1. Homelessness Response System Gaps Assessment

When determining local funding priorities, it is critical to understand the current gaps in the local homelessness response system. Each community faces unique challenges in reducing and ending homelessness, so an assessment of current resources and understanding the needs yet to be fulfilled is critical to ensuring the effective and efficient use of new resources. This can be done in various ways and can include conducting a community needs assessment, holding local public forums, talking with service providers and people experiencing homelessness, and utilizing HUD's seven system-level performance measures that help communities gauge their progress in preventing and ending homelessness.

To successfully complete this section of the application, applicants will need to provide the following:

1. A narrative description of the most recent assessment process used to determine local gaps in housing services for persons experiencing homelessness in the applicant's community. Information should include but is not limited to:

   a. How data collection methods were used to determine gaps (ie: HUD's homeless Point-in-Time count, Continuum of Care Housing Inventory Count, Longitudinal Systems Analysis, and Stella tools, HMIS Annual Performance Reports for Emergency Shelter (ES), Transitional Housing (TH), Rapid Rehousing (RRH), and Permanent Supportive Housing (PSH), as well as any recently conducted local needs assessments);

      Homelessness Response System Gaps Question 1a - Begin Answer
      The City of Riverside uses several data collection methods to determine gaps analysis, the first one is Coordinated Entry System that lists homeless individuals living on the streets or in a shelter waiting for a match to housing. We also utilize HMIS annual performance reports for the Emergency Shelter bed utilization. In addition we collaborate with the Riverside County and Continuum of Care in the annual Point in Time Count to understand the subpopulation service gaps. We have a internal contract with Outreach Grid to understand gaps in critical outreach services.
      Homelessness Response System Gaps Question 1a - End Answer

   b. How people with lived experience of homelessness had ongoing meaningful and purposeful opportunities to participate in and inform the most recent gaps assessment and how they have meaningful opportunities to inform all levels of system planning over time;

Homelessness Response System Gaps Question 1b - Begin Answer

The City of Riverside actively collaborates with the Continuum of Care who has designated a lived experience transitional aged youth to represent a youth seat for the Board of Governance which is responsible for producing policies that impact services. On a more local level the City of Riverside has established the Homeless Service Campus on Hulen Place which is a campus of services from Access Center to Emergency Shelter, Bridge Housing and Permanent Supportive Housing. Within the Homeless Service Campus, the City will be integrating a lived experience person to provide input on programs and services.

Homelessness Response System Gaps Question 1b - End Answer

c. How organizations that have historically served communities of color but may not have previously participated formally in the CoC and may not be a part of the homelessness provider community had meaningful and purposeful opportunities to participate in and inform the most recent gaps assessment and how they will be engaged in system planning over time;

Homelessness Response System Gaps Question 1c - Begin Answer

The City of Riverside Office of Homeless Solutions plans to engage in conversations with the local chapter Inland Empire NAACP to integrate racial equity in gap assessments. We will also collaborate with the Center for Social Justice and Civil Liberties Union in conducting a needs assessment on how to better serve communities of color within the homeless realm.

Homelessness Response System Gaps Question 1c - End Answer

d. How gaps were assessed for special populations such as families, youth, victims of domestic violence, seniors, persons who have been convicted of a crime, persons with a disability, persons who are chronically homeless, persons with HIV/AIDS, persons who are LGBTQ, veterans, persons with limited English proficiency, and persons who are undocumented;

Homelessness Response System Gaps Question 1d - Begin Answer

We utilized our 2020 Point in Time Count to determine gaps in subpopulations. The City's homeless point in time count of 587 reported 11% were veterans, 38% were identified as chronically homeless, 30% reported mental health conditions, 27% reported substance abuse, 23% reported PTSD, 24% reported physical disability, 12% reported developmental disability, and 12% reported brain injury. We plan to utilize additional surveys to address the need of undocumented individuals and LGBTQ within the community. We will seek assistance from organizations such as TruEvolution, Catholic

Charities, Riverside Latino Network, and Inland Coalition for Immigration Justice.
Homelessness Response System Gaps Question 1d - End Answer

e. How racial or ethnic disparities in the delivery of homeless services were assessed;

Homelessness Response System Gaps Question 1e - Begin Answer
The City of Riverside has taken a proactive approach to addressing racial disparities by declaring racism as a public health crisis in 2020, through a City Council approved an anti-racism vision, and the creation of the Office of Sustainability committed to addressing diversity, equity and inclusivity. The Office of Homeless Solutions will be integrating these three pillars of racial equity into the daily operations of homeless programs and services.
Homelessness Response System Gaps Question 1e - End Answer

f. How frequently gaps assessments are conducted;

Homelessness Response System Gaps Question 1f - Begin Answer
The City of Riverside commits to conducting gap assessments every quarter that ensures the Housing First approach is being utilized and racial equity is being assessed.
Homelessness Response System Gaps Question 1f - End Answer

g. How findings are used to make informed decisions for funding projects within the community; and

Homelessness Response System Gaps Question 1g - Begin Answer
The gap assessments will provide the necessary data to create programs that are currently not being provided or not meeting the needs of the homeless population.
Homelessness Response System Gaps Question 1g - End Answer

h. How the applicant will conduct ongoing system performance evaluation to ensure the impact of HHAP-2 funds throughout the spending period and determine if adjustments are needed to address gaps in the homelessness response system.

Homelessness Response System Gaps Question 1h - Begin Answer
The City of Riverside will create a survey of the programs funded through HHAP-2 and provide to the homeless population with a rubric of critical needs within the homeless delivery system. The City will also review program's quarterly reports to ensure that HHAP-2 grant funds are resolving the identified gaps by the homeless population.

