize 27 unsheltered individuals for permanent housing placement within the CES. This proposal was not awarded funding, so the Merced CoC is pursuing an application under the Encampment Resolution Round 3. This new proposal will also prioritize unsheltered individuals within the City of Atwater for permanent housing placement within the CES. The Merced CoC has also established the Outreach Committee which has had at least 22 participants from 11 different organizations. This has included, but is not limited to, Domestic Violence service providers, Merced Police Department, APS, ECM Providers, homeless service providers, etc. This collaboration has resulted in major improvements to standardizing approaches for systemwide outreach responses to unsheltered individuals within encampments and others hard to reach areas. Merced County has also formed a service collaborative initiative called the DART Team. This is a group comprised of Police Department staff, Social Workers, and Mental Health workers aims to provide a wholistic approach to addressing quality of life issues for individuals within our community.

# Part 3: Funding Plan

Steps to complete this section:

- 1. Identify all Eligible Use Categories the Administrative Entity anticipates using.
- 2. Provide the **dollar amount** budgeted per eligible use category. Again, this must account for 100 percent of the HHAP-5 Allocation(s) the Administrative Entity will be responsible for administering.
- 3. Where applicable, provide the **dollar amount** that will be designated under the Youth Set-Aside from the selected eligible use categories. **Reminder: the youth set-aside must total at least 10% of all monies received.**
- 4. Provide a brief description of activities HHAP-5 funds will support in each selected eligible use category.
- 5. Provide an explanation of how the activities therein align with the state's HHAP-5 priorities to:
  - sustain existing investments towards long-term housing stability and supportive services and
  - prioritize permanent housing solutions.
- 6. Indicate whether the budget proposes to support **ANY** new interim housing solutions outside of the youth set-aside.
- 7. Indicate whether the budget proposes to support new interim housing solutions for youth in excess of 10% of the total HHAP-5 Dollars budgeted
  - If the Administrative Entity answers "yes" to either 6 or 7, they will be asked to demonstrate dedicated, sufficient resources from other funding sources for long-term housing stability and permanent housing solutions. This entails summarizing total available dollars for preventing and ending homelessness in the region, including the percentage of these resources dedicated to permanent and interim housing solutions, providing the status of five policy actions for each eligible applicant in the region, and demonstrating the need for additional shelter.

#### Guidance:

Each Administrative Entity must submit a **single** Funding Plan that accounts for the entire HHAP-5 Allocation(s) which the Administrative Entity will be responsible for administering. This includes:

- 100 percent of the HHAP-5 Base allocation(s);
- 100 percent of the HHAP-5 Planning allocation(s); and
- 100 percent of the Initial Supplemental Funding allocation(s).

#### The youth set-aside must total at least 10% of all monies received.

Administrative costs may not exceed 7% of all monies received.

**Up to 1%** of all monies received may be budgeted for costs related to the Homeless Management Information System (HMIS). Related costs include HMIS licenses, training, system operating costs, and costs associated with carrying out related activities. Upon agreement between the grantee and the Homeless Management Information System lead entity, the grantee shall transfer the authorized amount of funds directly to the HMIS lead entity.

To add another funding plan for an additional Administrative Entity, click "Add Funding Plan" near the bottom of the page. You will be prompted to provide a specific number of funding plans (1 per Administrative Entity) based on the participation and contracting selections from Part 1: Regional Identification and Contracting Information.
