

California Interagency Council on Homelessness

HHAP Round 5 Application

Part 1: Regional Identification and Contracting Information

Steps to complete this section:

1. Select the CoC Region.
2. Indicate which of the Eligible Applicants are participating in this HHAP-5 application.
3. For each participating Eligible Applicant, you will also be prompted to indicate whether and how the Eligible Applicant intends to contract with the state (i.e., indicate the Administrative Entity for that eligible applicant's HHAP-5 Allocation).

Please select the Continuum of Care region

Vallejo/Solano County CoC

Application Participation Guidance:

Cal ICH encourages eligible applicants to apply in collaboration with all eligible applicants in their CoC Region and submit a single Regionally Coordinated Homelessness Action Plan. Applicants may apply together and still receive funds separately.

- *Large Cities **must** apply as part of the regional application with the County and CoC.*
- *Counties **must** apply as part of a regional application with the CoC and any overlapping Large Cities.*
 - *In a multi-county CoC: Counties **are strongly encouraged to** apply in collaboration with other counties that are served by the same CoC.*
- *A CoC that serves a single county **must** apply as part of the regional application with the County and any overlapping Large Cities.*
- *A CoC that serves multiple counties **must either:***

- *Apply as part of a regional application with multiple Counties and any overlapping Large Cities; and/or*
- *Participate in the regional application of **each** overlapping County and the Large Cities therein.*

Contracting Guidance:

Each Eligible Applicant (Large City, County, and CoC) has the discretion to receive their base allocation directly or may designate an Eligible Applicant in their region to serve as their Administrative Entity. This selection will indicate to Cal ICH which Eligible Applicant will enter into contract with the state to receive and administer each Eligible Applicant's HHAP-5 allocation.

The Administrative Entity is responsible for HHAP funds and meeting the terms and conditions of the contract. Broadly speaking, this means administering funds, contracting (when necessary) with sub-recipients, and reporting on HHAP-5 dollars and activities to Cal ICH.

- *If you plan to contract with the state to receive and administer **only** your (single) HHAP-5 allocation, select: "Will enter into contract with the state to receive and administer their HHAP-5 allocation individually" under the contracting selection.*
- *If you **do not plan to contract with the state** and instead plan to identify another participating Eligible Applicant in the region to enter into contract with the state to receive and administer your HHAP-5 allocation, select: "Identify another participating Eligible Applicant in their region to enter into contract with the state to receive and administer their HHAP-5 allocation" under the contracting selection. You will then be prompted to designate the Administrative Entity from a list of eligible applicants in the region.*
- *If you plan to contract with the state to **receive and administer multiple HHAP-5 allocations** within your region, select "Will enter into contract with the state to receive and administer their HHAP-5 allocation and allocation(s) from other Eligible Applicants in the region" under the contracting selection.*

Part 2. Regionally Coordinated Homelessness Action Plan

Participating Jurisdictions' Roles and Responsibilities

Steps to complete this section:

1. Identify and describe the specific roles and responsibilities of **each participating Eligible Applicant** in the region regarding:
 - o Outreach and site coordination;
 - o Siting and use of available land;
 - o Development of interim and permanent housing options; and
 - o Coordination and connection to the delivery of services for individuals experiencing or at risk of experiencing homelessness within the region.
2. Describe and explain how all Participating Jurisdictions are coordinating in each area.

Optional: You may also include roles and responsibilities of small jurisdictions in the region that elect to engage and collaborate on the plan.

Guidance:

Each Eligible Applicant must identify and describe their role in the region for **each** table.

To add additional jurisdictions, click "Add a Participating Jurisdiction" near the bottom of each table.

Outreach & Site Coordination

Participating Jurisdictions	Roles & Responsibilities
Vallejo/Solano County Continuum of Care CA-518	<p>The CoC works with County Behavioral Health Division's Homeless Outreach Partnership and Engagement (HOPE) team (which is funded, in part, by PATH), the local city jurisdiction's police homeless intervention teams and the Veteran's Administration (VA) to ensure that persons experiencing unsheltered homelessness in the county are identified and engaged. These teams have specially trained behavioral health clinicians, emergency response, social workers, and law enforcement.</p> <p>Coordinated Entry (CE) has two outreach staff who rotate through physical locations in the county for all people experiencing homelessness, including going to those without transportation to conduct assessments and referrals remotely. Coordinated Entry staff provide referrals to interim housing and assess for permanent housing prioritization and referral.</p> <p>The CoC targets street outreach to those least likely to request assistance through the above listed outreach teams that visit encampments regularly and engage people who are unhoused, focused on reaching disproportionately impacted populations, including chronically homeless adults and youth who are medically disabled, have mental health challenges, are vets, and/or are victims or at-risk of commercial sexual exploitation.</p>
Solano County	<p>The Solano County Behavioral Health HOPE Team (Homeless Outreach Partnership and Engagement) provides regular outreach to homeless encampments, engaging with persons experiencing unsheltered homelessness and offering mental health and substance use supports, and linkage to community resources.</p> <p>Other County outreach and site coordination projects include partnerships with Law Enforcement's homeless intervention and community support teams; the Mental Health Services Act (MHSA) Accessible Resources for the Communities' Homeless (ARCH) program for children and transition age youth, those who are victims or at-risk of Commercial Sexual Exploitation; and the provision of benefits support and linkages to General Assistance, Medi-Cal, and CalFresh through County provided street outreach.</p> <p>In 2020, the County BH established a new Psychiatric Street Medicine services team, employing a multidisciplinary approach for street outreach, engagement, and service delivery to</p>

individuals with serious mental illness facing unsheltered homelessness. This initiative brought psychiatric medication evaluations and management directly to clients, enhancing treatment accessibility. The Homeless Outreach team also initiated multi-agency pop-up events toward the end of 2020.

Given the individual roles and responsibilities identified above, describe and explain how all participating jurisdictions are or will begin to coordinate these efforts to ensure comprehensive outreach and site coordination to individuals experiencing and at-risk of experiencing homelessness in the region.

Regional Coordination Narrative - Outreach & Site Coordination

The CoC and Solano County already have a robust partnership when it comes to outreach and site coordination. The CoC partners with Solano County HSS, Partnership HealthPlan (PHP) and La Clinica to help clients enroll in health insurance. Partners present information at CoC meetings (Solano County Employment and Eligibility and Workforce Development Board; Solano County Behavioral Health 9/27/23) and coordinate with providers to ensure participants are enrolled. The CoC also partners with Solano County Behavioral Health (SCBH) to ensure clients are informed of and connected to behavioral health and substance use services. This includes working with SCBH’s Homeless Outreach Partnership and Engagement (HOPE) Team, which engages with people in homeless encampments and through multi-agency community events, and offers behavioral health supports, including Street Medicine services with a psychiatric prescriber, clinician, and specialist for treatment planning and medication intervention. During Covid, street outreach teams and shelter providers partnered with County public health teams to set protocols based on CDC guidance.

The CoC and Solano County are currently working together to develop targeted street outreach protocols and redesign the Coordinated Entry assessment and prioritization process to ensure more efficient and equitable outreach and connections to services and housing for individuals experiencing homelessness in the region.