2. The most recent gaps assessment that was conducted and the date in which it was completed. Reports can be attached, but all applicants must summarize main findings within this section. Reports submitted without a summary will not be accepted. Summaries must include, but are not limited to:

   a. Current number of people experiencing homelessness in the community including demographic information, and the existing programs and funding which address homelessness within the jurisdiction;

      Homelessness Response System Gaps Question 2a - Begin Answer
      According to the 2020 Homeless PIT Count, the City of Riverside has 587 unsheltered homeless individuals, which 49% are White, 20% are Black, 26% unknown race, 1% Asian, and 1% American Indian and 23% Hispanic. Of the unsheltered homeless population, sixty-one (61) are males and 26% are females and 13% were unknown and 71% were under the age of 24, 11% were between the age of 18-24 and 2% were under 18. The City is seeing an increase of seniors experiencing homelessness. Based on the Coordinated Entry System, the City of Riverside has 76 homeless individuals in need of Permanent Supportive Housing, 29 in need of Rapid Re-Housing and 9 in need of affordable housing. In the city of Riverside there are 215 shelter beds to provide interim housing, 16 dedicated permanent supportive housing units and an ongoing rental assistance program that is funded with federal HOME Investment Partnerships Program and Emergency Solutions Grant funds. The case management is funded through Measure Z, a local tax initiative. The City also operates the Riverside Access Center and Homeless Street Outreach Program to connect homeless individuals to families through diversion or to shelter programs. The Riverside Access Center also assists with transportation, connection to employment opportunities, health benefits, and life skills.
      Homelessness Response System Gaps Question 2a - End Answer

   b. Data and qualitative information showing any gaps or disparities in access to services, delivery of services, and housing placement and housing retention outcomes for special populations such as families, victims of domestic violence, seniors, youth and young adults, persons who have been convicted of a crime, persons with a disability, persons who are chronically homeless, persons with HIV/AIDS, persons who are LGBTQ, veterans, persons with limited English proficiency, and persons who are undocumented;

Homelessness Response System Gaps Question 2b - Begin Answer

The City of Riverside will be collecting this information on individuals who have touched the criminal justice system, persons with a disability, persons who are chronically homeless, persons with HIV/AIDS, persons who are LGBTQ, veterans, persons with limited English proficiency, and persons who are undocumented.

Riverside will collaborate with law enforcement, probation, Foothill AIDS, TruEvolution, Office of Aging, and Loma Linda Veterans.

Homelessness Response System Gaps Question 2b - End Answer

c. Data and qualitative information showing any racial or ethnic disparities in access to services, delivery of services and housing placement and housing retention outcomes of homeless services;

Homelessness Response System Gaps Question 2c - Begin Answer

According to the Stella report, there is a racial/ethnic disparity between White, Non-Hispanic and Hispanic versus Black or African American or other minorities. For example, 45% of White, Non-Hispanic/Non-Latino had access to Permanent Supportive Housing (PSH) while only 27% of Black or African American had access to PSH and 31% of White, Non-Hispanic/Non-Latino had exited into PSH while only 23% of Black or African American individuals exited into PSH.

Homelessness Response System Gaps Question 2c - End Answer

d. Any other disparities that were found in the delivery of homelessness services including rates of successful permanent housing placements, and housing retention rates;

Homelessness Response System Gaps Question 2d - Begin Answer

Not at this moment. The City will request subrecipients to provide performance outcomes data that breaks the data down by race and ethnicity as Stella data only provides the data by the continuum of care area.

Homelessness Response System Gaps Question 2d - End Answer

e. Using the Service Gap Analysis Chart below, identify which areas of the local homelessness response system (e.g. shelter, rental subsidies, supportive housing) have gaps in resources based on the needs of people experiencing homelessness in the community.

Homelessness Response System Gaps Question 2e - Begin Answer

The Year Round Emergency Shelter in the city of Riverside served 661 clients in FY 2019/20 of which only 35% of the clients are form

the City. Due to the disproportionate number of individuals seeking shelter beds in the City of Riverside that are not Riverside residents there is a gap in shelter beds and services for Riverside residents. The gap in Homeless Prevention will be addressed using the anticipated $9 million of Emergency Rental Assistance grant funds the City anticipates receiving from the U.S. Department of the Treasury.

One of the areas of the local homeless response system that has gaps in resources is Outreach and shelter and permanent housing services for the homeless population in the Santa Ana River bottom. The Outreach funds identified in HHAP 1 will alleviate this gap in the system. The City also has 229 permanent supportive housing program units in the pipeline for development.

Homelessness Response System Gaps Question 2e - End Answer

Table: SERVICE GAP ANALYSIS

	Total # of Clients Currently Needing This Service	Total # of Clients Currently Receiving This Service	Remaining Need
Interim Housing/Shelter Beds	587	215	372
Rental Assistance	78	49	29
Supportive Housing (Permanent)	92	16	76
Outreach	587	216	371
Prevention/Diversion	985	658	327

2. Regional Resources Planning

When working within the homelessness system, it is critical to assess the current resources available within the community to ensure any new resources are most effectively and efficiently targeted to best serve people experiencing homelessness within the community. Given the high number of people experiencing homelessness in California and the unprecedented amount of federal and state funds available to address homelessness, HCFC expects applicants to coordinate all available funding to safely shelter and permanently house as many people experiencing homelessness in the applicant's community as possible, with a particular focus on rehousing individuals currently living in Project Roomkey (PRK) sites.

HCFC requires all HHAP-2 applicants to complete a **Homelessness Response Local Investment Plan (Appendix A)** that lists all regional resources used to address homelessness. The document includes different interventions within the homelessness system. For each intervention, please tell us:

- The funding source(s) used to assist in the delivery of the intervention. If several funding sources are used, please list them in order of highest amount of funding used for the intervention to the lowest;
- If the funding source is covered by more than one applicant (i.e. County and Continuum of Care) please list separately. Do not combine allocations; and
- When referencing units of measurement, please reference service basis unit of measurement. Example: $500,000 in funding provided RRH to approximately 20 households over XX period of time.

In addition to filling out the **Homelessness Response Local Investment Plan** document, applicants must answer the following narrative question that will support the information provided:

1. What efforts are made to coordinate all available local, state and federal funds that can address homelessness in the applicant's community?

   Regional Resources Planning Question 1 - Begin Answer
   The City of Riverside has been coordinating our local, state and federal funds with our HHAP 1 and HHAP 2 funding to address homelessness in the following way: strategic response for regional collaboration, strategic coordination of year 1 and year 2 for pallet shelter, strategic coordination of rental assistance for clients who have been served through shelters. The City ensures that there are no duplication of efforts and funding with the County and COC.
   Regional Resources Planning Question 1 - End Answer

3. HHAP-2 Funding Plans

When planning how to target new HHAP-2 resources, it is essential to do so in direct response to the gaps assessment and current regional investment planning described in Sections 1 and 2. HHAP-2 funding plans must state the specific gaps that will be addressed with these new funds and provide sufficient detail to ensure that any selected projects will effectively meet identified gaps. HCFC expects applicants to clearly understand and identify the intervention types requiring funding prior to initiating their local project selection processes.

Applicants must identify and describe each intervention type they intend to fund with their HHAP-2 grant and how much of their HHAP-2 funding they intend to focus on that intervention type. Applicants must also describe how investing in the requested interventions will meet the previously identified needs of their community.

