## 1. Homelessness Response System Gaps Assessment

---

When determining local funding priorities, it is critical to understand the current gaps in the local homelessness response system. Each community faces unique challenges in reducing and ending homelessness, so an assessment of current resources and understanding the needs yet to be fulfilled is critical to ensuring the effective and efficient use of new resources. This can be done in various ways and can include conducting a community needs assessment, holding local public forums, talking with service providers and people experiencing homelessness, and utilizing [HUD's seven system-level performance measures](#) that help communities gauge their progress in preventing and ending homelessness.

To successfully complete this section of the application, applicants will need to provide the following:

1. A narrative description of the most recent assessment process used to determine local gaps in housing services for persons experiencing homelessness in the applicant's community. Information should include but is not limited to:
  - a. How data collection methods were used to determine gaps (ie: HUD's homeless Point-in-Time count, Continuum of Care Housing Inventory Count, Longitudinal Systems Analysis, and Stella tools, HMIS Annual Performance Reports for Emergency Shelter (ES), Transitional Housing (TH), Rapid Rehousing (RRH), and Permanent Supportive Housing (PSH), as well as any recently conducted local needs assessments);

Homelessness Response System Gaps Question 1a - Begin Answer  
Our county uses several different tools to determine the local gaps in housing services that include the Department of Housing and Urban Development (HUD) homeless Point-in-Time count, Longitudinal Systems Analysis (LSA), Stella tools, and HMIS Annual Performance Reports. Additionally, in July 2019, our county completed a Ten-Year Plan to End Homelessness as a threshold requirement of the State Housing and Community Development Department's No Place Like Home (NPLH) Program that reflects a county-wide collaborative process, which included community input and stakeholder engagement to address homelessness.  
Homelessness Response System Gaps Question 1a - End Answer

- b. How people with lived experience of homelessness had ongoing meaningful and purposeful opportunities to participate in and inform the most recent gaps assessment and how they have meaningful opportunities to inform all levels of system planning over time;

#### Homelessness Response System Gaps Question 1b - Begin Answer

Our county has persons that have lived experiences being homeless regularly participate in bi-monthly continuum of care meetings to go over services that are available and to engage them in discussion about funding to address homelessness in our communities. Our continuum is exploring different ways to reach additional persons with lived homeless experience who might live in remote areas where broadband internet services are limited. Our county routinely performs community needs assessments to gather feedback and encourage homeless individuals to provide much needed input.

#### Homelessness Response System Gaps Question 1b - End Answer

- c. How organizations that have historically served communities of color but may not have previously participated formally in the CoC and may not be a part of the homelessness provider community had meaningful and purposeful opportunities to participate in and inform the most recent gaps assessment and how they will be engaged in system planning over time;

#### Homelessness Response System Gaps Question 1c - Begin Answer

Glenn County is located in rural Northern California. With exception to a Native American reservations, our communities are not segregated by race but rather by socioeconomic factors. We have strong liaison relationships with our Native American reservation and continue to strengthen those relationships and connect our Native American population to supportive services that are available. Glenn County also has a large Latinx population. We prioritize hiring staff with culturally diverse backgrounds and individuals who have gained self-sufficiency after experiencing homelessness and/or housing insecurity. By having a well-rounded staff and an increased presence in cultural venues, we hope to gain more participation and engagement from a sometimes under-served population. Our county follows the best practices of Housing First and does not discriminate any individual based on the status of race and/or ethnicity. We apply a "trauma informed" approach when working with our customers to prevent additional trauma. We do this through warm handoffs and referrals to additional services with our partner agencies. Information is always shared in our customers preferred language to make them feel more comfortable and understand the resources and services available. We continue to solicit feedback from our customers to ensure that we are creating sustainable solutions to help them achieve successful outcomes.

#### Homelessness Response System Gaps Question 1c - End Answer

- d. How gaps were assessed for special populations such as families, youth, victims of domestic violence, seniors, persons who have been convicted of a crime, persons with a disability, persons who are chronically homeless, persons with HIV/AIDS, persons who are LGBTQ, veterans, persons with limited English proficiency, and persons who are undocumented;

Homelessness Response System Gaps Question 1d - Begin Answer

Our annual Point in Time count captures special populations and allows us to look at trends and allow our housing partners to shift focus based on the current demand. We recognize that there is often an under-reporting element as some persons will not self-disclose that information in the first line of engagement. When further assessments are performed, we are usually able to gather that important information and ensure that information is reported into our HMIS data system. We also utilize data from our LSA to also identify any special populations to see if increased outreach efforts could connect those individuals.

Homelessness Response System Gaps Question 1d - End Answer

- e. How racial or ethnic disparities in the delivery of homeless services were assessed;

Homelessness Response System Gaps Question 1e - Begin Answer

We have not observed a disparity in the delivery of homeless services by race or ethnicity. Our staff has completed cultural competency training and we strive to appropriately engage with all persons who need homeless assistance.