Land Use & Development

Participating Jurisdictions	Roles & Responsibilities
Vallejo/Solano County Continuum of Care CA-518	<p>The CAP Solano JPA (the Administrative Entity for the Vallejo/Solano CoC) is a combined governmental agency formed by a MOU between the cities of Benicia, Fairfield, Dixon, Rio Vista, Suisun City, Vacaville, & Vallejo & the County of Solano to coordinate efforts to reduce poverty & homelessness in the County. The CoC Board also includes government representatives from the cities & County.</p> <p>Examples in Solano of ordinances that streamline affordable housing development are those of the City of Vacaville, which adopted a new Accessory Dwelling Unit (ADU) ordinance & new residential design requirements which encourage duplexes, relaxes requirements to support development on small lots, & requires new residential projects to include at least 1 house plan that can accommodate an attached ADU. The City of Vallejo has updated its zoning code to allow housing in all zones & provide affordable housing incentives & the City of Benicia adopted new mixed-use zoning that expands residential potential in areas that were previously zoned for commercial and lower density residential use.</p>

In addition, Benicia, Fairfield, Suisun City, Vacaville & Vallejo have committed to exploring inclusionary housing ordinances & all are partnering to preserve & expand affordable housing. The CoC & the jurisdictions have taken steps to reduce regulatory barriers to housing development. For example, the City of Vallejo has reduced the staff design review authority up to 50 units. Vallejo also added objective standards to design review. Finally, the City of Vallejo conducted an assessment of vacant residential lands to determine feasibility for affordable housing.

Solano County

The County has contracted with a consultant to look at ways to streamline

and accelerate housing production, including reviewing best practices in other counties and recommendations for policy & process revisions.

The county created a Housing Trust Fund to support the development of affordable housing that includes both the county and cities within it and provides loose guidelines to allow board members to examine the specifics of an individual housing project that could come from developers, public agencies, and nonprofits that are in partnership with developers. This can include awarding money to fund below market-rate units, constructed in either market rate or mixed-income housing projects.

Those seeking funding can utilize it for projects related to the development and preservation of affordable housing units, in addition to some pre-construction activities and adaptive land reuse projects. Supervisors can also require developers to apply using specific criteria, such as listing future on-site supportive services, to reward them with county dollars. Eligible county residents must fall at or under 120 percent of the county's average median income.

Solano County is in the process of joining the Napa/Sonoma accessory dwelling unit (ADU) cohort to promote the streamlining of building and renting ADUs in Solano County primarily to those with low income. The county has simplified the permitting process for the creation of ADUs and has created incentives for the increased creation of ADUs.

The County will amend the Zoning Code to comply with changes in California's density bonus law (California Government Code Section 65915, as revised) and will promote the use of density bonuses for lower-income units by providing information through a brochure in County buildings and on the County's website.

Given the individual roles and responsibilities identified above, describe and explain how all participating jurisdictions are or will begin to coordinate these efforts to use and develop available land to address and end homelessness in the region.

Regional Coordination Narrative - Land Use & Development

Solano County and the CoC coordinate efforts to use and develop available land to address and end homelessness through meeting with elected and non-elected officials, participating in the development of

Housing Elements, and attending zoning meetings. Through these efforts, the County and the CoC have been able to make advancements in increasing the affordable housing supply. All jurisdictional housing elements, which were recently submitted to the State by the jurisdictions that are part of the JPA (including the County), address the streamlining of affordable housing development specifically for extremely low and very low- income housing and further efforts to remove local barriers to development and accelerate the implementation of state laws that provide for streamlined approval of affordable housing.

Development of Interim and Permanent Housing Options

Participating Jurisdictions	Roles & Responsibilities
Vallejo/Solano County Continuum of Care CA-518	<p>The CoC has engaged in strategies to ensure housing resources and supportive services can support positive and lasting exits from homelessness. New Permanent Supportive Housing (PSH) and Rapid Rehousing (RRH) has opened and is coming online in the community. New public funding is prioritized for PSH and RRH.</p> <p>The CE lead conducts case conferencing to identify housing placements for individuals exiting shelters and uses their community bed tracker to streamline connections to housing and services. They also use problem solving to make connections to housing and prevent re-entry into shelter.</p> <p>Housing navigators use landlord (LL) incentive funds to connect people to permanent housing (PH). Staff have increased partnerships to assess and prioritize housing placement for people in shelters and from street outreach (SO).</p> <p>The CoC developed partnerships with property owners/LLs and Public Housing Authorities (PHAs) to connect clients to mainstream vouchers and Emergency Housing Vouchers (EHVs).</p> <p>The CoC also provides training to case managers and housing staff to find shared housing and assist participants with necessary housing documentation. They have partnerships with health and behavioral health, on-site clinics, intensive case management and services, and benefits support to enable rapid and successful exits to PH. The CoC also works with public/private developers to increase the number and type of units in the housing pipeline.</p> <p>The percentage of exits to PH overall increased from 2021 to 2022, and those from street outreach to PH increased significantly, with 95% of individuals in street outreach exited to PH compared to 32% in 2021, primarily due to new youth-focused SO with high PH placement rates. (per HMIS HDX report data)</p> <p>The CoC also increased retention of or exit to PH from 96% to 98% between 2021 and 2022. The CoC is committed to Housing First (HF), including strategies such as trainings on housing</p>

stability/harm reduction/eviction prevention, TA for providers, assessments of HF through TA visits and the Housing First Standards Assessment, and ongoing and stronger support to assist housed residents maintain housing (e.g. transportation, childcare, employment, financial literacy, and health care). Collaborative Applicant has an MOU with Solano Workforce Development Board to integrate CoC participation with job training and stabilization services and state funds have been allocated toward LL support funds to avoid eviction disputes and increase retention

Solano County

In 2021, County BH contracted with Caminar (local service provider) to develop a new 12-bed transitional housing program for individuals receiving County BH services who are experiencing or at risk of homelessness. This program focuses on skills development during a stay of 30-90 days, aiding in the identification of more permanent housing solutions.

Through new construction, County BH acquired a 32-bed mental health residential program, commencing admissions in March 2023. This program includes 22 beds specifically reserved for individuals with justice involvement and 2 beds for Transitional Aged Youth (TAY).

County HSS sponsored two housing developers (Eden and MidPen) in their application for NPLH grants, resulting in the creation of 57 new Permanent Supportive Housing (PSH) units for individuals with serious mental illness exiting homelessness. An additional 10 units were added through County HSS's Whole Person Care grant funds, bringing the total to 67 new units.

The county's recent contract with Abode Services, approved in November 2023, entails the development of a 15-bed Forensic Respite program, serving individuals exiting jails. Abode will also engage in homeless street outreach to 150 individuals, provide RRH to 25 households, and expand existing PSH slots from 50 to 125.

Given the individual roles and responsibilities identified above, describe and explain how all participating jurisdictions are or will begin to coordinate these efforts to develop adequate interim and permanent housing options to address and end homelessness in the region.

Regional Coordination Narrative - Shelter, Interim, and PH Options

The JPA is a joint powers authority formed via an MOU of the jurisdictions within Solano County to help oversee and coordinate homeless and social safety net services to the residents within Solano County. The JPA is the federally designated Collaborative Applicant and state appointed Administrative Entity for the CoC. JPA Board Members are elected jurisdictional officials and also serve on the CoC Board. As a result, the JPA works closely with CoC member organizations, the County and other community partners to coordinate funding and the provision of services through regular CoC and JPA meetings, Committee Meetings, outreach, and communication through CoC, JPA and jurisdictional listservs. The creation of and increase of permanent housing is a primary goal for the JPA and the County.