Intervention Types are broken into six categories: (1) Outreach; (2) Interim Housing; (3) Rental Assistance; (4) Permanent Supportive and Service-Enriched Housing; (5) Diversion and Homelessness Prevention, and (6) Services.

Applicants should utilize the HHAP-2 **Application Guidance** document for detailed information on how these interventions can be implemented, how they work together, and how HCFC recommends prioritization and utilization of these interventions.

In addition to providing information on how the applicant intends to utilize their HHAP-2 funds on specific interventions, applicants must also outline the amounts they intend to allocate to the eligible uses that will support the interventions throughout the duration of the grant period.

To successfully complete this section of the application, applicants will need to provide the following:

1. Using the **Funding Plan Template** **(Appendix B)** and **Expenditure Plan Template** **(Appendix C),** provide detailed information for each of the intervention types and eligible uses being proposed for HHAP-2 funding. (**NOTE:** Specific project information for the intervention types identified will be requested at a later date once the local selection process has been completed.)

2. Describe how the applicant intends to prioritize funding towards local Project Roomkey permanent housing pathways. If an applicant does not intend to prioritize funding in this way, they must explain what other resources have been identified to meet this need locally to ensure that households staying at Project Roomkey sites move to permanent housing and do not return to unsheltered locations or congregate settings.

HHAP-2 Funding Plans Question 2 - Begin Answer

The City of Riverside fully supports the TruEvolutions transitional housing project that will serve Project Roomkey residents. The County of Riverside is launching three Homekey projects consisting of 161 units to house the Project Roomkey residents. The City's HHAP2 funding will be used to help the homeless living on these streets.

HHAP-2 Funding Plans Question 2 - End Answer

3. Describe the activities budgeted for grant administration. In the applicant's response, describe the overall grant administration staffing plan to accomplish the applicant's goals and activities. Provide information on roles that will be responsible for ensuring the successful execution of HHAP funded projects.

HHAP-2 Funding Plans Question 3 - Begin Answer

The City will be procuring a consultant to assist with create surveys on gap analysis, create reporting documents to analysis race disparities. One staff person will be dedicated to attending HHAP collaboration meetings with the County of Riverside and Continuum of Care partners. One additional staff person will be responsible for processing contracts, invoices and state required reports showing the City has met the HHAP goals and activities.

HHAP-2 Funding Plans Question 3 - End Answer

Descriptions should include but are not limited to:

a. The number of full-time employees (FTE) or percent of time per FTE that will be employed by the applicant dedicated to the execution of HHAP-2.
HHAP-2 Funding Plans Question 3a - Begin Answer
3 FTEs at 50%
HHAP-2 Funding Plans Question 3a - End Answer

b. Existing staff positions that will be leveraged to fulfill this need.
HHAP-2 Funding Plans Question 3b - Begin Answer
Office of Homeless Solutions Officer
Housing Authority Manager
Administrative Assistant
Accounting Clerk
HHAP-2 Funding Plans Question 3b - End Answer

4. In what ways the applicant's jurisdiction is leveraging the adult system to serve youth and in what ways the homelessness response system has been

or will be adapted to youth; and how the applicant will use HHAP-2 funding to ensure youth can access services and that targeted spending meets their needs.

HHAP-2 Funding Plans Question 4 - Begin Answer

Transitional age youth over the age of 18 can access the City's adult system through the Access Center at the Homeless Service Campus and Pallet Shelter. HHAP2 funding for youth will help maximize outreach, housing assistance, supportive services and collaboration with the County and Continuum of Care. The City will also be working in collaboration with the foster care system to help individuals aging out of the foster care system. The City will continue to work closely with Operation Safehouse, a youth shelter operator. The City will be releasing a Request for Proposals for a youth service provider to increase the level of services in the City.

HHAP-2 Funding Plans Question 4 - End Answer

5. Describe how the applicant will incorporate meaningful collaboration with individuals that have lived experience being homeless throughout funding planning, design, implementation, and evaluation.

HHAP-2 Funding Plans Question 5 - Begin Answer

A formerly homeless individual with lived experienced will be joining the Homeless Service Campus Collaborative and will be assisting with the planning, designing, implementing and evaluation of homeless programs and services.

HHAP-2 Funding Plans Question 5 - End Answer

4. HHAP-2 Goals

Creating performance targets that can be clearly measured every year ensures a commitment to locally shared goals. Utilizing the local needs assessment, applicants must identify the areas of impact to be targeted by HHAP funds in Section 3: HHAP-2 Funding Plans, and in this section must present specific and measurable goals for those investment areas. These goals should inform how applicants design HHAP programming and should be stated in the local selection process funding announcements and subcontracts so that local applicants and the selected subrecipients understand program expectations.

HHAP Programmatic Goals

HHAP statute mandates that applicants set goals related to the total number of individuals served and, of those served, the number who will be successfully placed in permanent housing due to HHAP-2 investments.

For interventions funded with HHAP, applicants must show how their jurisdiction plans to use their HHAP investment to meet statutorily-required goals by providing the following in the table below: (1) number of individuals that *currently* need this intervention; (2) number of households expected to be served, annually and over the entire grant period; and (3) number of households expected to be placed into permanent housing, annually and over entire grant period.

Note: identified need below should be the same as the numbers indicated in Section 1.

Table – Statutory Goals by Intervention Type – Permanent Supportive and Service-Enriched Housing

	FY 21/22	FY 22/23	FY 23/24	FY 24/25	FY 25/26	Total #
Total # of individuals that *currently* need this intervention	0					
# of individuals expected to be served by HHAP-2	0	0	0	0	0	0
# of individuals expected to be placed into permanent housing through HHAP-2	0	0	0	0	0	0

Table – Statutory Goals by Intervention Type – Rental Assistance

	FY 21/22	FY 22/23	FY 23/24	FY 24/25	FY 25/26	Total #
Total # of individuals that *currently* need this intervention	29					
# of individuals to be served	0	25	4	0	0	29

	FY 21/22	FY 22/23	FY 23/24	FY 24/25	FY 25/26	Total #
# of individuals to be placed into permanent housing	0	25	4	0	0	29

Table – Statutory Goals by Intervention Type – Interim Housing

	FY 21/22	FY 22/23	FY 23/24	FY 24/25	FY 25/26	Total #
Total # of individuals that *currently* need this intervention	372					
# of individuals to be served	0	161	92	92	92	437
# of individuals to be placed into permanent housing	0	20	20	20	20	80

Table – Statutory Goals by Intervention Type – Diversion and Homelessness Prevention