Homelessness Response System Gaps Question 1e - End Answer

- f. How frequently gaps assessments are conducted;

Homelessness Response System Gaps Question 1f - Begin Answer

Our county performs a gaps assessment annually during the month of February. We review information collected through our local Point in Time Count and Housing Inventory Count to determine our gaps and take inventory of housing supports existing in our counties. We are working towards increasing the options for our most vulnerable populations, and are especially excited about bringing additional permanent supportive housing options to our county.

Homelessness Response System Gaps Question 1f - End Answer

- g. How findings are used to make informed decisions for funding projects within the community; and

Homelessness Response System Gaps Question 1g - Begin Answer  
Our county has used the data collected during the local Point in Time count and the community needs assessments to determine that housing availability and affordability continues to be primary need and concern in our community. Our county experienced the impacts of the 2018 Carr and Camp Fires, as much of our available housing stock has been occupied by persons displaced by those wildfires who have chosen to remain here. We continue to use our local continuum of care stakeholders meetings to discuss needs in our communities and to make group decisions on funding uses in our community. Currently, our county is very interested in increasing permanent housing options.

Homelessness Response System Gaps Question 1g - End Answer

- h. How the applicant will conduct ongoing system performance evaluation to ensure the impact of HHAP-2 funds throughout the spending period and determine if adjustments are needed to address gaps in the homelessness response system.

Homelessness Response System Gaps Question 1h - Begin Answer  
Our county has an immediate need to support predevelopment costs associated with our No Place Like Home permanent housing development, and anticipates using the majority of the HHAP-2 funds within fiscal year 21-22 to support that project. Additionally, we plan to expend the youth-set aside, HMIS support, and administration funds of the HHAP-2 grant within that year. We will reassess by mid-fiscal year to make sure we are still on track with that plan and will communicate any changes to the funding agency.

Homelessness Response System Gaps Question 1h - End Answer

2. The most recent gaps assessment that was conducted and the date in which it was completed. Reports can be attached, but all applicants must summarize main findings within this section. Reports submitted without a summary will not be accepted. Summaries must include, but are not limited to:
  - a. Current number of people experiencing homelessness in the community including demographic information, and the existing programs and funding which address homelessness within the jurisdiction;

Homelessness Response System Gaps Question 2a - Begin Answer  
A housing study was performed in Glenn County in July 2019. The 2019 Point in Time identified 58 individuals and 45 households experiencing homelessness in our county. Of these individuals: 36

identified as male, 22 identified as female, and no one identified as transgender. 46 individuals were adults over the age of 24, three (3) individuals were ages 18-24, and there were eight (8) children under the age of 18. Three (3) individuals identified themselves as Veterans. Six (6) adults identified as having a serious mental illness, six (6) adults identified as having substance abuse disorders, and 10 adults were identified as having a disabling condition. In terms of race, 39 households identified as White, six (6) households identified as Native American/Alaskan Native, and two (2) households identified as Hispanic or Latino. Three (3) individuals identified themselves as Victims of Domestic Violence.

We currently have many programs and funding sources to support homeless individuals such as HHAP-1, HEAP, ESG, CalWorks HSP, HDAP, and CESH, which are identified in our Homelessness Response Local Investment Plan.

Homelessness Response System Gaps Question 2a - End Answer

- b. Data and qualitative information showing any gaps or disparities in access to services, delivery of services, and housing placement and housing retention outcomes for special populations such as families, victims of domestic violence, seniors, youth and young adults, persons who have been convicted of a crime, persons with a disability, persons who are chronically homeless, persons with HIV/AIDS, persons who are LGBTQ, veterans, persons with limited English proficiency, and persons who are undocumented;

Homelessness Response System Gaps Question 2b - Begin Answer

Though evaluations and assessments, the following challenges and barriers to delivery of services were identified. The most frequently cited barriers and challenges included:

1. There are not enough affordable housing options in Glenn County. The vacancy rate was 2.8% and the available units do not meet household needs (# of bedrooms).
2. There are inadequate levels of housing type resources, for example emergency shelter, transitional housing, assisted living environments and permanent supportive housing. Data from the 2019 Point-in-Time Count show that the vast majority of homeless individuals in Glenn County are unsheltered: 43 out of 45 households and 53 of the 58 individuals counted were unsheltered.

Homelessness Response System Gaps Question 2b - End Answer

- c. Data and qualitative information showing any racial or ethnic disparities in access to services, delivery of services and housing placement and housing retention outcomes of homeless services;

Homelessness Response System Gaps Question 2c - Begin Answer  
 The racial demographics of the homeless population in Glenn County is consistent with the demographics of the county itself. No disparity was observed.

