MEMORANDUM FOR: All Potential Applicants

FROM: Jenny Cho, Deputy Director
Division of Federal Financial Assistance

SUBJECT: **Project Solicitation Notice of Funding Availability
HOME American Rescue Plan Program
Reentry Housing Pilot Project**

The California Department of Housing and Community Development (Department or HCD) and the California Department of Corrections and Rehabilitation (CDCR) have partnered to implement the HOME American Rescue Plan (HOME-ARP) Reentry Housing Pilot Project (RHPP). The RHPP is the first of its kind, state-level investment in permanent affordable housing exclusively for the reentry community. The collaboration between HCD and CDCR has resulted in the release of this Project Solicitation Notice of Funding Availability (NOFA) for approximately \$16 million in federal funds.

This NOFA will make funding available to eligible Applicants with extensive experience developing and operating transitional housing and permanent affordable housing for the reentry population. RHPP funding can be used to acquire, rehabilitate, and/or construct Permanent Housing to assist individuals under CDCR parole supervision exiting a CDCR institution, or program.

Collaboratively, CDCR's Division of Parole Operations and Division of Rehabilitative Programs implemented a successful reentry planning process for individuals involved in the justice system in preparation for their release into the community. The planning process includes the provision of treatment services through CDCR's Specialized Treatment for Optimized Programming and transitional housing through CDCR's Returning Home Well program, as appropriate and available. Permanent Housing is critical to successful reentry; therefore, building upon these efforts, HCD and CDCR will work together to add a final step to reentry services to provide permanent supportive housing linked to comprehensive, evidence-based programs and services that support successful outcomes and long-term stability to transitioning individuals and families.

This NOFA establishes the program requirements for the RHPP. RHPP funds are appropriated under section 3205 of the American Rescue Plan Act of 2021 (P.L. 117-2) ("ARP"). Congress appropriated \$5 billion in HOME-ARP funds to reduce homelessness and increase housing stability. The Department was allocated a total \$155 million in HOME-ARP funding from the U.S. Department of Housing and Urban Development (HUD) and, in accordance with the approved [HOME-ARP Allocation Plan](#), \$16 million of the total allocation is available for the HOME-ARP Reentry Housing Pilot Project.

The Department will accept applications on a competitive basis through the Neighborly Software System beginning on **October 31, 2024**. To be considered for funding, Applicants must set-up a profile in the Neighborly Software System portal and submit a completed electronic application.

All required application documentation must be uploaded through the Neighborly Software System. Each completed application package must be submitted no later than 5:00 pm Pacific Standard Time on **December 31, 2024**.

Applicants are encouraged to set-up their profiles in the Neighborly Software System portal located at <https://portal.neighborlysoftware.com/californiahcd/Participant> as early as possible. Profile set-up instructions can be found on the HOME-ARP webpage at <https://www.hcd.ca.gov/grants-and-funding/programs-active/home-american-rescue-plan-program>

Native American Entity Applicants, whether federally recognized or non-federally recognized, are accordingly encouraged to discuss any such potential modifications or waivers and their options in that regard at or during an optional pre-application technical assistance meeting. Native American Entity Applicants should be aware that AB 1010 and the recent legislative change in AB 1878 (Reg. Sess. 2024) allows for the Native American Entity Applicants to apply for a Request to modify or waive state HOME statutory, and regulatory requirements or guidelines." Native American Entity Applicants should be aware that AB 1010 cannot be used to modify or waive federal HOME statutory and regulatory requirements or state statutory requirements. Neither AB 1010 or AB 1878 apply to federal HOME statutory and regulatory requirements, however, there may be other federal laws or federal doctrines that could provide a basis for a possible modification or waiver of some federal requirements for Native American Entity Applicants. An example is where a Native American Entity has its own Tribally Determined Wage, in which case Davis-Bacon wage requirements are not applicable. Native American Entity Applicants are encouraged to begin the AB 1010 Request process waiver process before their application is submitted in order to allow time for the Department to review and make a legal decision on the request."