	FY 21/22	FY 22/23	FY 23/24	FY 24/25	FY 25/26	Total #
Total # of individuals that *currently* need *equity* this intervention	0					
# of individuals to be served	0	0	0	0	0	0
# of individuals to be placed into permanent housing	0	0	0	0	0	0

Table – Statutory Goals by Intervention Type – Outreach

	FY 21/22	FY 22/23	FY 23/24	FY 24/25	FY 25/26	Total #
Total # of individuals that *currently* need this intervention	0					
# of individuals to be served	0	0	0	0	0	0
# of individuals to be placed into permanent housing	0	0	0	0	0	0

Table – Statutory Goals by Intervention Type – Services

	FY 21/22	FY 22/23	FY 23/24	FY 24/25	FY 25/26	Total #
# of individuals to be served	0	20	20	0	0	40
# of individuals to be placed into permanent housing	0	20	20	0	0	40

In addition to setting clear goals on numbers served and numbers moved into permanent housing, applicants must also provide the following:

1.   Any additional systemwide goals the applicant's jurisdiction and/or region has identified and the metrics used to evaluate progress towards those goals.

HHAP-2 Goal Question 1 - Begin Answer
==Systemwide goals will include housing first, racial equity and regional coordination. Subrecipeints will be required to provide performance outcome reports to track progress towards these goals.==
HHAP-2 Goals Question 1 - End Answer

2.   An update on systemwide goals identified in HHAP-1 and explanation of any goal modifications made in response to changing needs.

HHAP-2 Goal Question 1 - Begin Answer
==The City's Santa Ana Riverbottom was to reach out to the homeless living the riverbottom and connect them to shelter and housing. Due to the number of individuals in the riverbottom and the services needed to address their critical needs, the City is proposing to allocate HHAP 2 towards services coordination and rapid rehousing.==
HHAP-2 Goals Question 1 - End Answer

3.   At least one clear, measurable performance goal related to how HHAP-2 funding will address racial disparities identified in the jurisdiction's homelessness response system.

HHAP-2 Goal Question 1 - Begin Answer
==With HHAP2, the City will address the racial disparity among Black/African Americans entering the shelter and exiting into housing through Outreach and Rental Assistance Programs. The City will earmark at least 5% of administrative funds to procure racial equity experts to provide training and life skills classes to at least 10 staff members at all levels homeless response system.==
HHAP-2 Goals Question 1 - End Answer

4.   At least one clear, measurable, youth-specific performance goal related to HHAP-2 investments, including an explanation of how the applicant's jurisdiction accounts for the unique service needs of youth when determining how to set performance targets for youth set-aside funding interventions.

HHAP-2 Goal Question 1 - Begin Answer

The City is providing an equitable opportunity to procure an expert youth provider to execute best practices for youth services rental assistance program coupled with and case management. The City will utilize 8% of the youth set aside funds, approximately $261,030.32 to provide rental assistance funds coupled with ongoing case management and supportive services to at least 10-15 youth and ensure diversity and equity programs are integrated in services.

HHAP-2 Goals Question 1 - End Answer

5. Local Project Selection Process

Applicants may choose (though they are not required) to contract with local nonprofits and service providers to administer the services detailed in their HHAP-2 Funding Plan. When contracting for services, applicants shall select qualified service providers that provide services which match the needs of the local population of people experiencing homelessness and which are HHAP-eligible activities that are in line with the applicant's HHAP-2 Funding Plan.

HCFC encourages applicants to consider how these funds are accessible to smaller and non-traditional organizations that have historically served communities of color but may not have previously participated formally in the CoC or been a part of the homeless provider community.

To successfully complete this section of the application, applicants will need to provide the following:

1. An explanation of how HHAP-2 funds will be distributed and whether a local project selection process will be utilized to select subcontractors.

   Local Project Selection Process Question 1 - Begin Answer
   The City will procuring new subcontracts through an equitable request for proposal process and emphasize racial and gender equity in the process.
   Local Project Selection Process Question 1 - End Answer

   Will subcontractors be utilized? Yes

   a. If the applicant *is not utilizing* a local selection process, please include the following in the explanation:
      i. Description of why this is the best funding plan for the community; and

         Local Project Selection Process Question 1a.i. - Begin Answer
         Local Project Selection Process Question 1a.i. - End Answer

      ii. Description of how applicants will ensure equitable access to services funded.

         Local Project Selection Process Question 1a.i.i. - Begin Answer
         Local Project Selection Process Question 1a.i.i. - End Answer

   b. If the applicant *is utilizing* a local selection process, please include the following in the explanation:
      i. What is the process and timeline for project selection?

Local Project Selection Process Question 1b.i. - Begin Answer
The City will follow state and federal procurement processes. The City will be releasing RFPs within three months of the Standard Agreement Execution date.
Local Project Selection Process Question 1b.i. - End Answer

ii. How will the applicant encourage new partners to participate?

Local Project Selection Process Question 1b.i.i. - Begin Answer
The City will encourage new partners by marketing the new programs and services to the COC, County and different service providers through social service networks.
Local Project Selection Process Question 1b.i.i. - End Answer

iii. How will people with lived experience of homelessness, including youth with lived experience, have meaningful and purposeful opportunities to shape the selection process and funding decisions?

Local Project Selection Process Question 1b.i.i.i. - Begin Answer
The City will incorporate youth and adult homeless individual(s) in the selection process and funding decisions by reviewing and scoring request for proposals.
Local Project Selection Process Question 1b.i.i.i. - End Answer

iv. How will the applicant promote equity and ensure underrepresented communities can be competitive applicants for funding?

Local Project Selection Process Question b.i.v. - Begin Answer
Request for Proposals will include scoring for racial integration and equity weaved into programs and services.
Local Project Selection Process Question b.i.v. - End Answer

2. Describe how systemwide collaboration would occur among homelessness service providers and other social safety net providers. How do these collaborative efforts help minimize or avoid the duplication of service and effort?

Local Project Selection Process Question 2 - Begin Answer
The City will continue to collaborate with the County of Riverside and Continuum of Care that is made up of homeless service providers to ensure there is no duplication of efforts and that we are collaborating to ensure the success of our clients.