Homelessness Response System Gaps Question 2c - End Answer

- d. Any other disparities that were found in the delivery of homelessness services including rates of successful permanent housing placements, and housing retention rates;

Homelessness Response System Gaps Question 2d - Begin Answer  
 Of the 45 households identified as homeless, 16 identified as chronically homeless; and of the 58 individuals, 20 are chronically homeless. A Community Needs Assessment conducted by the Colusa, Glenn, Trinity Community Action Partnership surveyed those who have experienced homeless on the reasons for their homelessness. The most frequently cited reasons were the lack of affordable housing and lack of available rental units.

Homelessness Response System Gaps Question 2d - End Answer

- e. Using the Service Gap Analysis Chart below, identify which areas of the local homelessness response system (e.g. shelter, rental subsidies, supportive housing) have gaps in resources based on the needs of people experiencing homelessness in the community.

Homelessness Response System Gaps Question 2e - Begin Answer  
 Based on our service gap analysis, we have identified gaps in resources in all areas based on average numbers for the last ninety-days.

Homelessness Response System Gaps Question 2e - End Answer

Table: SERVICE GAP ANALYSIS

	Total # of Clients Currently Needing This Service	Total # of Clients Currently Receiving This Service	Remaining Need
Interim Housing/Shelter Beds	32	13	19
Rental Assistance	39	25	14
Supportive Housing (Permanent)	39	25	14
Outreach	39	25	14
Prevention/Diversion	21	5	16

## 2. Regional Resources Planning

---

When working within the homelessness system, it is critical to assess the current resources available within the community to ensure any new resources are most effectively and efficiently targeted to best serve people experiencing homelessness within the community. Given the high number of people experiencing homelessness in California and the unprecedented amount of federal and state funds available to address homelessness, HCFC expects applicants to coordinate all available funding to safely shelter and permanently house as many people experiencing homelessness in the applicant's community as possible, with a particular focus on rehousing individuals currently living in Project Roomkey (PRK) sites.

HCFC requires all HHAP-2 applicants to complete a [Homelessness Response Local Investment Plan \(Appendix A\)](#) that lists all regional resources used to address homelessness. The document includes different interventions within the homelessness system. For each intervention, please tell us:

- The funding source(s) used to assist in the delivery of the intervention. If several funding sources are used, please list them in order of highest amount of funding used for the intervention to the lowest;
- If the funding source is covered by more than one applicant (i.e. County and Continuum of Care) please list separately. Do not combine allocations; and
- When referencing units of measurement, please reference service basis unit of measurement. Example: \$500,000 in funding provided RRH to approximately 20 households over XX period of time.

In addition to filling out the [Homelessness Response Local Investment Plan](#) document, applicants must answer the following narrative question that will support the information provided:

1. What efforts are made to coordinate all available local, state and federal funds that can address homelessness in the applicant's community?

Regional Resources Planning Question 1 - Begin Answer

The Homelessness Response Local Investment Plan was an important and helpful tool to allow our county to look more strategically at all funding in totality. This allowed our CoC to explore the most impactful way to address the current needs of our homelessness and to leverage funding to achieve the maximum success. Our county acts as the Lead Agency for the Dos Rios Continuum of Care and convenes the Dos Rios Executive Board on a monthly to discuss current and future funding opportunities and how funds can be leveraged to be the most impactful to our homelessness in our region. Additionally, our local continuum of care

convenes bi-monthly to go over available services and funding to bolster our crisis response system around homelessness.

Regional Resources Planning Question 1 - End Answer

### 3. HHAP-2 Funding Plans

---

When planning how to target new HHAP-2 resources, it is essential to do so in direct response to the gaps assessment and current regional investment planning described in Sections 1 and 2. HHAP-2 funding plans must state the specific gaps that will be addressed with these new funds and provide sufficient detail to ensure that any selected projects will effectively meet identified gaps. HCFC expects applicants to clearly understand and identify the intervention types requiring funding prior to initiating their local project selection processes.

Applicants must identify and describe each intervention type they intend to fund with their HHAP-2 grant and how much of their HHAP-2 funding they intend to focus on that intervention type. Applicants must also describe how investing in the requested interventions will meet the previously identified needs of their community.

Intervention Types are broken into six categories: (1) Outreach; (2) Interim Housing; (3) Rental Assistance; (4) Permanent Supportive and Service-Enriched Housing; (5) Diversion and Homelessness Prevention, and (6) Services.

Applicants should utilize the HHAP-2 [Application Guidance](#) document for detailed information on how these interventions can be implemented, how they work together, and how HCFC recommends prioritization and utilization of these interventions.

In addition to providing information on how the applicant intends to utilize their HHAP-2 funds on specific interventions, applicants must also outline the amounts they intend to allocate to the eligible uses that will support the interventions throughout the duration of the grant period.