Coordination of & Connection to Service Delivery

Participating Jurisdictions

Roles & Responsibilities

Vallejo/Solano County Continuum of Care CA-518

The JPA's service delivery model offers programs that target individual, family, and community needs associated with the conditions of poverty/economic insecurity. All direct services are provided through subcontractors who target low-income individuals and families in Solano County and who are monitored in accordance with JPA policies and procedures to ensure regulatory compliance. JPA services cover the entire County, including areas with greater concentrations of economic insecurity. All contractors are community-based organizations, faith-based organizations, or local government agencies who are experienced in delivering services to those in need. Because the JPA is the regional planning body focused on ending homelessness and economic insecurity in Solano, it is in a unique position to work strategically to incorporate the needs of the community across multiple domains utilizing the adopted regional strategic plan as the guiding framework. Thus, direct service organizations receiving JPA funding work in alignment with the JPA according to the same strategies, while the JPA ensures the leveraging of other funding streams to strengthen systems to address homelessness and economic insecurity. As the regional planning body in Solano, the JPA also provides capacity building opportunities to agencies receiving funding as well as regular training on best practices for services and project design open to the entire community. Assessments for individual participants/households are conducted by the Coordinated Entry System (CES) for Solano County, which is funded and overseen by the JPA through a variety of funding sources (HUD, local jurisdictions etc.). The CES assesses each individual or household to identify any immediate, emergent needs and risk factors, and to evaluate the overall level of vulnerability, including basic and housing-related needs. Based on those assessments, the CES will make referrals to JPA-funded agencies and other local agencies that match the needs of the individual or family. Each agency will also conduct an intake process that further helps identify a participants' needs in order to match the services provided to those needs and will make supportive service referrals accordingly. JPA contractors providing direct client services are required to enter client data into the local Homeless Management Information System (HMIS) to ensure that client data is captured in a uniform way, allowing the data to be analyzed, outcomes to be tracked, and to prevent any duplication.

Solano County

Since 2020, County BH has actively supported various temporary sheltering projects in the community, including Project Roomkey, the BayNorth COVID-19 shelter, and the Opportunity House Warming Shelter. County BH implemented a recurring schedule to engage with shelter residents, establish rapport, and facilitate referrals to necessary services and resources. Beginning in late October 2020, Solano County BH collaborated with County Code Enforcement, the Sheriff's Department, the city of Vallejo, and

the grassroots community group Vallejo Together to engage with unsheltered individuals residing on a marshland site in the city of Vallejo. Over the course of four significant pop-up events, individuals were triaged, connected with eligible benefits and provided with linkage to mental health and substance use services. In partnership with the city of Vallejo, Solano County HSS jointly funded a 120-day hotel voucher project. This initiative ensured shelter for 60 of the most vulnerable individuals from the encampment and facilitated connection with appropriate services, resources, and long-term housing options. On November 7, 2023, the Solano County Board of Supervisors approved a multi-year contract for homeless and housing services with Abode Services – one of the Bay Area’s largest providers of housing and services for those experiencing homelessness. Abode will provide street outreach, housing navigation, landlord engagement, subsidy administration, rapid rehousing, forensic respite, and permanent supportive housing services to individuals experiencing behavioral health challenges in Solano County. Abode’s work in the county will run from November 2023 through June 30, 2026. In the past few years, Solano Behavioral Health has successfully received grants and non-competitive allocations for housing and homeless services to support the needs of those with the most significant mental health and substance use challenges, who often also experience the highest rates of poverty, incarceration, trauma, homelessness, and crisis. This contract will support as many as 800 people per year through six new funding sources, in addition to Medi-Cal reimbursement. Furthermore, the funds will increase housing by providing opportunities to nearly 200 households annually through respite, permanent housing, and rapid rehousing. Pacific Clinics and Solano County Behavioral Health offer Mobile Crisis services in Solano County in partnership with the local Police Departments. The program was initially launched in May of 2021 in Fairfield and Suisun City. BH had expanded the program to all cities in April 2022, although it had to be paused due to staffing gaps in September of 2022 and relaunched in May 2023. The community-based Mobile Crisis Team is now operating 8:30 am- 10:00 pm, M-F in Fairfield, Suisun, Dixon, Vacaville, Rio Vista, Benicia, Sheriff’s Office jurisdiction, and Travis AFB. Vallejo has also selected the Felton Institute to oversee their Integrated Health and Resource Team (IHART), which is tasked to triage all community calls that come through 911 and will work with Mobile Crisis on dispatch and protocols. The Pacific Clinics team is adding overnight and weekend staff to be able to operate 24/7.

Given the individual roles and responsibilities identified above, describe how all participating jurisdictions are or will begin to coordinate to provide the full array of services, shelter, and permanent housing solutions to people experiencing and at-risk of experiencing homelessness in the region.

Regional Coordination Narrative - Coordination & Connection to Service Delivery

The Continuum of Care funds the Coordinated Entry System (CES) which provides all referrals for the most recent Permanent Supportive Housing projects that the County created using braided funding. The

CES is collaborating with the Department of Employment and Eligibility (E&E) at the County to increase collaboration amongst case workers and reduce redundancies in the system. They are also collaborating on making the E&E an access site for families for coordinated entry based on their Bringing Families Home (BFH funding). CES is developing a process with the County on how to best support individuals coming out of RRH that need higher levels of care. The County recently put ARPA funding towards the primary Emergency Shelter in Solano to create 6 additional beds that will be available for all jurisdictions and eligible for CES referrals. The CES refers clients regularly to Behavioral Health services. The County and CES regularly outreach to those experiencing unsheltered homelessness. CE and the County attend each other's case conferencing. The County and CES will continue to collaborate on streamlining referrals, processes and eligibility with the use of HHAP 5 funds and creation of permanent housing.

System Performance Measures & Improvement Plan

Steps to complete this section:

1. Identify the most recent system performance measures for the region.
2. Describe the key action(s) the region intends to take to improve each system performance measure.

Guidance:

Cal ICH shall provide each region with system performance measures by CoC, with the exception of the LA region, which will receive data from all four CoCs within LA County. Applicants must enter that data in the corresponding measures fields in the application. Applicants should not adjust the data provided even if the geographic region of the data does not perfectly align with the participating applicant geography of this application.

*The application must include **at least one** key action for **each** system performance measure. All columns must be filled out for each action.*

For "Funding Type" select one of the options. If you select the blank field, you may type in a unique funding source type.

To add additional actions or racial equity measures, click the appropriate "Add" buttons near the bottom of each table.

Note: While Cal ICH expects most of the disparities listed to be based on race or ethnicity, applicants may identify other populations that are also overrepresented among people experiencing homelessness in the region.

Definitions:

- **Key Actions** may include a brief description of a strategic initiative or step identified to address or improve the specific system performance measure. This can be a policy, program, partnership, target measure, or any other approach which reflects an improvement and delivers positive impact. Provide a clear description of the action and its intended outcome.

- **Lead Entity** should include the name of the regional Eligible Applicant responsible for managing the key action.
- **Collaborating Entity/ies** may include a group, organization, or jurisdiction within your region working to address or improve the system performance measure. This can be another participating jurisdiction, a system partner, or any organization actively participating in the key action.
- **Timeframe** should include a target date for completion of the key action.
- **Success Measurement Methods** may include a systematic approach or tool used to assess the effectiveness and impact of the key action on the system performance measure. This can be quantitative measures, qualitative feedback, or any combination that provides insight into the progress and outcomes pertaining to the key action. Provide a clear description of how you plan to track and report on the success of your key action.

Equity Improvement Plan

Steps to Complete this Section:

1. Identify and describe the key actions the region will take to ensure racial and gender equity in:

- Service delivery;
- Housing placements;
- Housing retention; and
- Identify any changes to procurement or other means to affirm equitable access to housing and services for groups overrepresented among residents experiencing homelessness.

2. Identify if place-based encampment resolution is occurring in the region and if so, the CoC must describe and provide evidence of collaboration with the cities or counties providing encampment resolution services that addresses how people served through encampment resolution have or will be prioritized for permanent housing within the Coordinated Entry System.

Optional: upload any evidence the region would like to provide regarding collaboration and/or prioritization as it relates to question 2.

Guidance:

Of the four tables below, the first three must include at a minimum one key action to address racial equity and one key action to address gender equity. The fourth and final table must include at least one key

action.

To add additional actions, click "Add an Action" at the bottom of the table.