In addition to the narrative questions above, check all box(s) that apply to the applicant's community:

Table – Local Project Selection Process Assessment

LOCAL PROJECT SELECTION PROCESS ASSESSMENT (check all that apply)
Local Project Selection Assessment Statement: The process will clearly define for potential subcontractors which types of projects will be prioritized for funding and which needs identified in the needs/gaps assessment are intended to be met by funding such projects. Local Project Selection Assessment Response: <mark>Yes</mark>
Local Project Selection Assessment Statement: The process will prioritize programs that address the disproportionate impacts that homelessness and COVID-19 have on communities of color, particularly Black, Latinx, Asian, Pacific Islander, Native and Indigenous communities. Local Project Selection Assessment Response: <mark>Yes</mark>
Local Project Selection Assessment Statement: The process will remove barriers to competitive participation by applicants representing marginalized communities. Local Project Selection Assessment Response: <mark>Yes</mark>
Local Project Selection Assessment Statement: The process will use objective criteria to evaluate projects for funding. Local Project Selection Assessment Response: <mark>Yes</mark>
Local Project Selection Assessment Statement: The objective criteria used to evaluate projects will include data on past performance related to the proposed activity (for example, an existing rapid rehousing provider applies to provide rapid rehousing services with HHAP funds and provides HMIS data to show a history of positive outcomes) Local Project Selection Assessment Response: <mark>Yes</mark>
Local Project Selection Assessment Statement: The objective criteria used to evaluate projects will allow applicants applying to perform services not previously performed by their organization, to provide other data or outcome results to support their competency to perform the proposed activity. Local Project Selection Assessment Response: <mark>Yes</mark>
Local Project Selection Assessment Statement: The process will have provisions to allow for innovation, while balancing the need for data and performance-based decision-making. Local Project Selection Assessment Response: <mark>Yes</mark>
Local Project Selection Assessment Statement: The process will be posted publicly on a platform that is accessible to the public. Local Project Selection Assessment Response: <mark>Yes</mark>
Local Project Selection Assessment Statement: The process will consider the severity of needs and vulnerabilities of the proposed target population in its objective criteria – and aligns its prioritization of these needs with the needs identified through the community needs assessment process. Local Project Selection Assessment Response: <mark>Yes</mark>
Local Project Selection Assessment Statement: The process will avoid conflict of interest. Local Project Selection Assessment Response: <mark>Yes</mark>
Local Project Selection Assessment Statement: The process will only fund programs that follow a Housing First approach. Local Project Selection Assessment Response: <mark>Yes</mark>
Local Project Selection Assessment Statement: The process will include people with lived experience to have meaningful and purposeful opportunities to inform and shape all levels of planning and implementation.

Local Project Selection Assessment Response: Yes

6. Racial Equity Efforts

HHAP-2 applicants should prioritize the advancement of racial equity at every level of the homelessness response system. Applicants must be actively involved in their homelessness response systems, facilitating partnerships among service organizations, and promoting racial equity practices. Applicants must respond to disproportionality in access to services, service provision, and outcomes. Applicants cannot simply rely on delivering a standardization of services to address equity. Applicants have the responsibility to examine their data to ensure all eligible persons receive equitable services, support, and are served with dignity, respect, and compassion regardless of circumstances, ability, or identity.

HCFC encourages applicants to consider how these funds are accessible to smaller and non-traditional organizations that have historically served communities of color but may not have previously participated formally in the CoC or been a part of the homeless provider community, and how these funds would address the organizational capacity of organizations that are led by Black, Latinx, Asian, Pacific Islander, and Native and Indigenous people that support the goal of reducing and ending homelessness.

To successfully complete this section of the application, applicants will need to provide the following:

1. Using the **Racial Demographic Data Worksheet** (**Appendix D**), please provide the Continuum of Care Outcomes by Race and Ethnicity.

2. Describe how the local homelessness response system or projects the applicant is planning use policy and practices to ensure equal access and non-discrimination when serving prospective and new program participants.

   Racial Equity Efforts Question 2 - Begin Answer
   The City of Riverside will evaluate all policies and processes through the Homeless Service Campus with several stakeholders including our partners such as Path of Life, The Place, the pallet community, and the medical clinic to collectively come together and ensure all voices of all client communities are heard and ensure there is health equity and any racial disparity is addressed.
   Racial Equity Efforts Question 2 - End Answer

3. How does the applicant's grant making process and/or funding decisions include prioritization of programs that are addressing the disproportionate impacts that homelessness and COVID-19 have on communities of color, particularly Black, Latinx, Asian, Pacific Islander and Indigenous communities?

Racial Equity Efforts Question 3 - Begin Answer

One of the programs that the City will seek to integrate into the youth RFP for HHAP2 funds, will include Access to employment services. This is directly correlated o the statistics of young people of color and in marginalized communities who have been impacted by COVID and have lost jobs, are homeless and need a path to self sufficing.

Racial Equity Efforts Question 3 - End Answer

4. How are the voices of Black, Latinx, Asian, Pacific Islander and Indigenous communities being developed as central in creating effective approaches to reducing and ending homelessness?

Racial Equity Efforts Question 4 - Begin Answer

The City of Riverside will ensure that we have dialogues, and circle of lived experience and professionals who identity within different racial groups, to help terming future programs and services within all elements of the homeless system, including outreach, shelter, case management, PSH and retention.

Racial Equity Efforts Question 4 - End Answer

5. Does the applicant have a strategy to expand the reach of funding to underserved and marginalized communities and non-traditional providers who can reach and serve disproportionately impacted communities? If so, please describe.

Racial Equity Efforts Question 5 - Begin Answer

The City of Riverside will conduct a racial equity assessment with the Access Center to review the racial composition of individuals served. We will also work with our partners at the Homeless Service Campus Collaborative to understand the disproportionate amount of individuals who touch each homeless touch point, from shelter, to the pallet community, to mental health beds. A critical strategy the City will implement is utilizing the new position approved by City Council for the Chief Diversity Equity Officer who will work with different City departments to infuse racial equity into programs and services. The Office of Homeless Solutions will have regular meetings, assessments by the Chief Diversity Equity Officer and will apply best practice recommendations.

Racial Equity Efforts Question 5 - End Answer

6. Describe how the priority population(s) learn about and enter local homelessness programs, including marketing and communication strategies used.

Racial Equity Efforts Question 6 - Begin Answer

The City will work with the City's Marketing department to market positions, volunteers, and interns who are from wide variety of backgrounds to support the Office of Homeless Solutions and also to inform consumers of the programs and services. For those who may not have access to a computer such as

marginalized communities of color, the City will also work with the local 211 to market program and services, and a diverse staff to conduct outreach (including a diverse staff which the City currently has) From different genders, different ages, different abilities and black, brown, white and mixed communities.

Racial Equity Efforts Question 6 - End Answer

7. How is the applicant making community project grants accessible to smaller organizations that have historically served communities of color, but may not have previously participated formally in the CoC or as a part of the "homeless provider" community?