To successfully complete this section of the application, applicants will need to provide the following:

1. Using the [Funding Plan Template \(Appendix B\)](#) and [Expenditure Plan Template \(Appendix C\)](#), provide detailed information for each of the intervention types and eligible uses being proposed for HHAP-2 funding. **(NOTE:** Specific project information for the intervention types identified will be requested at a later date once the local selection process has been completed.)
2. Describe how the applicant intends to prioritize funding towards local Project Roomkey permanent housing pathways. If an applicant does not intend to prioritize funding in this way, they must explain what other resources have been identified to meet this need locally to ensure that households staying at Project Roomkey sites move to permanent housing and do not return to unsheltered locations or congregate settings.

HHAP-2 Funding Plans Question 2 - Begin Answer

Glenn County does not plan to utilize HHAP-2 funding for Project Roomkey permanent housing pathways. Emergency Solutions Grant Coronavirus funding, Project Roomkey Rehousing Strategy Funding and other local funding resources will be utilized to quickly transition persons from non-congregate shelter into permanent housing solutions.

HHAP-2 Funding Plans Question 2 - End Answer

3. Describe the activities budgeted for grant administration. In the applicant's response, describe the overall grant administration staffing plan to accomplish the applicant's goals and activities. Provide information on roles that will be responsible for ensuring the successful execution of HHAP funded projects.

HHAP-2 Funding Plans Question 3 - Begin Answer

Glenn County has a Community Action Manager dedicated to housing development projects, who will oversee the proper and timely use of the funding spent for delivery of permanent housing solutions (supporting the No Place Like Home program). Additionally, the county, through its Community Action Department, has a housing manager and community action specialist (case workers) who are already on staff and dedicated to conducting intakes, providing case management, and entering data into HMIS. Funding will be leveraged from other funding sources as needed to fulfill any administrative gaps in administering this grant.

HHAP-2 Funding Plans Question 3 - End Answer

Descriptions should include but are not limited to:

- a. The number of full-time employees (FTE) or percent of time per FTE that will be employed by the applicant dedicated to the execution of HHAP-2.

HHAP-2 Funding Plans Question 3a - Begin Answer

In order to provide administrative support and oversee the housing development portion of the grant, there will be a .5 FTE Community Action Manager dedicated to HHAP-2. Additionally, in order to provide service deliver of the youth-set aside and HMIS data entry, there will be a .25FTE Community Action Manager and two .25FTE Community Action Specialists. All of these positions are currently filled and working within the Glenn County Community Action Department.

HHAP-2 Funding Plans Question 3a - End Answer

- b. Existing staff positions that will be leveraged to fulfill this need.

#### HHAP-2 Funding Plans Question 3b - Begin Answer

All of the positions identified in 3.a. are existing positions, which will be leveraged using additional existing funding sources. Additionally, the Community Action Department has a fiscal manager who will also be involved as needed to ensure compliance and reporting is conducting in a timely manner.

#### HHAP-2 Funding Plans Question 3b - End Answer

4. In what ways the applicant's jurisdiction is leveraging the adult system to serve youth and in what ways the homelessness response system has been or will be adapted to youth; and how the applicant will use HHAP-2 funding to ensure youth can access services and that targeted spending meets their needs.

#### HHAP-2 Funding Plans Question 4 - Begin Answer

The Glenn County Community Action Department continues to partner with the county Health and Human Services Agency and the Office of Education's McKinney-Vento program. Through constant information sharing and warm-hand off referral systems, the county ensures that all agencies working with youth to know about available resources and connects youth to programs as appropriate.

#### HHAP-2 Funding Plans Question 4 - End Answer

5. Describe how the applicant will incorporate meaningful collaboration with individuals that have lived experience being homeless throughout funding planning, design, implementation, and evaluation.

#### HHAP-2 Funding Plans Question 5 - Begin Answer

Our local continuum has persons that have lived experiences being homeless regularly participate in our bi-monthly meetings to go over services that are available and to engage them in discussion about funding to address homelessness in our communities. Our county is continuing to increase our social media presence, while also exploring different ways to reach additional persons who might live in remote areas where broadband internet services are limited. We continue to solicit feedback from our customers during housing interventions to ensure that we are creating sustainable solutions to help them achieve successful outcomes.

#### HHAP-2 Funding Plans Question 5 - End Answer

## 4. HHAP-2 Goals

---

Creating performance targets that can be clearly measured every year ensures a commitment to locally shared goals. Utilizing the local needs assessment, applicants must identify the areas of impact to be targeted by HHAP funds in Section 3: HHAP-2 Funding Plans, and in this section must present specific and measurable goals for those investment areas. These goals should inform how applicants design HHAP programming and should be stated in the local selection process funding announcements and subcontracts so that local applicants and the selected subrecipients understand program expectations.

### **HHAP Programmatic Goals**

HHAP statute mandates that applicants set goals related to the total number of individuals served and, of those served, the number who will be successfully placed in permanent housing due to HHAP-2 investments.