Definitions:

- **Key Actions** may include a brief description of a strategic initiative or step identified to address or improve the inequity. This can be a policy, program, partnership, target metric, or any other approach which reflects an improvement and delivers positive impact. Provide a clear description of the action and its intended outcome.
- **Lead Entity** should include the name of the regional Eligible Applicant responsible for managing the key action.
- **Collaborating Entity/ies** may include a group, organization, or jurisdiction within your region working to address or improve the inequity. This can be another participating jurisdiction, a system partner, or any organization actively participating in the key action.

Key Actions the Region Will Take to Ensure Racial and Gender Equity in Service Delivery

Key Action	Lead Entity	Collaborating Entity/ies
Provide mandatory racial and gender equity-focused training for all service providers to support cultural humility and culturally responsive services.	CoC/JPA Solano County	Racial Equity Action Lab (REAL) Team/Lived Experience Committee (LEC)
Implement hiring practices that prioritize staff diversity, ensuring representation that reflects the racial and gender diversity of the community.	CoC/JPA Solano County	Homeless & Housing Service Providers Solano County departments
Collaborate with cultural brokers and/or peer navigators to guide services, specifically addressing the unique needs of different racial and gender groups.	CoC/JPA Solano County	REAL/LEC/Youth Advisory Board (YAB) Homeless & Housing Service Providers Solano County departments
Provide training for providers regarding Sexual Orientation, Gender Identity, and Expression (SOGIE) with a specific emphasis on addressing intersectional disparities related to race and gender.	CoC/JPA Solano County	REAL/LEC/YAB
Enhance culturally responsive communication delivery to ensure effective and sensitive interactions with diverse racial and gender	CoC/JPA	Homeless & Housing Service Providers

populations.	Solano County	Solano County departments
		REAL/LEC

Key Actions the Region Will Take to Ensure Racial and Gender Equity in Housing Placements

Key Action	Lead Entity	Collaborating Entity/ies
Address the lack of safe interim and permanent housing options for LGBTQI+ individuals, focusing on both racial and gender inclusivity to ensure supportive living environments for all.	CoC/JPA Solano County	Interim and Permanent Housing Providers
Strengthen community engagement by expanding partnerships, inviting diverse racial and gender perspectives, and actively involving individuals with lived/living experience of homelessness from various racial and gender backgrounds in CES decision-making processes.	CoC/JPA Solano County	CES REAL/LEC/YAB
Provide education programs targeting property owners to promote a more inclusive approach to housing people, considering racial and gender equity.	CoC/JPA Solano County	CES Fair Housing Advocates REAL/LEC Homeless & Housing Service Providers Solano County departments
Advocate for more racial and gender equity access to housing resources, removing barriers such as zip code, criminal record, and other restrictions, and ensuring up-to-date information that considers the specific needs of diverse communities.	CoC/JPA Solano County	CES Fair Housing Advocates Homeless & Housing Service Providers Solano County departments REAL/LEC
Continue implementing Goal 1 of the Race and Equity Improvement Project to streamline the Coordinated Entry System to ensure equitable access to housing for those who have the highest needs/risk through development of a sustainable and equitable assessment tool and	CoC/JPA Solano County	CES Homeless & Housing Service Providers Solano County

prioritization process that will serve all underserved populations experiencing homelessness.

departments
REAL/LEC

Continue implementing Goal 2 of the Race and Equity Improvement Project, focusing on developing targeted street outreach protocols and practices to equitably connect people experiencing unsheltered homelessness to services and permanent housing resources through culturally sensitive and linguistically appropriate strategies.

Plan to Reduce the Number of People Experiencing

Homelessness Upon Exiting an Institutional Setting

Steps to Complete this Section:

1. Identify and describe the key actions **each participating Eligible Applicant** will take to reduce the number of people falling into homelessness as they exit institutional settings including:
 - Jails
 - Prisons
 - Hospitals:
 - Other Institutional Settings (such as foster care, behavioral health facilities, etc. as applicable in the region)

Guidance:

At a minimum, if an institutional setting is present in an Eligible Applicant's jurisdiction, the Eligible Applicant must identify their role.

To add additional actions, click "Add an Action" at the bottom of the table.

If an institution is not present in a jurisdiction, type N/A.

Definitions:

- **Key Actions** may include a brief description of a strategic initiative or step identified to address or improve the specific performance measure. This can be a policy, program, partnership, target measure, or any other approach which reflects an improvement and delivers positive impact. Provide a clear description of the action and its intended outcome.
- **Lead Entity** should include the name of the regional Eligible Applicant responsible for managing the key action.
- **Collaborating Entity** may include a group, organization, or jurisdiction within your region working to address or improve the performance measure. This can be another participating jurisdiction, a system partner, or any organization actively participating in the key action.

Key Actions to Reduce the Number of People Experiencing Homelessness Upon Exiting a Jail

Key Action	Lead Entity	Collaborating Entity/ies
Strengthen and expand the Probation Dept. Resource and Barrier Removal Team, including discharge planning and a Mobile Probation Unit to reach individuals on probation who are experiencing or at-risk of experiencing homelessness and provide on-the-ground support, addressing immediate needs and facilitating connections to	CoC/JPA	Solano County Probation Department
	Solano County	Solano County Behavioral Health

Plan to Utilize Local, State, and Federal Funds to End Homelessness

Steps to Complete this Section:

1. The plan must include the total amount of available funding, the amount prioritized for permanent housing solutions, and an explanation of how **each participating applicant** is utilizing local, state, and federal funding programs to end homelessness. These programs must include, but are not limited to:
 - o The Homekey Program,
 - o The No Place Like Home Program
 - o The Multifamily Housing Program
 - o The Housing for a Healthy California Program
 - o The Homeless Housing, Assistance, and Prevention Program
 - o Building Homes and Jobs Act

- The California Emergency Solutions Grants Program
- The National Housing Trust Fund established pursuant to the Housing and Economic Recovery Act of 2008
- HOME Investment Partnerships Act
- Parolee or probation programs that are intended to prevent homelessness upon release.

Guidance:

*All of the above programs **must** be included and fully explained in the table. Where the region has multiple awards for the same program that are administered by different entities, those may be listed on separate lines. For example, in a region with one county and one CoC who receive their HHAP awards separately, each Eligible Applicant may enter their HHAP awards in separate lines. Simply click "Add Funding Program, then select the program from the drop down list.*

If one of the ten required programs is not present in a region, type N/A under Local Fund Administrator.

In addition to the listed programs, participating Eligible Applicants should add any other funds and programs that are being utilized to address and end homelessness in the region. Simply click "Add Funding Program" then select the blank field and you may type in the name of the funding program.

To add additional funding programs, click "Add Funding Program" at the bottom of the table.

Definitions:

1. **Local Fund Administrator:** The entity responsible for administering the given funding source.
2. **Description of How Funds are/will be Utilized to End Homelessness in the Region:** Comprehensive summary of how the funding program will be utilized in the region. Applicants should highlight whether, how, and to what extent the funds are being used for permanent housing.
3. **Funding Amount:** Amount of known dollars secured or available to spend within the HHAP-5 grant timeframe (FY 23-24 through FY 27-28)
4. **Timeframe of Use:** The date range the local fund administrator anticipates expending the identified program funds.

