II. EXECUTIVE SUMMARY

Task Force Meetings

Twice annually, a task force of representatives comprised of mobilehome owners, mobilehome park (MP) operators, local enforcement agencies (LEAs), and the California Legislature is convened to provide input to the California Department of Housing and Community Development's (HCD's) Mobilehome Park Maintenance (MPM) inspection program. Your valuable input helps HCD identify goals and priorities. HCD appreciates member participation and the valuable feedback received will support improvements to MPM operations.

MPM Inspections

HCD is committed to protecting the health and safety of MP residents and conducts MPM inspections of MPs to ensure compliance with the applicable laws and regulations. MPM inspections include the MP common areas, buildings, equipment, and utility systems, as well as lots and the exteriors of every manufactured home and mobilehome (MH) within the MP.

Pursuant to the Mobilehome Parks Act, Health and Safety Code, section 18200 et seq., HCD is required to enter and inspect mobilehome parks (MPs) with a goal of inspecting at least five (5) percent of MPs per year that fall under HCD's enforcement responsibility, which is currently equivalent to 186 MPs.

Common Violations

MPM violations are separated into two categories: **park violations** and **resident violations**. The following represents the reporting period of January 1, 2024, through December 31, 2024.

The most common ***park violations*** in the reporting period included:

- Gas meters not supported
- Exposed live electrical parts
- Equipment subject to vehicle damage

The most common ***resident violations*** in the reporting period included:

- Accumulation of garbage, rubbish, or other combustible material
- Storage cabinet constructed within 3 feet of lot line
- Extension cord used for permanent wiring, which is not approved

Breakdown of violations identified in the reporting period:

- **11,642 total resident violations**
 - 9,785 corrected and 1,839 uncorrected
- **4,051 total park violations**
 - 3,641 corrected and 410 uncorrected

Active Park Workload

HCD continues to maintain enforcement responsibility for approximately **82 percent of MPs** across the state.