For interventions funded with HHAP, applicants must show how their jurisdiction plans to use their HHAP investment to meet statutorily-required goals by providing the following in the table below: (1) number of individuals that *currently* need this intervention; (2) number of households expected to be served, annually and over the entire grant period; and (3) number of households expected to be placed into permanent housing, annually and over entire grant period.

Note: identified need below should be the same as the numbers indicated in Section 1.

In addition to setting clear goals on numbers served and numbers moved into permanent housing, applicants must also provide the following:

1. Any additional systemwide goals the applicant's jurisdiction and/or region has identified and the metrics used to evaluate progress towards those goals.

HHAP-2 Goal Question 1 - Begin Answer

The county has not set any additional goals for the use of HHAP 2 funding; funds requested will support the predevelopment costs of a permanent housing development (NPLH) and targeted case management services for youth.

HHAP-2 Goals Question 1 - End Answer

2. An update on systemwide goals identified in HHAP-1 and explanation of any goal modifications made in response to changing needs.

HHAP-2 Goal Question 1 - Begin Answer

At this time, we do not have an update on system-wide goals identified HHAP-1.

HHAP-2 Goals Question 1 - End Answer

3. At least one clear, measurable performance goal related to how HHAP-2 funding will address racial disparities identified in the jurisdiction's homelessness response system.

HHAP-2 Goal Question 1 - Begin Answer

We will continue our efforts to support the Latinx and Native American populations in our county through the youth set-aside program. The county is committed to learning more about racial disparities in our community. We will work on fostering stronger relationships with our Native American population specifically by forming a committee of trusted individuals to meet with community members at the Grindstone Rancheria. We hope that this intentional collaborative will bring to light any gaps that we may have missed in our gaps assessment, as this population traditionally does not seek help from local government but has observable needs.

In addition to this, by January 31, 2022, Glenn County will: 1) work closely with HCFC to clearly define any racial disparities in our data and identify the specific interventions needed to reduce these disparities and 2) establish new measurable, outcomes-focused numeric goals to reduce the identified disparities and will provide those to HCFC by this date.

HHAP-2 Goals Question 1 - End Answer

4. At least one clear, measurable, youth-specific performance goal related to HHAP-2 investments, including an explanation of how the applicant's jurisdiction accounts for the unique service needs of youth when determining how to set performance targets for youth set-aside funding interventions.

HHAP-2 Goal Question 1 - Begin Answer

Youth served under HHAP-2 funding will receive targeted case management services. In our county, youth seem more likely to couch-surf or double up rather than resort to an unsheltered status or to seek out individual assistance through our programs. The county is committed to participating in available TA from the state to that can increase awareness and service that speak to the specific needs of the youth that are experiencing homelessness in the community. We hope that through this TA, we will learn additional methods and strategies for engaging with our youth population.

By January 31, 2022, Glenn County will: 1) work closely with HCFC to establish new measurable, outcomes-focused numeric goals to related to serving youth and will provide those to HCFC by this date.

HHAP-2 Goals Question 1 - End Answer

## 5. Local Project Selection Process

---

Applicants may choose (though they are not required) to contract with local nonprofits and service providers to administer the services detailed in their HHAP-2 Funding Plan. When contracting for services, applicants shall select qualified service providers that provide services which match the needs of the local population of people experiencing homelessness and which are HHAP-eligible activities that are in line with the applicant's HHAP-2 Funding Plan.

HCFC encourages applicants to consider how these funds are accessible to smaller and non-traditional organizations that have historically served communities of color but may not have previously participated formally in the CoC or been a part of the homeless provider community.

To successfully complete this section of the application, applicants will need to provide the following:

1. An explanation of how HHAP-2 funds will be distributed and whether a local project selection process will be utilized to select subcontractors.

Local Project Selection Process Question 1 - Begin Answer

Not applicable. Services will be delivered in house. The NPLH Housing Developer was selected through a clear and transparent Request for Qualified proposals process.

Local Project Selection Process Question 1 - End Answer

Will subcontractors be utilized? No

- a. If the applicant *is not utilizing* a local selection process, please include the following in the explanation:
  - i. Description of why this is the best funding plan for the community; and

2. Describe how systemwide collaboration would occur among homelessness service providers and other social safety net providers. How do these collaborative efforts help minimize or avoid the duplication of service and effort?

Local Project Selection Process Question 2 - Begin Answer

The Glenn County Community Action Department staff serves as the central hub for housing services and development for the county. Our staff work collaboratively with partner agency service providers, such as the Health and Human Services Agency and Office of Education McKinney-Vento Programs, to ensure equal access to services through referrals and warm-handoffs between the agencies.