Funding Landscape

Funding Program	Funding Type	Local Fund Administrator	Description of How Funds are/will be Utilized to End Homelessness in the Region	Funding Amount	Amount Prioritized for permanent Housing Solutions	Timeframe of Use
The Homekey Program	State	City of Vallejo	Permanent Supportive and Service-Enriched Housing: Capital Award (\$11,621,866) and Operating Award	\$12,091,866.00	\$12,091,866.00	FY2022 - FY2026

Plan to Connect People Experiencing Homelessness to All Eligible Benefit Programs

Steps to Complete this Section:

1. Explain how the region is connecting, or will connect, individuals to wrap-around services from all eligible federal, state, and local benefit programs, including, but not limited to, housing and homelessness services and supports that are integrated with the broader social services systems and supports. Benefit Programs include, but are not limited to:
 - o CalWORKs
 - o CalFresh
 - o Supplemental Security Income/State Supplemental Program (SSI/SSP) and disability benefits advocacy;
 - o In-home supportive services;
 - o Adult protective services;
 - o Child welfare;
 - o Child care; and
 - o Medi-Cal benefits through Managed Care Plans

Guidance:

All of the above benefit programs *must* be included and fully explained in the table. In addition to these benefit programs, participating eligible applicants should add other benefit programs that provide wrap-around services in the region.

To add additional benefit programs, click "Add Benefit Program" at the bottom of the table. If you select the

blank field and you may type in the name of the benefit program.

Definitions:

- **Connection Strategy/ies means methods and actions that support client access and/or enrollment in eligible benefit programs.** This may be a method or action that supports connection between a benefit program and clients, between benefits programs, and/or between benefits programs and the homeless services system, so long as the method or action **supports client access and/or enrollment in the eligible benefit program.**
- **Lead Entity** should include the name of the regional Eligible Applicant responsible for managing the benefit program.
- **Collaborating Entity** may include a group, organization, or jurisdiction within your region working to provide the benefit. This can be another participating jurisdiction, a system partner, or any organization actively participating in providing the benefit.

Benefit Programs

Benefit Program	Connection Strategy/ies	Lead Entity	Collaborating Entity/ies
CalWORKs	Provide annual training and ongoing outreach information about CalWorks, including the Housing Support Program (HSP), to homeless and housing service providers at Housing First Solano CoC meetings, via HFS CoC listserv, through program capacity building visits, and on the HFS CoC website.	Housing First Solano CoC/CAP Solano JPA	Solano County Health and Social Services Department (HSS)
	Provide community education and information about CalWorks and HSP via regular and accessible outreach events, centralized resource and information systems (211; SolanoCares.org), the Coordinated Entry System (CES), various media methods, and posting at community-wide locations (hospitals, probation/parole,	Solano County HSS and Housing First Solano CoC/CAP Solano JPA	Homeless Outreach Partnership and Engagement (HOPE) events; United Way of the Bay Area/211; SolanoCares.org; CES; hospitals, probation/parole, libraries, schools, CBOs, etc.

- All of the following groups were invited and encouraged to engage in the public stakeholder process:

Stakeholder engagement

Stakeholders

Description of how Stakeholders were invited and encouraged to engage in the public stakeholder process

People with lived experience of homelessness

People with lived experience of homelessness (PWLEH) in Solano were invited to attend listening sessions that were held during the second part of the monthly Lived Experience Committee (LEC) meeting (1/9/24) and immediately following a monthly Housing First Solano CoC (HFS-CoC) meeting (1/17/24). Invitations were extended via verbal announcements at LEC and HFS-CoC meetings, direct outreach to residents at Blue Oak Landing, a new Permanent Supportive Housing building in Vallejo, announcements to the HFS-CoC email listserv and website, and flyers posted by local homeless service providers. PWLEH were encouraged to engage in the process both in-person and virtually, feedback was provided verbally and via Mentimeter, and participants were provided compensation for their time and expertise. A report on feedback received and how it was incorporated into the HHAP-5 application was provided to the LEC at their 3/5/24 meeting. PWLEH also attended the CAP Solano JPA board meeting on 2/22/24 and the Housing First Solano

CoC board meeting on 3/20/24, where a summary of the application and allocation plans were presented and discussed.

Youth with lived experience of homelessness

Youth with lived experience of homelessness (YWLEH) in Solano were invited to attend listening sessions that were held during the second part of the monthly Lived Experience Committee (LEC) meeting (1/9/24) and immediately following a monthly Housing First Solano CoC (HFS-CoC) meeting (1/17/24). Invitations were extended via verbal announcements at LEC and HFS-CoC meetings, direct outreach to Youth Advisory Board members and to residents at Blue Oak Landing, a new Permanent Supportive Housing building in Vallejo, announcements to the HFS-CoC email listserv and website, and flyers posted by local homeless youth service providers. YWLEH were encouraged to engage in the process both in-person and virtually, feedback was provided verbally and via Mentimeter, and participants were provided compensation for their time and expertise. A report on feedback received and how it was incorporated into the HHAP-5 application was provided to the LEC, including youth with lived experience, at their 3/5/24 meeting. Youth with lived experience also attended the CAP Solano JPA board meeting on 2/22/24 and the Housing First Solano CoC board meeting on 3/20/24, where a summary of the application and allocation plans were presented and discussed.

Persons of populations overrepresented in homelessness

Persons of populations overrepresented in homelessness in Solano, including persons who identify as Black, Indigenous, Latinx, and multiple races were invited to attend listening sessions that were held during the second part of the monthly Lived Experience Committee (LEC) meeting (1/9/24) and immediately following a monthly Housing First Solano CoC (HFS-CoC) meeting (1/17/24). Invitations were extended via verbal announcements at LEC and HFS-CoC meetings, direct outreach to Youth Advisory Board members and to residents at Blue Oak Landing, a new Permanent Supportive Housing building in Vallejo, announcements to the HFS-CoC email listserv and website, and flyers posted by local homeless service providers. Persons of populations overrepresented in homelessness in Solano were encouraged to engage in the process both in-person and virtually, feedback was provided verbally and via Mentimeter, and those with lived experience of homelessness were provided

compensation for their time and expertise. A report on feedback received and how it was incorporated into the HHAP-5 application was provided to the LEC, including persons in populations overrepresented in homelessness, at their 3/5/24 meeting. Persons in populations overrepresented in homelessness also attended the CAP Solano JPA board meeting on 2/22/24 and the Housing First Solano CoC board meeting on 3/20/24, where a summary of the application and allocation plans were presented and discussed.

Local department leaders and staff from qualifying smaller jurisdictions, including child welfare, health care, behavioral health, justice, and education system leaders

Local department leaders and staff were invited to attend listening sessions held immediately following a monthly Housing First Solano CoC (HFS-CoC) meeting (1/17/24), during Solano County Behavioral Health's bi-monthly Psychiatric Emergency Services meeting (1/17/24), and during a Solano County Housing-Homelessness-Health (H3) Community of Practice meeting (1/24/24). Invitations were extended via verbal announcement at HFS-CoC meetings, direct outreach to Solano County department leaders, and announcements to the HFS-CoC email listserv and website. These listening sessions were held virtually and either during or immediately following regularly scheduled meetings in order to encourage participation and feedback was provided both verbally and via Mentimeter. A report on feedback received and how it was incorporated into the HHAP-5 application was provided to the H3 Community of Practice Meeting on 2/28/24 and to the HFS-CoC at their 3/20/24 meeting. Local department leaders and staff also attended the CAP Solano JPA board meeting on 2/22/24 and the Housing First Solano CoC board meeting on 3/20/24, where a summary of the application and allocation plans were presented and discussed.

In addition, focused interviews/listening sessions were held with department leaders and staff from 1) Solano County Child Welfare Services (12/20/23), 2) Solano County Behavioral Health (12/13/23), 3) Solano County Probation Department (1/9/24), 4) Partnership Health Plan (managed care) (12/18/23), and 5) Kaiser Permanente Vallejo (1/19/24).