The Department will host a NOFA and application webinar to review the HOME-ARP RHPP NOFA and application process. To be notified of the upcoming webinar, visit the HOME-ARP webpage, or sign up for the HCD Federal Programs ListServ at: <https://www.hcd.ca.gov/contact-us/email-signup>

HOME AMERICAN RESCUE PLAN PROGRAM
Reentry Housing Pilot Project NOFA

SECTION 1 - PROGRAM OVERVIEW

100 – Vision, Strategy and Projected Outcomes

I. Vision

The HOME-ARP Reentry Housing Pilot Project (RHPP) is the first of its kind state-level collaboration and investment in Permanent Housing for California’s formerly incarcerated reentry population.

Formerly incarcerated individuals transitioning into communities encounter multiple barriers and are 10 times more likely to experience homelessness due to challenges in securing and maintaining housing. Many publicly funded affordable housing programs require that a person exiting a correctional institution qualify under the definition of “homeless” to be eligible for housing and/or services. This bars a significant portion of the reentry population from accessing critical affordable housing services, even though the population is at a statistically high risk of homelessness. Additionally, many landlords do not accept tenants with a history of incarceration, creating further barriers. The RHPP is uniquely designed to address these barriers by eliminating current occupancy restrictions placed on individuals recently released from incarceration.

Over the last year, the California Department of Housing and Community Development (HCD or “Department”) and the California Department of Corrections and Rehabilitation (CDCR) worked collaboratively to determine how the RHPP could address these challenges. This collaboration between agencies will effectively provide significant resources and support to the reentry population who are transitioning back into the community in need of housing and supportive services assistance. Stable and affordable housing provides opportunities for improved outcomes surrounding health, education, and employment. RHPP will seek to help eliminate barriers to Permanent Housing for the reentry population, lower the rate of reentry individuals experiencing or at risk of homelessness, and increase the reentry population’s success rates of obtaining and maintaining employment, furthering education, and establishing linkages to health and behavioral health resources.

II. Strategy

The interagency collaboration between HCD and CDCR is a groundbreaking effort that focuses on how best to optimize resources through cross-agency education, collaboration, project planning, and implementation. RHPP funds will be used to produce permanent supportive housing designed to meet the reentry population’s specific housing and service needs through onsite or offsite services by providers who specialize in assisting the reentry population.

CDCR's Division of Rehabilitative Programs has implemented various successful rehabilitation programs for incarcerated persons which continue for persons under parole supervision through release into the community. These programs provide services that include education, obtaining job skills, mentoring, mental health, and substance use disorder treatment, anger management, life skills, and counseling during and after incarceration. These services provided by CDCR are critical to successful reentry; however, one missing element is the availability of permanent affordable housing. The RHPP addresses this need through this unique collaboration between state agencies.

III. Projected Outcomes

This HOME-ARP Reentry Housing Pilot Project seeks to accomplish the following outcomes:

1. Eliminate barriers to Permanent Housing for the reentry population, such as housing denials based on criminal history and the lack of sufficient affordable housing opportunities.
2. Lower the rate of reentry individuals experiencing or at risk of homelessness by providing permanent supportive housing to those released to parole supervision; and
3. Increase the reentry population's success rates of obtaining and maintaining employment, furthering education, and establishing linkages to health and behavioral health resources in the community, thereby reducing recidivism.

101 – Notice of Funding Availability (NOFA)

The California Department of Housing and Community Development is pleased to announce the release of this Project Solicitation Notice of Funding Availability for approximately \$16 million in federal funds from the U.S. Department of Housing and Urban Development (HUD) for the HOME-ARP Reentry Housing Pilot Project.

This NOFA will make funding available to eligible Applicants with extensive experience developing and operating transitional housing and permanent affordable housing for the reentry population. RHPP funding can be used to acquire, rehabilitate, and/or construct Permanent Housing to assist individuals exiting a publicly funded institution or program.

Permanent Housing units produced with HOME-ARP funds must remain available for the reentry population for a 30-year period. HCD will encourage the Housing Provider to seek project-based rental assistance to ensure affordability for the target population and financial feasibility of the project during this period. Operating Assistance in the form of a Capitalized Operating Subsidy Reserve (COSR) may be used to cover any deficit between the rental income and the project's operating expenses if project-based assistance is not available.