## 6. Racial Equity Efforts

---

HHAP-2 applicants should prioritize the advancement of racial equity at every level of the homelessness response system. Applicants must be actively involved in their homelessness response systems, facilitating partnerships among service organizations, and promoting racial equity practices. Applicants must respond to disproportionality in access to services, service provision, and outcomes. Applicants cannot simply rely on delivering a standardization of services to address equity. Applicants have the responsibility to examine their data to ensure all eligible persons receive equitable services, support, and are served with dignity, respect, and compassion regardless of circumstances, ability, or identity.

HCFC encourages applicants to consider how these funds are accessible to smaller and non-traditional organizations that have historically served communities of color but may not have previously participated formally in the CoC or been a part of the homeless provider community, and how these funds would address the organizational capacity of organizations that are led by Black, Latinx, Asian, Pacific Islander, and Native and Indigenous people that support the goal of reducing and ending homelessness.

To successfully complete this section of the application, applicants will need to provide the following:

1. Using the [Racial Demographic Data Worksheet \(Appendix D\)](#), please provide the Continuum of Care Outcomes by Race and Ethnicity.
2. Describe how the local homelessness response system or projects the applicant is planning use policy and practices to ensure equal access and non-discrimination when serving prospective and new program participants.

Racial Equity Efforts Question 2 - Begin Answer

Glenn County uses a Housing First model when providing services to all program participants, and follows strict practices that ensure equal access and non-discrimination to all.

Racial Equity Efforts Question 2 - End Answer

3. How does the applicant's grant making process and/or funding decisions include prioritization of programs that are addressing the disproportionate impacts that homelessness and COVID-19 have on communities of color, particularly Black, Latinx, Asian, Pacific Islander and Indigenous communities?

Racial Equity Efforts Question 3 - Begin Answer

Glenn County continues to experience a housing shortage from the 2018 Carr and Camp Fires. Covid-19 has exacerbated this issue as it has become harder to find housing solutions for homeless individuals. Our local continuum has prioritized finding long term solutions, such as the NPLH housing development, as the best use of funds to address the housing needs in our communities. The NPLH development prioritizes individuals with mental health disorders, and equal access to the housing units will be made available to persons of all backgrounds.

Racial Equity Efforts Question 3 - End Answer

4. How are the voices of Black, Latinx, Asian, Pacific Islander and Indigenous communities being developed as central in creating effective approaches to reducing and ending homelessness?

Racial Equity Efforts Question 4 - Begin Answer

Homelessness happens and affects a multitude of people, no matter their race, cultural practices, religious views, economic status and educational levels. We factor in as many opportunities to hear directly from those populations when discussing solutions that can help towards our housing insecurity and homelessness. Information is shared in multiple formats and languages, and we continue to invite as many persons as possible to participate in the process.

Racial Equity Efforts Question 4 - End Answer

5. Does the applicant have a strategy to expand the reach of funding to underserved and marginalized communities and non-traditional providers who can reach and serve disproportionately impacted communities? If so, please describe.

Racial Equity Efforts Question 5 - Begin Answer

Engagement and trust are two strategies that might expand services to underserved populations. Each unique sub-population have differing lifestyles that a traditional one size fits all approach is not effective. We continue to build and enhance our efforts in that manner, especially through stakeholder meetings with our local continuum of care.

Racial Equity Efforts Question 5 - End Answer

6. Describe how the priority population(s) learn about and enter local homelessness programs, including marketing and communication strategies used.

Racial Equity Efforts Question 6 - Begin Answer

We adjust our practice when there are specific target populations that we would like to address. Social media platforms (such as Facebook) and our county webpage are used and have been helpful in connecting with individuals during the pandemic. We offer a "no wrong door" practice for homelessness and connect individuals to eligible resources as needed.

Additionally, the county is committed to participating in available TA from the state to increase the use of practices that assist with ensuring a racial equity lens is utilized for future planning.

Racial Equity Efforts Question 6 - End Answer

7. How is the applicant making community project grants accessible to smaller organizations that have historically served communities of color, but may not have previously participated formally in the CoC or as a part of the "homeless provider" community?

Racial Equity Efforts Question 7 - Begin Answer

Glenn County has an ongoing invitation to community partners to participate in funding activities and decision making processes through our local continuum of care. We hope to increase our capacity of homelessness service providers but continued to be faced with challenges of organization capacity with smaller organizations.

Racial Equity Efforts Question 7 - End Answer

8. How does the applicant partner with organizations that are addressing racial equity in the housing and homelessness response system?

Racial Equity Efforts Question 8 - Begin Answer

Our current services providers address racial equity in our housing and homelessness response system. We will continue to discuss this topic at our local continuum of care meetings.

Racial Equity Efforts Question 8 - End Answer

9. How will the applicant ensure that racial disparities are addressed with this funding?

Racial Equity Efforts Question 9 - Begin Answer

By using the HMIS database, our housing staff will continue to monitor and track the demographics of individuals served. We will analyze the data for trends and will continue to conduct outreach and intakes in multiple languages.