Homeless service and housing providers operating within the region

Homeless service and housing providers working in Solano County were invited to attend listening sessions held immediately following a monthly Housing First Solano CoC (HFS-CoC) meeting (1/17/24), during Solano County Behavioral Health's bi-monthly Psychiatric Emergency

Services meeting (1/17/24), and during a Solano County Housing-Homelessness-Health (H3) Community of Practice meeting (1/24/24). Invitations were extended via verbal announcement at HFS-CoC meetings, direct outreach to providers, and announcements to the HFS-CoC email listserv and website. These listening sessions were held virtually and either during or immediately following regularly scheduled meetings in order to encourage participation and feedback was provided both verbally and via Mentimeter. A report on feedback received and how it was incorporated into the HHAP-5 application was provided to homeless service and housing providers at the H3 Community of Practice Meeting on 2/28/24 and the HFS-CoC meeting on 3/20/24. Homeless service and housing providers also attended the CAP Solano JPA board meeting on 2/22/24 and the Housing First Solano CoC board meeting on 3/20/24, where a summary of the application and allocation plans were presented and discussed.

Medi-Cal Managed Care Plans contracted with the State Department of Health Care Services in the region

Representatives of Partnership HealthPlan, the Medi-Cal Managed Care Plan for Solano County, were invited to and participated in Solano County Behavioral Health's bi-monthly Psychiatric Emergency Services (PES) meeting (1/17/24) as well as a focused listening session/interview with the PHP Associate Director of Housing and Incentive Programs and Director of UM Strategies (12/18/23). Invitations to the PES meeting and the interview were extended via email and direct outreach to PHP contacts. The PES listening session was held during the regularly scheduled bi-monthly PES meeting and the focused listening session/interview was scheduled based upon PHP availability. Both were held virtually and feedback was provided both verbally and via Mentimeter. Representatives of Partnership HealthPlan also attended the CAP Solano JPA board meeting on 2/22/24 and the Housing First Solano CoC board meeting on 3/20/24, where a summary of the application and allocation plans were presented and discussed.

Street medicine providers and other service providers directly assisting people experiencing homelessness or at risk of homelessness

Street medicine providers and providers directly serving people experiencing or at risk of experiencing homelessness were invited to and participated in listening sessions held immediately following a monthly Housing First Solano CoC (HFS-CoC) meeting (1/17/24), during Solano County Behavioral Health's bi-monthly Psychiatric Emergency Services meeting (1/17/24), and during

a Solano County Housing-Homelessness-Health (H3) Community of Practice meeting (1/24/24). Invitations were extended via verbal announcement at HFS-CoC meetings, direct outreach to providers, and announcements to the HFS-CoC email listserv and website. These listening sessions were held virtually and either during or immediately following regularly scheduled meetings in order to encourage participation and feedback was provided both verbally and via Mentimeter. Street medicine providers and providers directly serving people experiencing or at risk of experiencing homelessness also attended the CAP Solano JPA board meeting on 2/22/24 and the Housing First Solano CoC board meeting on 3/20/24, where a summary of the application and allocation plans were presented and discussed.

I certify under penalty of perjury that all of the information in the above section is true and accurate to the best of my knowledge.

Open

Part 3: Funding Plan

Steps to complete this section:

1. Identify all Eligible Use Categories the Administrative Entity anticipates using.
2. Provide the **dollar amount** budgeted per eligible use category. Again, this must account for 100 percent of the HHAP-5 Allocation(s) the Administrative Entity will be responsible for administering.
3. Where applicable, provide the **dollar amount** that will be designated under the Youth Set-Aside from the selected eligible use categories. **Reminder: the youth set-aside must total at least 10% of all monies received.**
4. Provide a brief description of activities HHAP-5 funds will support in each selected eligible use category.
5. Provide an explanation of how the activities therein align with the state's HHAP-5 priorities to:
 - sustain existing investments towards long-term housing stability and supportive services and
 - prioritize permanent housing solutions.
6. Indicate whether the budget proposes to support **ANY** new interim housing solutions outside of the youth set-aside.
7. Indicate whether the budget proposes to support new interim housing solutions for youth in excess of 10% of the total HHAP-5 Dollars budgeted
 - If the Administrative Entity answers “yes” to either 6 or 7, they will be asked to demonstrate dedicated, sufficient resources from other funding sources for long-term housing stability and permanent housing solutions. This entails summarizing total available dollars for preventing and ending homelessness in the region, including the percentage of these resources dedicated to permanent and interim housing solutions, providing the status of

five policy actions for each eligible applicant in the region, and demonstrating the need for additional shelter.

Guidance:

Each Administrative Entity must submit a **single** Funding Plan that accounts for the entire HHAP-5 Allocation(s) which the Administrative Entity will be responsible for administering. This includes:

- 100 percent of the HHAP-5 Base allocation(s);
- 100 percent of the HHAP-5 Planning allocation(s); and
- 100 percent of the Initial Supplemental Funding allocation(s).

The youth set-aside must total at least 10% of all monies received.

Administrative costs **may not exceed 7%** of all monies received.

Up to 1% of all monies received may be budgeted for costs related to the Homeless Management Information System (HMIS). Related costs include HMIS licenses, training, system operating costs, and costs associated with carrying out related activities. Upon agreement between the grantee and the Homeless Management Information System lead entity, the grantee shall transfer the authorized amount of funds directly to the HMIS lead entity.

To add another funding plan for an additional Administrative Entity, click "Add Funding Plan" near the bottom of the page. You will be prompted to provide a specific number of funding plans (1 per Administrative Entity) based on the participation and contracting selections from Part 1: Regional Identification and Contracting Information.

Funding Plans from Administrative Entity/ies in Vallejo/Solano County CoC Participating in this Application

Administrative Entity 1

Which Administrative Entity is submitting the below budget?

Vallejo/Solano CoC – CAP Solano JPA

Funding Plan - Vallejo/Solano CoC – CAP Solano JPA

Eligible Use Category	HHAP-5 Dollars Budgeted	If applicable, Dollars budgeted for the Youth Set-Aside	Activities These Funds will Support	How are these Activities Aligned with the State's Priorities?
Rapid Rehousing	\$172,559.00	\$172,559.00	Rapid Rehousing subsidies and services for youth.	HHAP-5 funding for rapid rehousing (RRH) will sustain previous investments in

RRH subsidies and services for youth experiencing homelessness to support exits to permanent housing, in alignment with the State's HHAP-5 priorities to both sustain existing investments towards long-term sustainability of housing and supportive services and prioritize permanent housing solutions.

The Key Actions identified by the CAP Solano JPA (CoC) in Section 2.2 that indicate how Solano will leverage HHAP-5 funding for RRH to promote permanent exits from homelessness for youth with RRH subsidies and corresponding person-centered supportive services for youth, hiring and including diverse persons with lived

experience of homelessness (PWLEH) in planning and decision making, and improved housing placement coordination with youth-specific case conferencing, include SPMs: 1a(3); 1a(6); 7.1a(1); 7.1a(4); 1b(3); 1b(7); 7.1b(1); 3(1); 3(7); 3(9); 7.3(1); 7.3(2); 4(2); 4(11); 4(13); 7.4(1); 7.4(2); 7.4(3); 5(7); 5(8); 7.5(2); and 6(5).

Prevention and Shelter Diversion

\$707,491.17

Homelessness prevention and shelter diversion for persons at highest risk of homelessness. Including: rental subsidies, housing problem solving, housing navigation, tenant rights education, housing stability support, mediation and tenant advocacy, flexible housing related funds for rental & utility assistance, risk-mitigation/property damage, emergency needs, & employment-related support.

HHAP-5 funding for prevention & shelter diversion will expand and sustain investments in prevention and diversion to reduce homelessness and support housing stability, in alignment with State HHAP-5 priorities to sustain existing investments towards long-term sustainability of housing and supportive services and

prioritize permanent housing solutions.