Racial Equity Efforts Question 7 - Begin Answer
The City will market these programs and services by working with local nonprofit agencies working with communities of color and stakeholders and advertising grant opportunities on social media and digital billboards in the city. These include the local NAACP, the Center for Social Justice, and Civil liberties union.

Racial Equity Efforts Question 7 - End Answer

8. How does the applicant partner with organizations that are addressing racial equity in the housing and homelessness response system?

Racial Equity Efforts Question 8 - Begin Answer
The City will establishing ongoing relationships with the racial justice agencies mentioned above, and affordable housing developers along with nonprofits who keep racial equity and social justice paramount to the work. Partnering will include integration of minority representation in each project designed to serve homeless population.

Racial Equity Efforts Question 8 - End Answer

9. How will the applicant ensure that racial disparities are addressed with this funding?

Racial Equity Efforts Question 9 - Begin Answer
The City will require any subrecipients to respond to racial inequity through homeless programs and services. In addition, the City will work in collaboration with the CoC and County to be aligned with racial equity goals. Lastly, the City is in the unique position of hiring a Chief Diversity Officer who staff will work with to assist the Office of Homeless Solutions. Surveys and input from the homeless community of color will be critical to the development of the Office of Homeless Solutions racial equity plan. In addition, the City of Riverside is currently hiring a consultant to expand racial equity training within the internal organization, and Office of Homeless Solutions will be prioritized to receive their services.
Most importantly, the Office of Homeless Solutions Director, and Housing Authority Manager will participate in available technical assistance from the

State HCFC to increase the use of practices that assist with ensuring a racial equity lens in utilized for future planning.

Lastly, the following our timelines of Racial Equity initiative by the City of Riverside in which the Office of Homeless Solutions has actively participated in:

March 2020, City Council conceptually approves Office of Sustainability, inclusive of Social responsibility tier advancing diversity, equity and inclusivity initiatives.

June 2020, City Council declares Racism as a Public Health Crisis

July 2020, redirects funds from RPD to OHS for the creation of "NOW" program

October 2020, City Council approves declaration of Anti-Racism Vision

December 2020, approval of Equity Officer & DEI Consultant to drive technical assistance

February 2021, City Council declares Black History Month

March 2021, City Council declares Women's History Month

April 2021, City Council declares Diversity Month brought for by the Human Relations Commission.

2021- participation in the Municipality Equality Index (following 2020 high scores)

Racial Equity Efforts Question 9 - End Answer

In addition to the narrative questions above, check all boxes that apply to the applicant's community:

Table – Racial Equity Assessment

RACIAL EQUITY ASSESSMENT (check all that apply)
Racial Equity Assessment Statement: We have a racial equity policy within the organization I work for. Racial Equity Assessment Response: Implemented
Racial Equity Assessment Statement: We collect racial, ethnic and linguistic data on clients and constituents outside of HMIS. Racial Equity Assessment Response: Implemented
Racial Equity Assessment Statement: We provide language interpreter/translator services for people who speak languages other than English. Racial Equity Assessment Response: Implemented
Racial Equity Assessment Statement: We collect data on service-user or constituent satisfaction with our organization regarding racial equity. Racial Equity Assessment Response: Implemented
Racial Equity Assessment Statement: We have formal partnerships with organizations of color. Racial Equity Assessment Response: Planning to Implement
Racial Equity Assessment Statement: We allocate resources for engagement and outreach in communities of color. Racial Equity Assessment Response: Implemented
Racial Equity Assessment Statement: Racial equity and cultural competency training are offered to employees within the applicant's organization. Racial Equity Assessment Response: Planning to Implement
Racial Equity Assessment Statement: We meet regularly with leaders from communities of color specifically to discuss racial equity within the homelessness system. Racial Equity Assessment Response: Planning to Implement

Racial Equity Assessment Statement: We analyze to assess whether equitable access to new and existing shelter facilities is being provided to people of color, especially Black, Latinx, and Indigenous populations most impacted by homelessness, and examine data to determine if there are other disparities to be addressed, such as by age, ethnicity, disability, gender status, family composition, etc. Racial Equity Assessment Response: <mark>Planning to Implement</mark>

Racial Equity Assessment Statement: We host or participate in trainings dedicated to improving equitable outcomes. Racial Equity Assessment Response: <mark>Planning to Implement</mark>

7. Regional Collaboration and Partnerships

HHAP program funds are intended to support regional coordination and expand local capacity to address homelessness. Demonstration of how jurisdictions have coordinated and will continue to coordinate with other jurisdictions is a critical factor of funding. With HHAP-1 funding, applicants were required to partner with other applicants to make collective funding decisions for their communities. HHAP-2 funding should increase and improve those partnership efforts.

To successfully complete this section of the application, applicants must provide the following:

1. Describe the process by which neighboring HHAP-funded jurisdictions are coordinating together to address homelessness, including funding collaboration and coordination, peer learning, and data sharing.

    Regional Collaboration and Partnerships Question 1 - Begin Answer
    The City of Riverside has initiated planning and coordinated calls with the CoC and the County to discuss the strategic planning of HHAP 1 and HHAP 2 funds within Riverside County. The City has requested monthly check in calls to review programs and services and how there can be continuity of care in programs and non duplication. In addition, the City requested a collaborative letter with the City and County to be this submitted with this application.
    Regional Collaboration and Partnerships Question 1 - End Answer

2. Describe the ways HCFC funding plans are coordinated with regional partners that are also receiving HCFC funding. If there are changes to the funding plans, how are partners informed of these changes?

    Regional Collaboration and Partnerships Question 2 - Begin Answer
    The City, County and CoC held strategic planning meetings to discuss HCFC funding plan that included identifying gaps and needs in programs and services as each subregion has different gaps and needs in programs and services. If there are any changes in the City's funding plans, the City will inform its existing partners and at CoC meetings.
    Regional Collaboration and Partnerships Question 2 - End Answer

3. Using the experience with HHAP-1 planning, describe successes that have come out of regional coordination and partnering efforts. Also, describe any barriers the applicant has experienced in working with regional partners. Explain any strategies identified that have contributed to the address these barriers.

    Regional Collaboration and Partnerships Question 3 - Begin Answer

The HHAP 1 round planning led to the success of the City and County working together to plan a response to the Santa Ana River bottom, which has the largest homeless encampments and the high needs clients. While the City allocated over $200,000.00 to plan a outreach response, the County also allocated $300,000.00 to provide rental assistance to those outreached. Unfortunately, the barriers experienced was lack in overall funding as the plan was not approved by the City Council. Another barriers in working with County and Regional partners includes the overall commitment, time, and response to fund City projects that impact surrounding jurisdictions such as the Santa Ana River bottom.