Racial Equity Efforts Question 9 - End Answer

In addition to the narrative questions above, check all boxes that apply to the applicant's community:

## 7. Regional Collaboration and Partnerships

---

HHAP program funds are intended to support regional coordination and expand local capacity to address homelessness. Demonstration of how jurisdictions have coordinated and will continue to coordinate with other jurisdictions is a critical factor of funding. With HHAP-1 funding, applicants were required to partner with other applicants to make collective funding decisions for their communities. HHAP-2 funding should increase and improve those partnership efforts.

To successfully complete this section of the application, applicants must provide the following:

1. Describe the process by which neighboring HHAP-funded jurisdictions are coordinating together to address homelessness, including funding collaboration and coordination, peer learning, and data sharing.

Regional Collaboration and Partnerships Question 1 - Begin Answer

Glenn County is a part of the three county Dos Rios Continuum of Care, which meets on a monthly basis to discuss partnerships and collaboration with funding strategies. Many of our county partners also participate in the Northern Peer Learning Communities forums to hear lived application of HHAP funded projects and learn from similar sized areas what impacts have been successful.

Regional Collaboration and Partnerships Question 1 - End Answer

2. Describe the ways HCFC funding plans are coordinated with regional partners that are also receiving HCFC funding. If there are changes to the funding plans, how are partners informed of these changes?

Regional Collaboration and Partnerships Question 2 - Begin Answer

At this time, the county does not have any local partners that are receiving HCFC funding that are not connected through our regional three county Dos Rios CoC.

Regional Collaboration and Partnerships Question 2 - End Answer

3. Using the experience with HHAP-1 planning, describe successes that have come out of regional coordination and partnering efforts. Also, describe any barriers the applicant has experienced in working with regional partners. Explain any strategies identified that have contributed to the address these barriers.

Regional Collaboration and Partnerships Question 3 - Begin Answer

Regional coordination of HHAP-1 planning was abruptly interrupted with the onset of the COVID-19 pandemic. In February 2021, Dos Rios CoC will revisit HHAP-1 planning efforts and make necessary budget/ project proposals.

Working between immediately addressing current homeless and planning for future needs has been a challenge; however, Glenn County feels confident that the best use of our county allocation to HHAP R1 and R2 funds is in the delivery of permanent housing solutions.

Regional Collaboration and Partnerships Question 3 - End Answer

4. How will HHAP-2 funding support and scale current partnerships?

Regional Collaboration and Partnerships Question 4 - Begin Answer

Glenn County through its Community Action Department is the lead agency for the Dos Rios Continuum of Care. The local continuums includes Colusa, Glenn, and Trinity County(s). When appropriate, the Lead Agency applies for funding on behalf of the region allowing for more resources to be brought into the community. Through the Continuum of Care, needs are assessed, and resources are allocated equitably. The three counties in the consortium are relatively similar in size and population with varying number of homelessness that can depend on the season.

Regional Collaboration and Partnerships Question 4 - End Answer

5. Describe applicant's share of the regional need as well as the share of the regional need from partnering jurisdictions (CoC, County, Large City). Describe the methodology used for determining the share of the regional need.

Regional Collaboration and Partnerships Question 5 - Begin Answer

The Executive Board of the Dos Rios CoC determined that it would be most equitable to share the CoC's allocation of HHAP-2 funding through an even split of the funds (between the three counties). Colusa, Glenn, and Trinity counties have a very similar regional need with unique challenges within each county such as remoteness, lack of community based organizations that address homelessness, and a lack of housing inventory.

Regional Collaboration and Partnerships Question 5 - End Answer

6. Describe how HHAP-2 funds will be integrated into the current regional strategic plan to address homelessness. Has the region's strategy for use of HHAP funding changed since HHAP-1?

Regional Collaboration and Partnerships Question 6 - Begin Answer

There has not been a change in regional strategy for HHAP funding since Round 1. Our three counties continue to work together to share information and strategies on how to address homelessness.

Regional Collaboration and Partnerships Question 6 - End Answer

7. When spending plans need to be adjusted in response to changing needs in the community, how are collaborative partners involved in those decisions?

Regional Collaboration and Partnerships Question 7 - Begin Answer

Our Dos Rios CoC Executive Board meets monthly to discuss community issues that include regional changes in needs. All the counties bring information back to their local continuums to discuss needs and resources with key stakeholders. The Executive Board members bring any concerns back to the next executive board meeting to discuss with the regional group.

Regional Collaboration and Partnerships Question 7 - End Answer

8. Has a youth-specific strategy been identified within the applicant's region? If so, please describe. If not, why not?

Regional Collaboration and Partnerships Question 8 - Begin Answer

Community youth are factored into our decision making processes, and we take into consideration the needs and barriers that exist for our youth populations. Very few end up literally homeless, so we use targeted youth case management services to guide youth through resources available. We also partner with our local McKinney-Vento service providers to assist with these efforts.