The Key Actions identified by the CAP Solano JPA (CoC) in Section 2.2 that indicate how Solano will leverage HHAP-5 funding for prevention and shelter diversion to promote permanent exits from homelessness and prevent cycles of homelessness from beginning with increased homelessness prevention and diversion resources and support, targeted prevention outreach, information and support to at-risk tenants, enhanced engagement with property owners, and hiring and including diverse PWLEH in planning and decision making, include SPMs: 1a(6); 7.1a(1); 7.1a(4); 1b(7); 7.1b(1); 2(1);

2(2); 2(5);
7.2(1); 7.2(2);
3(2); 3(4); 3(9);

and 6(6).

Systems Support

HMIS

\$17,255.82

Expenses associated with the administration of HMIS by the HMIS lead entity.

HHAP-5 funding for HMIS will support the functioning, maintenance, and operation of the local HMIS data system which identifies progress toward, and informs strategies to support, State HHAP-5 priorities to sustain existing investments towards long-term sustainability of housing and the success of permanent housing solutions.

The Key Actions identified by the CAP Solano JPA (CoC) in Section 2.2 that indicate how

Administrative Costs	\$120,791.18	Administrative costs for the provision of HHAP-5 funding for youth RRH, homelessness prevention and diversion, and services coordination.	Solano will leverage HHAP-5 funding for HMIS costs to promote permanent exits from homelessness and prevent cycles of homelessness from beginning through strengthened collaboration and coordination with providers, streamlined documentation via HMIS, and implementation of the Clarity HMIS system, including provider training, include SPMs: 7.1a(4); 3(4); 4(4); 4(8); and 6(3). HHAP-5 funding for administrative costs will support the provision of funding for youth RRH, homelessness prevention and diversion, and services coordination for housing stability, in alignment with State HHAP-5 priorities to sustain existing investments towards long-
----------------------	--------------	---	--

term sustainability of housing and supportive services and prioritize permanent housing solutions.

The Key Actions identified by the CAP Solano JPA (CoC) in Section 2.2 that indicate how Solano will leverage HHAP-5 funding for administrative costs to promote permanent exits from homelessness and prevent cycles of homelessness from beginning through supporting strengthened collaboration and coordination among providers serving populations most at-risk of experiencing homelessness and hiring and including diverse PWLEH in planning and decision making include SPMs: 1a(6); 7.1a(1); 7.1a(4); 1b(7);

7.1b(1); 3(9);
7.3(1); 4(13);
7.4(1); 5(8);
and 7.5(2).

**MEMORANDUM OF UNDERSTANDING
BETWEEN THE COUNTY OF SOLANO
AND
THE COMMUNITY ACTION PARTNERSHIP JOINT POWERS AUTHORITY
FOR THE REGIONALLY COORDINATED HOMELESS ACTION PLAN**

THIS MEMORANDUM OF UNDERSTANDING (MOU) is made and entered into by and between the County of Solano, (hereinafter referred to as "County"), and the Community Action Partnership Solano Joint Powers Authority (hereinafter referred to as the "JPA"), known individually as "Party" and collectively as "Parties" for the purposes of commitment to the regionally coordinated homeless action plan;

RECITALS

WHEREAS, on September 29, 2023, the California Interagency Council on Homelessness (Cal ICH) announced the availability of the Regionally Coordinated Homeless Housing, Assistance and Prevention (HHAP) Program Round 5 (HHAP-5) grant funding. The California legislature appropriated \$1 billion to fund HHAP-5, which makes available \$760 million of the \$1 billion appropriated to eligible cities, counties, and Continuums of Care (CoCs) as the HHAP-5 base allocations and \$9.5 million for planning allocations;

WHEREAS, the Cal ICH Notice of Funding Availability (NOFA) identifies the Vallejo/Solano CoC and the County as eligible applicants for the HHAP-5 grant funding, and requires eligible applicants to apply jointly as part of a "region," further defined in the NOFA as the geographic area served by a county including all cities and the CoC within it;

WHEREAS, the JPA is a collaboration of jurisdictional representatives working to address homelessness in the county and serves as the administrative entity for state funding designated for the Vallejo/Solano CoC;

WHEREAS, a Regionally Coordinated Homeless Action Plan (RCHAP) must be developed in coordination with the County, the JPA, the community and regional partners committed to ending homelessness in the County, and the RCHAP must be submitted under the HHAP-5 application, amongst other documents, including this Memorandum of Understanding (MOU);

WHEREAS, in accordance with the HHAP-5 NOFA, a MOU that reflects the actions of the Parties in the RCHAP must be signed by each participating eligible applicant, which commits each signatory to participate in and comply with the RCHAP;

WHEREAS, it is the intent of the Parties hereto that this MOU be in conformity with all applicable federal, state and local laws, and specifically meet the regulatory requirements of HHAP-5;

NOW, THEREFORE, the County and the JPA as the administrative entity for the CoC mutually agree as follows:

ARTICLE I

Commitments: The County and the JPA on behalf of the CoC acknowledge and hereby commit to participate and comply with the actions, roles, and responsibilities in the region’s HHAP-5 RCHAP, incorporated by reference herein, including all amendments or updates thereto, and summarized below:

- A. Parties commit to the roles and responsibilities of each eligible applicant within the region as they pertain to (See Section 2.1 in the HHAP-5 RCHAP):
 - a. Outreach and site coordination:
 - i. The CoC partners with Solano County Health & Social Services (“(County HSS”), Partnership HealthPlan of California (PHC) and other local healthcare providers to help clients enroll in health insurance. Partners present information at CoC meetings and coordinate with providers to ensure participants are enrolled.
 - ii. The CoC also partners with Solano County Behavioral Health (SCBH) to ensure clients are informed of and connected to behavioral health and substance use services. This includes working with SCBH’s Homeless Outreach Partnership and Engagement (HOPE) Team, which engages with people in homeless encampments and through multi-agency community events, and offers mental health supports, as well as a Street Medicine outreach team with a medical prescriber, clinician and specialist for psychiatric intervention and engagement.
 - iii. During the COVID-19 pandemic, street outreach teams and shelter providers partnered with County public health teams to set protocols based on CDC guidance. The CoC and Solano County are currently working together to develop targeted street outreach protocols and redesign the Coordinated Entry assessment and prioritization process to ensure more efficient and equitable outreach and connections to services and housing for individuals experiencing homelessness in the region.
 - b. Siting and use of available public land:
 - i. Solano County and the CoC coordinate efforts to use and develop available land to address and end homelessness through meeting with elected and non-elected officials, participating in the development of Housing Elements, and attending zoning meetings. Through these efforts, the County and the CoC have been able to make advancements in increasing the affordable housing supply. All jurisdictional housing elements, which were recently submitted to the State by the jurisdictions that are part of the JPA (including the County), address the streamlining of affordable

housing development specifically for extremely low- and very low-income housing and further efforts to remove local barriers to development and accelerate the implementation of state laws that provide for streamlined approval of affordable housing.

- c. The development of interim and permanent housing options:
 - i. The creation and increase of permanent housing is a primary goal for the CoC/JPA and the County. County Behavioral Health (BH) contracted with Caminar (local service provider) to develop a new 12-bed transitional housing program for individuals receiving County BH services who are experiencing or at risk of homelessness. Through new construction, County BH acquired a 32-bed mental health residential program, commencing admissions in March 2023. This program includes 22 beds specifically reserved for individuals with justice involvement and 2 beds for Transitional Aged Youth (TAY).
 - ii. County HSS sponsored two housing developers (Eden and MidPen) in their application for NPLH grants, resulting in the creation of 57 new Permanent Supportive Housing (PSH) units for individuals with serious mental illness exiting homelessness. An additional 10 units were added through County HSS's Whole Person Care grant funds, bringing the total to 67 new units.
 - iii. The county's recent contract with Abode Services, executed in December 2023, entails the development of a 15-bed Forensic Respite program, serving individuals exiting jails.
 - iv. The JPA/CoC is the lead entity for the Coordinated Entry System (CES) which provides referrals for the most recent Permanent Supportive Housing projects that the County created using braided funding. Housing navigators through the CES use landlord (LL) incentive funds to connect people to permanent housing (PH).
 - v. The CoC developed partnerships with property owners/LLs and Public Housing Authorities (PHAs) to connect clients to mainstream vouchers and Emergency Housing Vouchers (EHVs).
 - vi. The CoC also increased retention of or exit to PH from 96% to 98% between 2021 and 2022.