Regional Collaboration and Partnerships Question 3 - End Answer

4. How will HHAP-2 funding support and scale current partnerships?

Regional Collaboration and Partnerships Question 4 - Begin Answer
The HHAP 2 has provided an opportunity to allocate additional City funding to this multiregional effort in addressing the Santa Ana River bottom. By dedicating additional funds, the City hopes to receive a quicker response from County and CoC to provide support for shelter and housing for the homeless outreach at the Santa Ana River Bottom. The funding will also allow the City to expand youth providers in the City that can focus on housing solutions.

Regional Collaboration and Partnerships Question 4 - End Answer

5. Describe applicant's share of the regional need as well as the share of the regional need from partnering jurisdictions (CoC, County, Large City). Describe the methodology used for determining the share of the regional need.

Regional Collaboration and Partnerships Question 5 - Begin Answer
The City's share of the regional need for the Santa Ana Riverbottom includes housing assistance for the homeless population and supportive mental health services for retention services. The City has set aside outreach and case management services to support the regional need of the CoC and County, given the surrounding jurisdictions of the Santa Ana Riverbottom borders. The methodology for determining the regional need is reviewing staff capacity for outreach, shelter bed utilization and hard to serve homeless population with mental health and drug addiction barriers.
The City of Riverside is a high services area given the County's jail, mental health, substance abuse, family justice center and countywide shelter. As such, the City will work with the County to determine the identified population from the City and other jurisdictions to determine which part of

the regional need our respective funding allocations will be. This will be done in the following ways:

1. A targeted effort Santa Ana River bottom encampment response task force. The County & CoC and City of Riverside have already begun meeting consecutively to discuss and plan on the encampment response to the Santa Ana River bottom (SAR). To determine which part of the regional need our respective funding allocations will be, we are convening to review maps and geographic borders on respective areas through aerial drones and designating identified areas of outreach commitments. To determine which part of the regional need our respective funding allocations will be, we are also collectively creating an inventory of all outreach agencies, provider partners, stakeholders to identify resources benefiting the collective project. To determine which part of the regional need our respective funding allocations will be, we are also designated specific leadership to specific targeted goals concerning the homeless response, per jurisdiction. Lastly, to determine which part of the regional need our respective funding allocations will be, we have collectively curated a timeline for collective response by outreach teams that have been historically split in a Team A and Team B. In addition

2. Most importantly to determine which part of the regional need on how the County, CoC and City will respond to respective areas concerning this project and respective funding, is a collective point in time county, or demographic survey with all outreach teams to review numbers of individuals who have identified their last known location and place of origin, along with subpopulation data that support allocations of shelter and resource such as (youth, adults, chronic homeless population, veterans, HIV HOPWA population and more).

3. Finally, regional work will be modeled by the work that the County and CoC and City participated and successfully produced collective successful outcomes such as the Governors 100 Day Challenge to address Senior homelessness with the ambitious goal of linking 140 seniors to permanent housing. In addition, successful regional work was completed with the Project Room Key by City, CoC and County determining clients residing in their jurisdictions and providing collective support through regular case conferencing.

Regional Collaboration and Partnerships Question 5 - End Answer

6. Describe how HHAP-2 funds will be integrated into the current regional strategic plan to address homelessness. Has the region's strategy for use of HHAP funding changed since HHAP-1?

Regional Collaboration and Partnerships Question 6 - Begin Answer

The City's strategic plan to addressing homelessness is the Housing First Plan that City Council adopted in 2018. HHAP 2 integrates with the strategic plan as the proposed bridge housing, rental assistance and services coordination funds, will help support homeless individuals linkages into housing first and connecting with the the supportive services to thrive.
Regional Collaboration and Partnerships Question 6 - End Answer

7. When spending plans need to be adjusted in response to changing needs in the community, how are collaborative partners involved in those decisions?

Regional Collaboration and Partnerships Question 7 - Begin Answer
The City will ensure that the CoC, County and other homeless service providers will be informed if funding plans are changed in order to mitigate duplication of services and strategize for future funding to meet gaps in services. Decisions will be informed through collaborative monthly phone calls with partners and checks on progress of programs and services.
Regional Collaboration and Partnerships Question 7 - End Answer

8. Has a youth-specific strategy been identified within the applicant's region? If so, please describe. If not, why not?

Regional Collaboration and Partnerships Question 8 - Begin Answer
Currently, the City, CoC and County has not determined a collaborative youth specific strategy- however, during collaborative meetings, the team has discussed convening in the next few months to discuss if youth funds should be collectively RFP'd to meet the overall youth homeless count. Should the City decide to move forward on youth programming sooner than the CoC or the County, the City will ensure to participate in the CoC's youth advisory board to collaborate with youth expertise and lived experience to execute future programs and services.
Regional Collaboration and Partnerships Question 8 - End Answer

9. Describe how youth-specific local partners are involved in making regional planning or spending decisions.

Regional Collaboration and Partnerships Question 9 - Begin Answer
The City Riverside participates in the CoC's Youth Advisory Board in which critical programs and policies are determined considering the homeless youth population. The City will ensure to engage the Youth Advisory Board, and Operation Safehouse youth profit in planning discussions. The City will also make a concerted effort to increase representation from various youth providers throughout the Greater Los Angeles area in order to meet the gaps in services locally.
Regional Collaboration and Partnerships Question 9 - End Answer

8. Housing First Assessment

Housing First-oriented programs are low or no barrier and client-centered, emphasizing client-choice. Housing is not viewed as a reward or incentive for achieving specific goals or participating in a specific program, but as necessary to help a family or individual stabilize and meaningfully access services, which are offered as needed on a voluntary basis. In practice, this means that programs connect participants to permanent housing as quickly as possible with few to no preconditions, behavioral contingencies, or other barriers at enrollment or throughout the program.

Health and Safety Code Section 50220.5(g) mandates that all recipients of state homelessness funding shall comply with Housing First as provided in Chapter 6.5 (commencing with Section 8255) of Division 8 of the Welfare and Institutions Code.