102 – Authorizing Legislation and Applicable Law

This NOFA is subject to the Federal HOME regulations, State HOME Regulations, HUD Notice CPD-21-10: *Requirements for the Use of Funds in the HOME-ARP Program*, and HUD's *Waivers and Alternative Requirements for Implementation of the HOME-ARP Program*. As such, this NOFA establishes the terms, conditions, forms, procedures, and other mechanisms that the Department deems necessary to exercise its powers and to perform its duties pursuant to the HOME-ARP Program.

This NOFA does not include all applicable requirements and should be read in conjunction with the HOME-ARP RHPP application, documents, and guidance listed below:

- [HUD Notice CPD-21-10: Requirements for the Use of Funds in the HOME-ARP Program](#) (the HOME-ARP Notice)
- [Waivers and Alternative Requirements For Implementation of the HOME-ARP Program](#)
- [Federal HOME Regulations](#)
- [State HOME Regulations](#)
- [2023 HOME-ARP Rental Housing NOFA](#)

The Uniform Multifamily Regulations (UMR) (Cal. Code Regs., tit. 25, § 8300 et seq.), effective November 15, 2017, and as subsequently amended, are incorporated by reference as if set forth in full herein, with the exception of any UMR provision that would be inconsistent with CPD-21-10 and/or HUD's HOME-ARP guidance, as a matter of legal preemption. The UMRs can be found [here](#).

In all cases where California's statute, regulations, and/or NOFA conflict with HUD Notice CPD-21-10, the Waivers and Alternative Requirements for Implementation of the HOME-ARP Program and/or HUD's HOME-ARP guidance, the project must defer to the HOME-ARP Notice, the Waivers and Alternative Requirements for Implementation of the HOME-ARP Program and/or HUD's HOME-ARP guidance.

If state or federal statutes, regulations, or other laws governing HOME-ARP or its funding are modified by Congress, HUD, the state Legislature, or the Department, before the end of the HOME-ARP compliance period, the changes may become effective immediately and apply to funded activities.

The Department reserves the right, at its sole discretion, to suspend, amend, or supplement the provisions of this NOFA from time to time. If such action occurs, the Department will notify interested parties through the Federal Programs Listserv. To receive these emails please sign up [here](#).

All other criteria and matters set forth within this NOFA shall also govern Tribal Entity applications submitted under this NOFA, unless and except to the extent expressly provided to the contrary by terms set forth within this NOFA and subject to any potential modification or waiver under or pursuant to Assembly Bill No. 1010 (Chapter 660, Statutes, 2019), which is set forth in Health and Safety Code (HSC) section 50406, subdivision (p).

103 – AB-1010

This NOFA is subject to AB 1010 (Chapter 660, Statutes of 2019), HSC section 50406, subdivision (p). Accordingly, and pursuant to HSC section 50406, subdivision (p): (1) where the provisions of tribal law, tribal governance, tribal charter, or difference in Tribal Entity or legal structure would cause a violation or not satisfy the requirements of this solicitation, said requirements may be modified as necessary to ensure HOME-ARP program compatibility; and (2) where provisions of tribal law, tribal governance, tribal charter, or difference in Tribal Entity legal structure or agency create minor inconsistencies (as determined by the Director of the

Department or a duly authorized designee thereof) with the requirements set forth in this NOFA, the Department may waive said State requirements, as deemed necessary, to avoid an unnecessary administrative burden. Matters set forth or otherwise provided for in this NOFA that may be modified or waived include, without limitation, threshold scoring requirements and any other matters set forth in HSC section 50406, subdivision (p)(2). Eligible Tribal Entity Applicants are accordingly encouraged to discuss any such potential modifications or waivers and their options in that regard during any pre-application technical assistance communications or meetings.

The Department has removed the Limited Waiver of Sovereign Immunity requirement from most of its housing programs, including the RHPP. For more information about the Department’s policy, [Administrative Notice NO. 24-04: Removal of Waiver of Sovereign Immunity Requirement](#) in most HCD Programs