- d. Coordinating, connecting, and delivering services to individuals experiencing homelessness or at risk of experiencing homelessness, within the region:
 - i. The CES is collaborating with the Solano County Employment and Eligibility (E&E) Division to increase collaboration amongst case workers and reduce redundancies in the system. They are also collaborating on making the E&E an access site for families for coordinated entry based on their Bringing Families Home (BFH funding). CES is developing a process with the County on how to best support individuals coming out of Rapid Rehousing (RRH) who need higher levels of care.

- ii. The County recently put American Rescue Plan Act (ARPA) funding towards the primary Emergency Shelter in Solano to create 6 additional beds that will be available for all jurisdictions and eligible for CES referrals.
- iii. The CES refers clients regularly to Behavioral Health services. The County and CES regularly outreach to those experiencing unsheltered homelessness. CES and the County attend each other's case conferencing. The County and CES will continue to collaborate on streamlining referrals, processes and eligibility with the use of HHAP 5 funds and creation of permanent housing.

B. Parties commit to Key Actions each eligible applicant will take to improve the system performance measures. See Section 2.2 in the HHAP-5 RCHAP. Both parties agree to:

- a. Hire and include people with lived experience of homelessness in the planning process, particularly those who represent populations disparately impacted by homelessness.
- b. Utilize the goals created by the Racial Equity Action Lab (REAL) Team to enhance outreach and coordinated entry.
- c. Diversify low-barrier interim and permanent housing for all populations experiencing homelessness.
- d. Increase street outreach capacity and coordinate countywide multi-disciplinary street outreach teams.
- e. Provide wrap-around services addressing barriers to access, such as behavioral health issues, criminal legal system involvement, and disabilities.
- f. Streamline and improve the Coordinated Entry System (CES) to ensure equitable access to housing for those who have the highest needs/risk.
- g. Increase system-wide engagement of property owners/landlords.
- h. Provide low-barrier regional Navigation Centers with housing-focused support services.
- i. Provide employment, education, and job training services.
- j. Increase countywide prevention and diversion support, including housing problem solving, mediation, and tenant advocacy.

B. Parties commit to Key Actions each eligible applicant will take to ensure racial and gender equity in service delivery, housing placements, housing retention, and any other means to affirm equitable access to housing and services for racial and ethnic groups overrepresented among residents experiencing homelessness. See Section 2.3 in the HHAP-5 RCHAP. Both parties agree to:

- a. Provide mandatory racial and gender equity-focused training for all service providers to support cultural humility and culturally responsive services.
- b. Strengthen and educate about hiring practices that prioritize staff diversity, ensuring representation that reflects the racial and gender diversity of the community.

- c. Strengthen community engagement by expanding partnerships, inviting diverse racial and gender perspectives, and actively involving individuals with lived/living experience of homelessness.
 - d. Conduct a Community Needs Assessment to evaluate the conditions leading to loss of housing, such as cost of living, focusing on racial and gender disparities.
 - e. Implement streamlines and improve Coordinated Entry System assessment tool and prioritization process to ensure equitable access to housing and services.
- D. Parties commit to actions each eligible applicant will take to reduce homelessness among individuals exiting institutional settings, including but not limited to jails, prisons, hospitals, and any other institutions such as foster care, behavioral health facilities, etc. as applicable in the region. See Section 2.4 in the HHAP-5 RCHAP. Both parties agree to:
- a. Strengthen and expand the Probation Dept. Resource and Barrier Removal Team, including discharge planning and a Mobile Probation Unit to reach individuals on probation who are experiencing or at-risk of experiencing homelessness.
 - b. Develop a community engagement strategy to raise awareness about the challenges faced by individuals exiting correctional institutions.
 - c. Continue to provide Prop 47-funded pre-release re-entry planning and supportive housing for offenders with mental health diagnoses.
 - d. Coordinate housing placement responsibilities and referrals - including participant Release of Information to support data sharing across systems and rapid assessment protocols and tools for jail and probation staff to identify people at risk of/experiencing homelessness.
 - e. Establish multidisciplinary case conferencing between behavioral health, hospital staff, and other relevant service providers to problem solve and rapidly connect people to services and housing.
 - f. Collaborate with all Public Housing Authorities (PHAs) to expand available vouchers and certificates for families and youth transitioning out of foster care.
- E. Parties commit to roles of each eligible applicant in the utilization of local, state, and federal funding programs to end homelessness. See Section 2.5 in the HHAP-5 RCHAP.
- a. Local Administrators of Funds include: City of Vallejo, Solano County, City of Vacaville, CAP Solano JPA, City of Vacaville Housing Authority, and City of Fairfield. They have utilized the funding to support permanent housing, interim housing, wrap-around services, outreach, strategic planning and HMIS, youth specific services, prevention and diversion. The jurisdictions will continue to collaborate in utilizing funding to ensure maximum impact and prioritizing permanent housing growth.

- F. Parties commit to the roles and responsibilities of each eligible applicant to connect individuals to wrap-around services from all eligible federal, state, and local benefit programs. See Section 2.6 in the HHAP-5 RCHAP. Both Parties agree to:
- a. Provide training, education, and outreach on how to apply for and access benefits, including streamlining the process where applicable to ease the burden on applicants and try to co-locate services and applications where possible.
 - b. Train homeless service providers in the community to educate clients about the benefits they are eligible for.
 - c. Participate in multi-disciplinary case conferencing to ensure eligible populations are receiving the benefits as well as being appropriately prioritized for services.

ARTICLE II

Term: This MOU shall become effective on March 27, 2024, and shall continue until the deadline for full HHAP 5 expenditure of June 30, 2028.

ARTICLE III

Fiscal: There shall be no remuneration between the Parties to this MOU.

ARTICLE IV

Changes to MOU: This MOU may be amended, including amendments that incorporate future HHAP requirements that may be requested by the funder, by mutual consent of the Parties hereto. Said amendments shall become effective only when in writing and fully executed by duly authorized officers of the Parties hereto.

ARTICLE V

Interest of Public Official: No official or employee of County who exercises any functions or responsibilities in review or approval of services to be provided by the JPA under this MOU shall participate in or attempt to influence any decision relating to this MOU which affects personal interest or interest of any corporation, partnership, or association in which he/she is directly or indirectly interested; nor shall any such official or employee of County have any interest, direct or indirect, in this MOU or the proceeds thereof.

ARTICLE VI

Authorized Signatures: The Parties to this MOU represent that the undersigned individuals executing this MOU on their respective behalf are fully authorized to do so by law or other appropriate instrument and to bind upon said Parties to the obligations set forth herein.

ARTICLE VII

Electronic Signatures: Each Party agrees that the electronic signatures, whether digital or encrypted, of the Parties included in this MOU, are intended to authenticate this writing and to have the same force and effect as manual signatures. Electronic Signature means any electronic visual symbol or signature attached to or logically associated with a record and executed and adopted by a Party with the intent to sign such record, including facsimile or email electronic signatures, pursuant to the California Uniform Electronic Transactions Act (Cal. Civ. Code §§ 1633.1 to 1633.17) as amended from time to time.

IN WITNESS WHEREOF, the Parties hereto have executed this MOU on the dates indicated below.