To successfully complete this section of the application, applicants will need to assess their current policies and check all that apply:

Table – Housing First Assessment

Housing First Assessment (check all that apply)
Housing First Assessment Statement: Access to programs is not contingent on sobriety, minimum income requirements, lack of a criminal record, completion of treatment, participation in services, or other unnecessary conditions. Housing First Assessment Response: Yes
Housing First Assessment Statement: Programs or projects do everything possible not to reject an individual or family on the basis of poor credit or financial history, poor or lack of rental history, minor criminal convictions, or behaviors that are interpreted as indicating a lack of "housing readiness." Housing First Assessment Response: Yes
Housing First Assessment Statement: People with disabilities are offered clear opportunities to request reasonable accommodations within applications and screening processes and during tenancy and building and apartment units include special physical features that accommodate disabilities. Housing First Assessment Response: Yes
Housing First Assessment Statement: Programs or projects that cannot serve someone work through the coordinated entry process to ensure that those individuals or families have access to housing and services elsewhere. Housing First Assessment Response: Yes
Housing First Assessment Statement: Housing and service goals and plans are highly client centered and driven. Housing First Assessment Response: Yes
Housing First Assessment Statement: Supportive services emphasize engagement and problem-solving over therapeutic goals. Housing First Assessment Response: Yes
Housing First Assessment Statement: Participation in services or compliance with service plans are not conditions of tenancy but are reviewed with clients and regularly offered as a resource to clients. Housing First Assessment Response: Yes
Housing First Assessment Statement: Services are informed by a harm-reduction philosophy that recognizes that drug and alcohol use and addiction are a part of some clients' lives. Clients are engaged in non-judgmental communication regarding drug and alcohol use and are offered education regarding how to avoid risky behaviors and engage in safer practices.

Housing First Assessment Response: <mark>Yes</mark>

Housing First Assessment Statement: Substance use in and of itself, without other lease violations, is not considered a reason for eviction.

Housing First Assessment Response: <mark>Yes</mark>

Housing First Assessment Statement: Clients are given reasonable flexibility in paying their share of rent on time and offered special payment arrangements for rent arrears and/or assistance with financial management, including representative payee arrangements as needed.

Housing First Assessment Response: <mark>Yes</mark>

Housing First Assessment Statement: Every effort is made to provide a client the opportunity to transfer from one housing situation, program, or project to another if a tenancy is in jeopardy. Whenever possible, eviction back into homelessness is avoided.

Housing First Assessment Response: <mark>Yes</mark>

and shelter staff will work with employment agencies to assist clients with
obtaining employment to help with housing costs. The City has earmarked
Tenant-Based Rental Assistance and Rapid Re-Housing funds to help clients exit
shelters into housing.

(Interim Housing Only Ends)

2. **Describe the scale and scope of anticipated intervention model and outline
the key service components expected to be provided with this funding.**

Funding Plan – Question 2 – Response Begins
The Interim Housing operational funding will support 53 bridge housing units
for homeless individuals. The City follows the Housing First approach by
providing homeless individuals with housing first and then provide supportive
services. The City will work closely with nonprofit homeless service providers to
provide case management and supportive services that will provide the
support needed for participants to graduate into permanent housing.
The City will link bridge housing residents to rental assistance programs
funded through the City's Emergency Solutions Grant and HOME Investment
Partnerships Program. Residents will also be linked to permanent supportive
housing units through the Riverside County Coordinated Entry System.
The case managers will work each client to develop individual service plans
that are based on each individual's needs. Residents will receive be linked to
the following services:
• Physical Health and Health Benefits: UCR Medical Clinic located in the
Homeless Service Campus on Hulen Place
• Mental Health: Riverside University Health Systems – Behavioral Health
Clinics
• Substance Abuse Programs: Riverside University Health Systems –
Behavioral Health
• Employment Opportunities: Goodwill Industries and Riverside County
Workforce Development
• Domestic Violence Counseling: Alternatives to Domestic Violence

- Peer Support: Take My Hand Program operated by Riverside University Health Systems – Behavioral Health
- Other benefits:
  o Assist clients with submitting SSI/SSDI Outreach, Access, and Recover (SOAR) applications that fast track benefit applications for homeless individuals
  o General Relief: Riverside County Department of Public Social Services
  o CalFresh: Riverside County Department of Public Social Services

Funding Plan – Question 2 – Response Ends

3. **Describe how the requested investment amount for this intervention will help your community achieve regional goals and address specific gaps in the homeless response system as identified in the regional gaps assessment.**

Funding Plan – Question 3 – Response Begins

The City will be investing HHAP for outreach services and HHAP 2 for rental assistance to help the homeless living in the Santa Ana Riverbottom, an area that shares boundaries with surrounding cities and the County. The City is meeting a critical homeless need within the City by integrating outreach, housing, mental health services and substance abuse counselors. Through HHAP 1 and HHAP 2 the City will be able to increase the number of interim housing beds for our homeless population.

Funding Plan – Question 3 – Response Ends

4. **Check any specific population(s) expected to be served through this intervention investment.**

Funding Plan – Question 4 – Response Begins

Submitter expects to serve the following specific populations:

Adults with children

Adults without children

Unaccompanied Youth (12-24yr of age per definition in HHAP statute)

Chronically Homeless

Veterans

Domestic Violence Survivors

Individuals with Co-occurring Disorders (Substance Use and Mental Health)

COVID High Risk – individuals at high-risk for contracting COVID

Parenting Youth

Funding Plan – Question 4 – Response Ends

5. **Describe how this intervention investment will address the disproportionate impacts of homelessness on communities of color, particularly Black, Latinx, Asian, Pacific Islander, and Native and Indigenous communities.**

Funding Plan – Question 5 – Response Begins

The investment of HHAP2 funding will address the disproportionate amount of Black or African Americans in accessing shelter and exiting into Permanent Supportive Housing. Through outreach services, the City hopes to engage additional homeless population of color.
Funding Plan – Question 5 – Response Ends

6. **Describe how and how often performance will be measured for this intervention investment.**

Funding Plan – Question 6 – Response Begins
The City will be receiving monthly reports from subrecipients to measure performance of the HHAP2 grant funding and ensure that the programs and services funded are decreasing or eliminating existing gaps in programs and services.
Funding Plan – Question 6 – Response Ends

7. **If this intervention investment is expected to serve youth experiencing homelessness (as defined in HSC § 50216 (k) what youth-specific best practices will be utilized to ensure they can access the services?**

Funding Plan – Question 7 – Response Begins
The youth continue to be undercounted in the annual PIT Count. They can be found to be couch surfing, traded for sex trafficking and also have the highest LGBTQ population. These unique challenges provide an opportunity for the City to invest in programs and services that are catered to targeted outreach and LGBTQ specific population. In addition, youth are a growing population that are experiencing mental illness including bipolar, anxiety and depression, which the City will partner with mental health providers to help. The City will also prioritize youth set-aside to help individuals exiting from the foster care system.