Regional Collaboration and Partnerships Question 8 - End Answer

9. Describe how youth-specific local partners are involved in making regional planning or spending decisions.

Regional Collaboration and Partnerships Question 9 - Begin Answer

Our local and regional CoC membership have local partners that actively participate and advocate for the needs of our youth with planning and spending discussions.

Regional Collaboration and Partnerships Question 9 - End Answer

## 8. Housing First Assessment

Housing First-oriented programs are low or no barrier and client-centered, emphasizing client-choice. Housing is not viewed as a reward or incentive for achieving specific goals or participating in a specific program, but as necessary to help a family or individual stabilize and meaningfully access services, which are offered as needed on a voluntary basis. In practice, this means that programs connect participants to permanent housing as quickly as possible with few to no preconditions, behavioral contingencies, or other barriers at enrollment or throughout the program.

Health and Safety Code Section 50220.5(g) mandates that all recipients of state homelessness funding shall comply with Housing First as provided in Chapter 6.5 (commencing with Section 8255) of Division 8 of the Welfare and Institutions Code.

To successfully complete this section of the application, applicants will need to assess their current policies and check all that apply:

Table – Housing First Assessment

**2. Describe the scale and scope of anticipated intervention model and outline the key service components expected to be provided with this funding.**

Funding Plan – Question 2 – Response Begins

At this time, Glenn County, through its Community Action Department, is partnering with a rural housing developer for the No Place Like Home (NPLH) Program. Together, it is our plan to bring a 30-40 unit housing complex to Glenn County, in which half of the units will serve individuals with severe mental health disorders and the other half will serve low-income individuals/households. The units will be 1-2 bedrooms, which was identified as a gap in our available housing within the county. The HHAP funding will help our county provide a competitive application for Round 4 of the Competitive NPLH process and will help with predevelopment costs for the housing development.

Funding Plan – Question 2 – Response Ends

**3. Describe how the requested investment amount for this intervention will help your community achieve regional goals and address specific gaps in the homeless response system as identified in the regional gaps assessment.**

Funding Plan – Question 3 – Response Begins

As mentioned above, the County has a lack of housing units available, especially 1-2 bedroom units. After meeting with our local continuum of care and stakeholders, we feel that the best use of HHAP funding will be to support the development of permanent housing solutions through the NPLH housing complex development.

Funding Plan – Question 3 – Response Ends

**4. Check any specific population(s) expected to be served through this intervention investment.**

Funding Plan – Question 4 – Response Begins

Submitter expects to serve the following specific populations:

Adults with children

Adults without children

Unaccompanied Youth (12-24yr of age per definition in HHAP statute)

Chronically Homeless

Individuals with Co-occurring Disorders (Substance Use and Mental Health)

Funding Plan – Question 4 – Response Ends

- 5. Describe how this intervention investment will address the disproportionate impacts of homelessness on communities of color, particularly Black, Latinx, Asian, Pacific Islander, and Native and Indigenous communities.**

Funding Plan – Question 5 – Response Begins

Per our 2019 Point in Time count, the majority of our homeless individuals identify as white, with a much smaller percent identifying as Latino or Native American. We continue to support our homeless individuals of color by employing bilingual and culturally competent housing services staff. These staff members continue to provide services and assistance to individuals in their native language. We continue to implement Housing First practices and this housing development will be available to persons of diverse backgrounds who meet the NPLH or low-income requirements.

Funding Plan – Question 5 – Response Ends

- 6. Describe how and how often performance will be measured for this intervention investment.**

Funding Plan – Question 6 – Response Begins

We anticipate using the funding within the second year (fiscal year 21/22) and will do an assessment mid-year to ensure that we are on track to expend the funds. Should we notice any issues/ concerns with being able to serve this population, we will work with the funding agency on a budget modification and will reassess our outreach efforts. We do not anticipate any performance issues with this funding.

Funding Plan – Question 6 – Response Ends

- 7. If this intervention investment is expected to serve youth experiencing homelessness (as defined in HSC § 50216 (k) what youth-specific best practices will be utilized to ensure they can access the services?**

Funding Plan – Question 7 – Response Begins

Currently, our Community Action housing services staff receive referrals to provide assistance for homeless youth from the Glenn County McKinney-Vento Program Coordinator. Additionally, our intake staff are trained on the various funding resources available for homeless youth specific assistance, which includes special funding streams such as the Homeless Emergency Aid Program (HEAP) and Round 1 of the Homeless Housing, Assistance, and Prevention (HHAP) Program. We also partner with the County Health and Human Services Agency (HHSA) to ensure that there is a "no wrong door approach" to connecting individuals with assistance through referrals and "warm hand-offs." This ensures that all youth have access to our services, and we also connect them with additional services (if eligible) such as employment, WIC, mental health resources, etc.
